Schedule SB, Part V – Statement of Plan Provisions

(continued)

Retirement Benefit:

A participant's retirement benefit under the plan is based on the accumulated value of a Cash Balance Account maintained on his or her behalf. This account consists of annual allocations based on pay credits as well as interest credits.

- 1) As of December 31, 2013, and each Credit Date thereafter, each participant who is credited with 1,000 hours of service for the Plan Year containing the Credit Date will have his or her Cash Balance Account credited with a specific dollar amount or percentage of his or her Compensation earned during the Plan Year. The specific amounts for each participant are defined in the Plan's document.
- 2) As of each Credit Date after December 31, 2013, each participant's Cash Balance Account will also be credited with an interest credit. This amount will be determined by multiplying his or her Cash Balance Account as of the immediately preceding Credit Date by a fixed interest rate of 5.00%.
- 3) No amounts will be credited to any participant's Cash Balance Account subsequent to the date that retirement benefit payments commence to the participant from the plan in any form.
- 4) The Cash Balance Account will be payable as a life annuity, determined as of any particular date of determination in the following manner:
 - (a) A participant's Cash Balance Account (determined as of the Credit Date coincident with or immediately preceding the date of determination) will accumulate through his or her Normal Retirement Date (without regard to whether he or she is credited with any hours of service after such Credit Date), with interest credits at the rate determined under paragraph (2) above.
 - (b) The amount determined under 4(a) above will then be converted to the Normal Form of Benefit using the plan's definition of Actuarial Equivalence.

Death Benefit:

If a participant dies prior to the commencement of benefits, his or her beneficiary will receive an amount equal to the Actuarial Equivalent present value of the participant's Accrued Benefit as of the date of death. Upon the death of a participant subsequent to the commencement of benefits, his beneficiary will be entitled to whatever death benefit may be available under the settlement arrangements pursuant to which the participant's benefit was payable.
