SEQUOIA EQUITIES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Sequoia Equities 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was established on April 1, 1992 to provide retirement benefits for employees of Sequoia Equities, Inc. ("Sequoia") and Sequoia Property Services, Inc. (hereinafter together referred to as the "Company"). The Plan is a defined contribution plan covering all employees of the Company who meet certain eligibility requirements. All employees, except employees classified by the Company as temporary or casual employees as defined by the Plan who are scheduled to work less than 1,000 hours in a year, become eligible to participate in the Plan on the first day of the quarter after reaching the age of 21 and completing 3 months of service, as defined by the Plan. Temporary or casual employees who complete a year of service, however, become eligible employees and may enter the Plan on the first day of the quarter after completing a year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan's provisions, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law. The Company's 401(k) Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions – Each year, participants may voluntarily contribute up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred basis, up to a maximum amount allowed by the IRC. The maximum allowed deferral amount was $17,500 for the year ended December 31, 2014. Participants who are age 50 or older at the end of the Plan year are also eligible to make additional catch-up contributions ($5,500 in 2014). Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans. Newly eligible participants are automatically enrolled with a contribution of 2% of eligible compensation, unless the employee affirmatively elects otherwise.

The Company may make discretionary matching or other contributions, subject to certain limitations imposed by the IRC, at the option of the Company. No such contributions were made during the year ended December 31, 2014.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions, rollover contributions and the Company's discretionary matching contributions, as well as allocations of (a) the Company's other discretionary contributions, if any, and (b) Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are vested immediately in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and other discretionary contributions plus actual earnings thereon is based on years of continuous service. The vesting schedule is as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balance into various investment options available under the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear a fixed interest rate as determined under the loan policy. Principal and interest are paid ratably through payroll deductions. Any outstanding loans will become due and payable within 30 days after termination of employment. As of December 31, 2014, the interest rate on all outstanding loans was 5.25% and note maturity dates ranged from March 2015 to October 2028.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Participants are eligible to receive distributions from the Plan upon reaching the age of 59 ½ years, termination of service, disability, or death. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Distributions to the participant or beneficiary are made in the form of a lump sum payment of the entire vested account balance. Terminated participants with account balances in excess of $5,000 may delay the receipt of distributions; however, the Company will roll over terminated participants' account balances between $1,000 and $5,000 to an individual retirement account, as designated by the plan administrator unless directed otherwise by the terminated participant. Vested account balances of less than $1,000 are automatically cashed out as a single lump-sum distribution. Mandatory distributions are required to begin no later than April 1st following the later of the end of the year a participant retires, or reaches age 70 ½.

Forfeited Accounts – Non-vested portions of a participant's account are forfeited on separation of employment. Forfeitures may be applied to reduce future employer contributions and plan administrative expenses at the discretion of the Company. At December 31, 2014 and 2013, forfeited non-vested accounts amounted to $2,247 and $105, respectively. During the year ended December 31, 2014, no forfeitures were used to pay for administrative expenses or reduce employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses paid by the Plan are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for investment advisory and recordkeeping services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual periods beginning after December 15, 2016 for nonpublic entities. Early adoption is permitted. The Plan is currently evaluating the impact of adopting this guidance on its financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments. The amendments in all three parts of ASU 2015-12 take effect for fiscal years beginning after December 15, 2015. Earlier application is permitted. The amendments in parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. The Plan is currently evaluating the impact of adopting this guidance on its financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the *Fair Value Measurements and Disclosures* topic of the Financial Accounting Standards Board Accounting Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All of the Plan's investments are mutual funds and have been valued at the daily closing price as reported by the fund at both December 31, 2014 and 2013. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Since the Plan's mutual funds are valued at the closing price reported in the active market in which the individual funds are traded, they are classified as Level 1 investments within the fair value hierarchy.

Fair values of assets measured on a recurring basis at December 31 are as follows:

	2014	2013
Mutual Funds:		
Blend Funds	$ 1,059,823	$ 993,452

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Assets Available for Benefits as of December 31, 2014 and 2013, the information presented in Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment income and interest income earned on the notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2014.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN (Continued)

The following is a summary of the certified information prepared by the trustee, furnished to the plan administrator and included in the Plan's financial statements and supplemental schedule at December 31. Investments representing greater than 5% of net assets are individually identified.

Interest and Dividend Income from Mutual Funds	$ 255,985

NOTE 5 – TAX STATUS

The Plan has adopted a volume submitter plan that has received an opinion letter dated March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress (see Note 11). The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 7 – RELATED PARTY TRANSACTIONS

The Plan's assets are mutual funds managed by American Funds, an affiliate of Capital Bank and Trust Company. Capital Bank and Trust Company is the Plan's trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for certain Plan recordkeeping and administrative expenses are included in net appreciation in the value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 8 – CONTRIBUTIONS REFUNDABLE

During 2013, operational errors related to the timing of automatic enrollment of employees for the Plan year 2013 were discovered. Specifically, new employees were auto-enrolled into the Plan prior to meeting the eligibility requirements as defined in the Plan. In order to correct these errors, the Plan sponsor refunded the affected employees the amounts of their salary deferrals made prior to their eligibility of approximately $3,258 in 2014. The amount was recorded as a liability with a corresponding reduction to contributions in 2013.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2014, there were unintentional delays by the Plan sponsor in remitting certain participant deferrals in the amount of $18,916 to the trustee. The Company computed the lost earnings on these 2014 deposits and made a contribution for lost earnings to the Plan in 2015.

NOTE 11 – DOL EXAMINATION

Pursuant to Title I of the provisions of ERISA, the San Francisco Regional Office of the Employee Benefits Security Administration ("EBSA"), U.S. Department of Labor, conducted an investigation of the Plan, and the activities of the Company and Plan fiduciaries (collectively, the "Plan fiduciaries"). Title I establishes standards governing the operation of employee benefit plans.

On July 20, 2015, EBSA concluded its investigation and issued a conclusion letter to advise the Plan fiduciaries of its findings and acknowledge the corrections made by the Plan fiduciaries. Based on the investigation, EBSA had some findings regarding plan distributions. EBSA acknowledged that the Plan fiduciaries have taken certain corrective actions, including adopting and instituting an updated policy for locating missing participants and direct rollover of terminated participants' account balances between $1,000 and $5,000 to an individual retirement account, and thus concluded that it will take no further action with respect to these matters.

NOTE 12 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 25, 2015, the date the financial statements were available to be issued.
