Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year)	13

REPORT OF INDEPENDENT AUDITORS

To the Trustees Cascade Drilling LP and its subsidiaries 401(k) Retirement Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cascade Drilling LP and its subsidiaries 401(k) Retirement Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Voya, and Transamerica Financial Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements.

We have been informed by the plan administrator that Transamerica Financial Life Insurance Company held the Plan's investment assets and executed investment transactions from August 20, 2014 through December 31, 2014, and that Voya held the Plan's investment assets and executed investment transactions as of December 31, 2013, and for the period from January 1, 2014 through August 19, 2014. The plan administrator has obtained certifications from the custodians as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, line 4(i) – Schedule of assets (held at end of year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

CASCADE DRILLING LP AND ITS SUBSIDIARIES 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the Cascade Drilling LP and its subsidiaries 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established for employees of Cascade Drilling, LP and its subsidiaries (the Company). Transamerica Financial Life Insurance Company is the custodian of the Plan. Prior to August 20, 2014, The Voya Retirement Insurance and Annuity Company (Voya) was the custodian of the Plan's assets. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator. Certain key employees of the Company serve as Trustees.

Eligibility – All nonunion employees of the Company are eligible to participate in the Plan upon reaching age 21 and completing 250 hours of service during the first 90 days of employment. If 250 hours are not completed within 90 days, the entry date will be January 1 following the calendar year in which 1,000 hours of service are completed.

Contributions

Participant Contributions – Participants may contribute up to 100% of eligible compensation to the Plan each year. Participants may also contribute amounts representing rollovers from other qualified plans. For the year ended December 31, 2013 and the period ended August 19, 2014, eligible employees were automatically enrolled in the Plan with a 1% pre-tax deferral rate after attainment of eligibility provisions unless they formally waived participation or elected a different deferral rate. Effective August 20, 2014, and for the period ended December 31, 2014, eligible employees are automatically enrolled in the Plan with a 3% pre-tax deferral rate after attainment of eligibility provisions unless they formally waive participation or elect a different deferral rate. A participant's automatic deferral rate increases at a rate of 1% per year, on the first day of each plan year, not to exceed 10% of an employee's compensation.

Employer Contributions – The Company may elect to make discretionary matching contributions to the Plan, not to exceed 10% of the participant's annual compensation. The Company may also make discretionary profit sharing contributions. Participants must complete at least 1,000 hours of service during the year and be employed as of the last day of the year to be eligible to receive any discretionary matching or profit sharing contributions. During 2014 the Company made discretionary contributions to eligible participants based on their pro-rata share of total gross compensation.

Contributions are subject to regulatory limitations.

CASCADE DRILLING LP AND ITS SUBSIDIARIES 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (Continued)

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their salary deferrals plus actual earnings thereon. For the year ended December 31, 2013 and the period ended August 19, 2014, vesting in the Company's contributions is based on years of service with 20% vesting per year after two years of service until 100% vested after six years of service. Effective August 20, 2014, and for the period ended December 31, 2014, vesting in the Company's contributions is based on years of service with 20% vested after one year of service, 50% vested after two years of service, and 100% vested after three years of service.

Payment of Benefits – On termination of service due to death, disability, financial hardship or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, or cash installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or defer distribution.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years unless the loan qualifies as a home loan, in which case the term of the loan is not to exceed 15 years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2014, the rates of interest on outstanding loans ranged from 4.25% to 9.00% with various maturities through October 2028.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may be used to reduce future Company contributions or may be used to pay Plan expenses. As of December 31, 2014 and 2013, forfeited non-vested accounts totaled \$583 and \$5,650, respectively. During 2014, forfeitures totaling \$5,787 were used to pay Plan expenses.

Plan Termination – Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to participant accounts become fully vested.

CASCADE DRILLING LP AND ITS SUBSIDIARIES 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates – The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent Accounting Pronouncements

ASU 2015-07 – In April 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).

The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient). ASU 2015-07 has been adopted for the December 31, 2014 plan year end, however, the retrospective approach requires that an investment for which fair value is measured using a NAV practical expedient be removed from the fair value hierarchy in all periods presented in the financial statements. Accordingly, the investment disclosures in Note 3 have been modified as of December 31, 2013, and the fair value hierarchy table for 2013 has been removed.

ASU 2015-12 – In July 2015 FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value. See Note 4.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 has been adopted for the December 31, 2014 plan year end; however, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

CASCADE DRILLING LP AND ITS SUBSIDIARIES 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation – Investments are stated at fair and contract value. The Plan's custodians, Voya and Transamerica Financial Life Insurance Company (the Custodians), certify the fair and contract value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends as applicable are recorded on the ex-dividend date. Net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

CASCADE DRILLING LP AND ITS SUBSIDIARIES 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Significant Accounting Policies (Continued)

The Plan has evaluated subsequent events through October 6, 2015, which is the date the financial statements were available to be issued.

Reclassification – Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- **Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CASCADE DRILLING LP AND ITS SUBSIDIARIES 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note 3 - Fair Value Measurements (Continued)

Pooled Separate Accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the insurance company managing the accounts. The NAV practical expedient is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. The Plan's investments in PSAs may be redeemed daily without restriction.

The following tables disclose by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2014:

	Level 1	Leve	el 2	Leve	el 3	Total
Registered Investment Companies	\$2,895,001	\$		\$		\$2,895,001
Investments measured at NAV (practical expedient)						2,847,799
Investments at fair value						\$5,742,800

Note 4 - Guaranteed Investment and Group Annuity Contracts

Guaranteed Investment Contract – During the year ended December 31, 2013 and for the period ended August 19, 2014, the Plan invested in the Voya Fixed Account investment, which is a benefit-responsive guaranteed investment contract (GIC) with Voya. Voya maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Note 4 - Guaranteed Investment and Group Annuity Contracts (Continued)

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The GIC does not permit Voya to terminate the agreement prior to the scheduled maturity date.

Group Annuity Contract – The Plan invests in an insurance contract valued based on the beginning balance plus deposits and credited interest less withdrawals, charges or expenses. The crediting interest rate is determined every six months by the insurance company and was 0.80% at December 31, 2014. Plan participants may generally withdraw assets from the stable value investment without restriction; however, if the Plan sponsor wishes to remove the Group Annuity Contract (GAC) choice as an option from the Plan, Transamerica Financial Life Insurance Company may impose a hold for up to a 270-day period on the GAC investment choice.

Note 5 - Tax Status

The Plan is based on a prototype non-standardized plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the prototype plan is qualified under applicable sections of the Internal Revenue Code (IRC) and, therefore, is exempt from federal income tax. The Plan has been amended since the date of the opinion letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTES TO FINANCIAL STATEMENTS

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risks associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 - Information Certified by the Custodians

The following information in the financial statements and supplemental schedule was certified to be complete and accurate by the Custodians, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013.
- Investment income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2014.
- Investments, except for participant loans, reflected on the schedule of assets (held at end of year).

Note 8 - Party-In-Interest Transactions

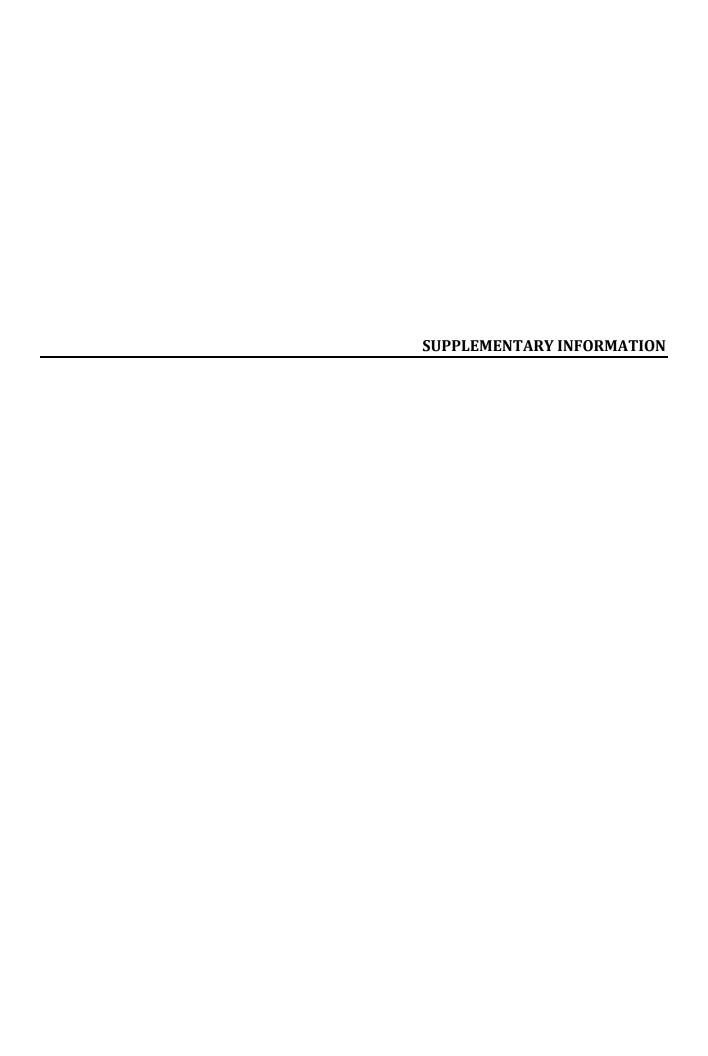

Plan investments include shares of pooled separate accounts, GICs, and a GAC managed by the Custodians. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services to Voya were \$2,795 for the period ended August 19, 2014. Fees paid by the Plan for investment management services to Transamerica Financial Life Insurance Company were \$13,209 for the period from August 20, 2014, through the period ended December 31, 2014.

Note 9 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and the Form 5500 as of December 31, 2013:

Net assets, per the financial statements	\$ 6,209,312
Difference between fair value and contract value of the	
Voya Fixed Account	44,595
Net assets, per the Form 5500	\$ 6,253,907
