ARIA SYSTEMS, INC. 401(K)
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Aria Systems, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan was established on January 1, 2008 by Aria Systems, Inc. (the "Company") to provide retirement benefits to eligible employees. The Plan was most recently amended and restated in its entirety effective January 1, 2013. The plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Administration and Expenses

The Company designated an Administrative Committee to manage the operation and administration of the Plan. Voya Retirement Insurance and Annuity Company ("Voya") is custodian of Plan investments maintains the records of participant data and Redwood Pensions, LLC provides administrative services.

Fund operating expenses, record keeping, trust and administrative fees are charged directly to investment accounts and are thereby factored into each account as a reduction of investment return. Administrative fees for participant requested transactions including participant loan administration and benefit payment processing are charged directly to participants. Other costs incurred for administering the Plan are paid by the Company.

C. Eligibility

Substantially all employees of the Company who have attained age 21 are eligible to enter the Plan immediately on date of hire.

D. Contributions

Participants may elect to make pre-tax contributions to the Plan and/or elect to make Roth after-tax contributions. Each participant's pre-tax deferrals and Roth after-tax contributions are subject to applicable Code limits. Participants age 50 or older may elect to make up to $5,500 of additional catch-up contributions for 2014. Participants who make pre-tax contributions to the Plan receive an equivalent reduction in taxable compensation.

Employees who meet the eligibility requirements and do not make an affirmative election to defer compensation to the Plan, including an election not to defer, are auto-enrolled at a pre-tax contribution rate of 3% of eligible compensation.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. The Company may make discretionary contributions as provided in the Plan and approved by the Board of Directors. No employer contributions have been made from Plan inception.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Vesting and Forfeitures

Participants are immediately 100% vested in their accounts attributable to participant contributions and rollovers. Provisions of the Plan provided for full vesting of Company contributions, if any, after 6 years of service. At December 31, 2014 all participant accounts are 100% vested.

F. Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Company contributions if applicable and the participant's share of Plan earnings or losses and expenses. Plan investments are based solely on participant directions. Contributions allocated to the accounts of participants who decline to make an investment election are invested in the T. Rowe Price Retirement Fund appropriate for an individual's age and projected date of retirement.

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, retirement, disability or attainment of age 59½, a participant may choose to maintain his or her account in the Plan or to receive benefits in the form of a lump sum distribution. Benefits are recorded when paid.

H. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. A loan is secured by a participant's account balance, bears a fixed rate of interest established at loan inception that is 1.00% over the prime rate and must be repaid to the Plan within a five-year period unless the loan is used to acquire a principal residence in which case the repayment period may be extended. A participant may have a maximum of 2 loans concurrently outstanding under the Plan. The plan administrator approves the specific terms and conditions of each loan. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants at December 31, 2014 carry an interest rate of 4.25%.

Notes receivable are measured at their unpaid principal balance plus accrued unpaid interest. Delinquent notes are recorded as a distribution based on the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. The Plan's investment in the insurance company general account meets the definition of a fully benefit-responsive investment contract (Note 9). Fair value of the fund approximates contract value at December 31, 2014.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. New Accounting Pronouncement

The Financial Accounting Standards Board (FASB) recently issued ASU 2015-07 *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 provides that Entities measuring investments at net asset value per share (NAV) as a practical expedient are no longer required to categorize such investments within the fair value hierarchy. Certain disclosures continue to be required for each class of investment measured using the practical expedient to enable users to understand the nature and risks of investments measured at NAV.

ASU 2015-07 is effective for public business entities for fiscal years beginning after December 15, 2015 and for all other entities for fiscal years beginning after December 15, 2016. Earlier application is permitted. The amendments are applied retrospectively to all periods presented. The plan administrator is currently evaluating the impact of this guidance.

The Financial Accounting Standards Board (FASB) recently issued ASU 2015-12 *Plan Accounting: Topic 960, Defined Benefit Pension Plans; Topic 962, Defined Contribution Pension Plans; Topic 965, Health and Welfare Benefit Plans.* ASU 2015-12 includes 3 parts. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the requirement to disclose net appreciation (depreciation) in fair value of investments by general type of investment. In addition, Part II provides for employee benefit plan investments to be grouped and presented by general type and eliminates the requirement to disaggregate investments in multiple ways. Part III provides a practical expedient that permits employee benefit plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end when the fiscal period does not coincide with a month end.

ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Earlier application is permitted. Amendments in Parts I and II are applied retrospectively for all periods presented. The amendment in Part III is applied prospectively. Adoption of these amendments will affect certain plan investment disclosures, but will not change the presentation of total net assets available for benefits. The plan administrator is currently evaluating the impact of this guidance.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

D. Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 8).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

E. Risks and Uncertainties

The Plan holds a variety of investments, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in value of investments will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

NOTE 3 - RELATED PARTY TRANSACTIONS

Pooled separate accounts and the general account investment offered under the Plan are managed by the trustee. Transactions in these funds are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule including investments held at December 31, 2014 and 2013, and net appreciation in fair value of investments and interest for the year ended December 31, 2014, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Voya, the trustee of the Plan.

NOTE 5 - 5% INVESTMENTS

The following table presents the fair value of investment funds that represent 5% or more of the Plan's net assets available for benefits at December 31:

	December 31, 2014	(Unaudited) December 31, 2013
Voya:		
T. Rowe Price Retirement 2025 Fund	$ 178,139	$ 101,938
T. Rowe Price Retirement 2030 Fund	281,931	303,054
T. Rowe Price Retirement 2035 Fund	177,404	*
T. Rowe Price Retirement 2040 Fund	154,313	*
T. Rowe Price Retirement 2045 Fund	408,796	257,642
US Stock Index Portfolio	266,027	157,164
Large Cap Growth Portfolio	*	91,493

* Fair value is less than 5% of net assets available for benefits.

NOTE 6 - INCOME TAX STATUS

The Company adopted a volume submitter plan that has received an opinion letter from the Internal Revenue Service stating that the form of the plan qualifies under applicable provisions of the Code for tax-exempt status. The Company believes that the Plan is operated in accordance with and qualifies under the applicable requirements of the Code and related state statutes, and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The plan administrator believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance and the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date.

NOTE 8 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Fair value of the pooled separate accounts are based on closing market prices of the accounts' underlying securities (Level 2). Fair value of the insurance company general account investment is based on an estimate made by Voya (Level 3).

Although the plan administrator believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

The following tables summarize Plan investments at December 31 based on the inputs used to value them:

NOTE 8 - FAIR VALUE MEASUREMENTS (Continued)

NOTE 9 - GUARANTEED INTEREST ACCOUNT

Investments in the Voya Fixed Account, the insurance company general account is maintained in a general account by Voya. Voya is contractually obligated to repay principal and a specified interest rate to the Plan. Because the account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to this account. Contract value represents contributions made to the account, plus earnings, less

participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment in the account at contract value. Restrictions apply to transfers to other fixed income investments in the Plan.

A Plan level event resulting in premature cancellation of the contract is subject to restrictions and may result in liquidation at more or less than contract value. The plan administrator does not believe that any events limiting the Plan's ability to transact at contract value are probable of occurring. The crediting interest rate of the fund is based on a formula.

NOTE 10 - SUBSEQUENT EVENTS

The Administrative Committee appointed Fidelity Management Trust Company to succeed Voya Retirement Insurance and Annuity Company and Redwood Pensions, LLC as custodian recordkeeper, and plan administrator effective October 1, 2015.

Management has evaluated subsequent events through September 21, 2015, the date the financial statements were available to be issued. There are no additional material subsequent events that require recognition or additional disclosures in the 2014 financial statements.
