Becker's Profit Sharing Savings Plan
Dayton, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Becker's Profit Sharing Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Voya Retirement Insurance and Annuity Company (formerly ING Life Insurance and Annuity Company), the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Voya Retirement Insurance and Annuity Company holds the Plan's assets and executes transactions. The Plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Other Matter – Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by other auditors whose report, dated September 26, 2014, did not express an opinion on the 2013 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2013 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content of the 2014 Financial Statements in Compliance With DOL Rules and Regulations

The form and content in the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Becker's Profit Sharing Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Becker's Profit Sharing Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) savings plan covering all eligible employees of The John A. Becker Company (the Sponsor or Employer). Employees who are at least 21 years of age are eligible to participate in the Plan upon completion of 12 consecutive months of employment with at least 1,000 hours of service. Participants may enroll on the next January 1 or July 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Summary Plan Description and may make changes in their deferral percentage at the beginning of each calendar quarter. The Sponsor may also make discretionary matching and profit sharing contributions. Effective August 1, 2011, the Sponsor made discretionary matching contributions equal to 25% of the first 4% of the compensation deferred by each participant. Effective June 1, 2013, the Sponsor made discretionary matching contributions equal to 50% of the first 4% of the compensation deferred by each participant. No profit sharing contributions were made by the Sponsor for the year ended December 31, 2014 or 2013. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions and Employer discretionary matching contributions into various investment options offered by the Plan and may change their options at any time.

The Internal Revenue Code (IRC) establishes a limit on the percent of compensation deferred by participants. The Sponsor determines that the salary deferral percentage, the Employer matching percentage and the total defined contribution percentage comply with several tests prescribed by law. If the tests are not met, the Sponsor reduces the contribution percentage of those individuals that exceed the limits and refunds the excess contributions to the individual.

Participant accounts: Each participant's account is credited with the participant contributions and allocations of Sponsor contributions and Plan earnings. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and the Sponsor's matching and profit sharing contributions plus actual earnings thereon. Therefore, there are no forfeitures should participants terminate employment.

Payment of benefits: Participants become eligible for benefit payment upon death, disability, retirement or termination. Participants may elect to receive a lump-sum cash distribution or partial withdrawals.

Notes receivable from participants: Participants and beneficiaries may obtain a loan through the Plan up to a maximum of 50% of their vested balance, but not to exceed \$50,000. The minimum loan amount is \$1,000. All loans must be repaid within five years, except loans for qualified residential home purchases, which can have up to a 10-year repayment period. Such loans are collateralized by the balance in the participant's account and will bear interest at a rate comparable to market rates at the date of the loan. Interest rates on participant loans were 4.25% and ranged from 4.25% to 5.00% as of December 31, 2014 and 2013, respectively. Principal and interest are paid through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Investments: The Plan's investments are held by the Voya Retirement Insurance and Annuity Company, the Plan's trustee. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Sponsor, except for participant loan fees, which are charged to accounts of the participants benefited.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassifications: Certain amounts in the prior year notes to financial statements have been reclassified to conform to the current year presentation.

Subsequent events: The Plan administrator has evaluated subsequent events through October 9, 2015, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2014 and 2013 and for the year ended December 31, 2014 was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to these Plan assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 4, 5, 6 and supplemental schedule related to the Plan's assets.

Voya Retirement Insurance and Annuity Company also certified to the completeness and accuracy of \$99,571 of net appreciation in fair value of investments, \$620,630 of interest and dividends related to investments and \$7,423 of interest income from notes receivable from participants for the year ended December 31, 2014.

Note 4. Investments

During the year ended December 31, 2014, the Plan's mutual funds (including accounts bought, sold and held during the year) appreciated in value by \$99,571.

The fair values of individual investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013 are as follows:

	2014	2013
Mutual funds:		
American Funds American Balanced R3	\$ 1,704,739	\$ 1,424,008
American Funds Growth Fund of Amer R3	826,480	753,556
American Funds Capital World Gr& Inc R3	992,654	935,056
Voya Intermediate Bond A	**	642,339
Voya Russell Large Cap Index Port S	668,892	**
Investment contract with insurance company:		
Voya Fixed Account	\$ 3,342,147	\$ 3,472,893

**Investment balance does not exceed 5% of the Plan's net assets available for benefits.

Note 5. Investment Contract with Insurance Company

The Plan has a fixed annuity investment contract with Voya Retirement Insurance and Annuity Company (VRIAC), the Voya Fixed Account (formerly ING Life Insurance and Annuity Company, the ING Fixed Account). VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value, which is the appropriate determination of fair value as reported to the Plan by VRIAC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates are reviewed annually for resetting. The average yield on the Voya Fixed Account contract was approximately 3% for the years ended December 31, 2014 and 2013.

Certain events limit the ability of the Plan to transact at contract value with VRIAC. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Becker's Profit Sharing Savings Plan

Notes to Financial Statements

Note 6. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Standards require the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, standards establish a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The fair value hierarchy is as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the published net asset value of the shares held by the Plan at year end.

Investment contract with insurance company: Valued at contract value, which approximates fair value, using a discounted cash flow analysis that compares the crediting rate per the contract to current rates for investments of similar risks.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Becker's Profit Sharing Savings Plan

Notes to Financial Statements

Note 7. Income Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Voya Retirement Insurance and Annuity Company. The prototype plan obtained its latest determination letter on September 1, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator evaluated the Plan's tax positions and concluded that there were no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2011.

Note 8. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2014	2013
Net assets available for benefits per the financial statements	\$ 12,595,797	\$ 11,854,258
Excess contributions payable	-	8,048
Net assets available for benefits per Form 5500	\$ 12,595,797	\$ 11,862,306

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2014:

Net increase per the financial statements	\$ 741,539
Change in excess contributions payable	(8,048)
Net increase per Form 5500	\$ 733,491

Note 11. Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient* (a consensus of the FASB Emerging Issues Task Force). The purpose of this Update is to simplify plan accounting.

The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this Update will have on the Plan's financial statements.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Becker's Profit Sharing Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Voya Retirement Insurance and Annuity Company (formerly ING Life Insurance and Annuity Company), the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that Voya Retirement Insurance and Annuity Company holds the Plan's assets and executes transactions. The Plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Other Matter – Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2013, were audited by other auditors whose report, dated September 26, 2014, did not express an opinion on the 2013 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2013 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content of the 2014 Financial Statements in Compliance With DOL Rules and Regulations

The form and content in the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Becker's Profit Sharing Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Becker's Profit Sharing Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) savings plan covering all eligible employees of The John A. Becker Company (the Sponsor or Employer). Employees who are at least 21 years of age are eligible to participate in the Plan upon completion of 12 consecutive months of employment with at least 1,000 hours of service. Participants may enroll on the next January 1 or July 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Summary Plan Description and may make changes in their deferral percentage at the beginning of each calendar quarter. The Sponsor may also make discretionary matching and profit sharing contributions. Effective August 1, 2011, the Sponsor made discretionary matching contributions equal to 25% of the first 4% of the compensation deferred by each participant. Effective June 1, 2013, the Sponsor made discretionary matching contributions equal to 50% of the first 4% of the compensation deferred by each participant. No profit sharing contributions were made by the Sponsor for the year ended December 31, 2014 or 2013. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions and Employer discretionary matching contributions into various investment options offered by the Plan and may change their options at any time.

The Internal Revenue Code (IRC) establishes a limit on the percent of compensation deferred by participants. The Sponsor determines that the salary deferral percentage, the Employer matching percentage and the total defined contribution percentage comply with several tests prescribed by law. If the tests are not met, the Sponsor reduces the contribution percentage of those individuals that exceed the limits and refunds the excess contributions to the individual.

Participant accounts: Each participant's account is credited with the participant contributions and allocations of Sponsor contributions and Plan earnings. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and the Sponsor's matching and profit sharing contributions plus actual earnings thereon. Therefore, there are no forfeitures should participants terminate employment.

Payment of benefits: Participants become eligible for benefit payment upon death, disability, retirement or termination. Participants may elect to receive a lump-sum cash distribution or partial withdrawals.

Notes receivable from participants: Participants and beneficiaries may obtain a loan through the Plan up to a maximum of 50% of their vested balance, but not to exceed \$50,000. The minimum loan amount is \$1,000. All loans must be repaid within five years, except loans for qualified residential home purchases, which can have up to a 10-year repayment period. Such loans are collateralized by the balance in the participant's account and will bear interest at a rate comparable to market rates at the date of the loan. Interest rates on participant loans were 4.25% and ranged from 4.25% to 5.00% as of December 31, 2014 and 2013, respectively. Principal and interest are paid through payroll deductions.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Investments: The Plan's investments are held by the Voya Retirement Insurance and Annuity Company, the Plan's trustee. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Sponsor, except for participant loan fees, which are charged to accounts of the participants benefited.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Reclassifications: Certain amounts in the prior year notes to financial statements have been reclassified to conform to the current year presentation.

Subsequent events: The Plan administrator has evaluated subsequent events through October 9, 2015, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Plan's Trustee

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2014 and 2013 and for the year ended December 31, 2014 was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to these Plan assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 4, 5, 6 and supplemental schedule related to the Plan's assets.

Voya Retirement Insurance and Annuity Company also certified to the completeness and accuracy of \$99,571 of net appreciation in fair value of investments, \$620,630 of interest and dividends related to investments and \$7,423 of interest income from notes receivable from participants for the year ended December 31, 2014.

Note 4. Investments

During the year ended December 31, 2014, the Plan's mutual funds (including accounts bought, sold and held during the year) appreciated in value by \$99,571.

The fair values of individual investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013 are as follows:

	2014	2013
Mutual funds:		
American Funds American Balanced R3	\$ 1,704,739	\$ 1,424,008
American Funds Growth Fund of Amer R3	826,480	753,556
American Funds Capital World Gr& Inc R3	992,654	935,056
Voya Intermediate Bond A	**	642,339
Voya Russell Large Cap Index Port S	668,892	**
Investment contract with insurance company:		
Voya Fixed Account	\$ 3,342,147	\$ 3,472,893

**Investment balance does not exceed 5% of the Plan's net assets available for benefits.

Note 5. Investment Contract with Insurance Company

The Plan has a fixed annuity investment contract with Voya Retirement Insurance and Annuity Company (VRIAC), the Voya Fixed Account (formerly ING Life Insurance and Annuity Company, the ING Fixed Account). VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value, which is the appropriate determination of fair value as reported to the Plan by VRIAC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates are reviewed annually for resetting. The average yield on the Voya Fixed Account contract was approximately 3% for the years ended December 31, 2014 and 2013.

Certain events limit the ability of the Plan to transact at contract value with VRIAC. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Standards require the use of valuation techniques that are consistent with the market approach, the income approach and/or the cost approach. Inputs to valuation techniques refer to the assumptions that market participants would use in pricing the asset or liability. Inputs may be observable, meaning those that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from independent sources, or unobservable, meaning those that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. In that regard, standards establish a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs.

The fair value hierarchy is as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the published net asset value of the shares held by the Plan at year end.

Investment contract with insurance company: Valued at contract value, which approximates fair value, using a discounted cash flow analysis that compares the crediting rate per the contract to current rates for investments of similar risks.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 7. Income Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Voya Retirement Insurance and Annuity Company. The prototype plan obtained its latest determination letter on September 1, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator evaluated the Plan's tax positions and concluded that there were no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2011.

Note 8. Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2014	2013
Net assets available for benefits per the financial statements	\$ 12,595,797	\$ 11,854,258
Excess contributions payable	-	8,048
Net assets available for benefits per Form 5500	\$ 12,595,797	\$ 11,862,306

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2014:

Net increase per the financial statements	\$ 741,539
Change in excess contributions payable	(8,048)
Net increase per Form 5500	\$ 733,491

Note 11. Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient* (a consensus of the FASB Emerging Issues Task Force). The purpose of this Update is to simplify plan accounting.

The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this Update will have on the Plan's financial statements.
