Independent Auditor's Report

To the Retirement Plan Committee and Plan Administrator
Rapid Displays Savings and Protection Plan
Chicago, Illinois

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Rapid Displays Savings and Protection Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by BMO Harris Bank N.A., the current trustee of the Plan, and Great-West Trust Company, LLC, a subsidiary of Great-West Life & Annuity Insurance Company, the former trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustees held the Plan's assets and executed transactions. The Plan Administrator has obtained a certification from the current trustee as of and for the period from November 1, 2014, to December 31, 2014, and the former trustee from January 1, 2014, to December 31, 2014, and as of December 31, 2013, that the information provided to the Plan Administrator by the trustees is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matter
The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the current and former trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the Rapid Displays Savings and Protection Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: At December 31, 2014, the Plan was most recently restated October 23, 2014, effective November 1, 2014. The Plan is a contributory, defined contribution plan maintained for the benefit of eligible employees of Rapid Displays, Inc. (the Sponsor). The Sponsor's Retirement Plan Committee is the Plan Administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

FASCore, LLC (FASCore), a subsidiary of Great-West Life & Annuity Insurance Company (Great-West), was the former recordkeeper for the Plan, and Great-West Trust Company, LLC (Great-West Trust) (formerly Orchard Trust Company), a subsidiary of Great-West, was the former trustee for the Plan as of and for the period from January 1, 2014, to October 31, 2014, and the year ended December 31, 2013. BMO Harris Bank N.A. (BMO) is the current recordkeeper and trustee for the Plan as of and for the period from November 1, 2014 to December 31, 2014.

Eligibility: Eligible employees are all nonunion employees who are 18 years of age or older. Through March 20, 2013, the Plan provided for eligible employees to enter the Plan on the first day of the first, fourth, seventh and tenth months of each year, coincident with or next following satisfaction of the eligibility requirements. Effective March 21, 2013, the Plan provides for eligible employees to enter the Plan on the first day of each month. The Plan provides for automatic enrollment at a deferral rate of 1 percent of compensation, as defined, unless an eligible employee elects otherwise. Effective January 1, 2014, the automatic enrollment will increase from 1 percent in the participant's second contributing plan year to 2 percent in the participant's third contributing plan year and will continue to increase by 1 percent per contributing year until reaching 5 percent, unless an eligible employee elects otherwise. The same eligibility requirements apply to discretionary employer matching, discretionary employer profit sharing and qualified discretionary contributions for the year ended December 31, 2014.

The Plan's investments are 100 percent participant-directed.

Contributions: The Plan provides for the following contributions which are to be maintained in separate accounts for each participant:

Participant-directed contributions: To be made by the Sponsor, at the discretion of the employee, which amounts are deducted from the employee's direct compensation (and are excluded from the employee's reportable wages for the year). Salary deferral contributions are allowed up to the statutory limit provided by Section 402(g) of the Internal Revenue Code (IRC) as in effect at the beginning of the taxable year. Contributions cannot exceed statutory limits. The Plan allows "catch-up contributions" for participants who are age 50 and older. The Plan also allows participants to make after-tax Roth 401(k) contributions.

Discretionary employer matching contributions: The amount to be contributed by the Sponsor is at the discretion of the Sponsor. For 2014, the Sponsor made contributions of $1.50 for the first 1 percent and $.50 for the next 4 percent of all employee deferral elections.

Discretionary employer profit sharing contributions: The amount to be contributed by the Sponsor is at the discretion of the Sponsor. No discretionary employer profit sharing contributions were made in 2014.

Note 1. Description of Plan (Continued)

Qualified discretionary contributions: The Sponsor may, but is not required to, make contributions for non-highly compensated employees in order to assure that the Plan satisfies certain nondiscrimination testing requirements. No qualified discretionary contributions were made in 2014.

Rollover contributions: The Plan provides for rollover contributions to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Participants' accounts: Each participant's account is credited with participant contributions, and allocations of the Sponsor's matching, profit sharing and qualified discretionary contributions and plan earnings. Allocations are based on the participant's earnings or account balances, as defined. Allocation of administrative expenses of the Plan is based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants' contributions are credited to their respective accounts, as directed, as soon as practicable, after receipt. Investment income is allocated daily.

Participant investment options: Upon enrollment in the Plan, a participant directs their account balances to be invested in selected funds as made available and determined by the Sponsor. Participants are allowed to change their investment options on a daily basis.

Vesting: Participants are immediately vested in their employee-directed, qualified discretionary and rollover contribution accounts and earnings thereon. Vesting of Sponsor discretionary matching and discretionary profit sharing contributions and related earnings and allocated forfeitures is based on years of service (with 20 percent vesting for each year of service) and date of termination as described in the Plan. The Sponsor has not authorized any discretionary profit sharing or qualified discretionary contributions through December 31, 2014.

Forfeitures: Participants are automatically fully vested upon normal retirement, death or permanent disability. In the event of termination of employment before full vesting, the nonvested portion is immediately forfeited. The amount of the participant's account forfeited will be reinstated providing the participant resumes employment prior to incurring a "break in service" (as defined). Amounts forfeited during the year will be used first to pay plan expenses and then used to reduce future non-elective employer contributions and future matching contributions. At December 31, 2014 and 2013, forfeited non-vested amounts were approximately $1,900 and $20,300, respectively. In 2014, a total of approximately $14,800 of non-vested accounts was forfeited and approximately $33,200 of non-vested accounts were used for employer match contributions.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. A participant may not have more than one note outstanding at any given time. Notes receivable from participants are made in accordance with the Plan's provisions and ERISA Regulations whereby interest is calculated and allocated to the individual participant. Notes are repayable over a period ranging from one to five years (unless for the purchase of a primary residence) through employee payroll deductions. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate of interest as determined by the Plan Administrator, based on the prevailing interest rates at the time the note was funded. Interest rates on the notes outstanding at December 31, 2014, ranged from 4.25 percent to 6 percent.

Note 1. Description of Plan (Continued)

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or, at the option of the employee, termination of employment. Benefits are payable in a lump-sum or by other methods as described in the plan document. Participants may make withdrawals from their account balances upon reaching age 65 or by determination that a financial hardship, as defined, has been incurred.

At December 31, 2014, there were no amounts owed to former participants whose employment had been terminated and who requested payouts of their account balances.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts: Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Valuation of investments: The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determine the Plan's valuation policies utilizing information provided by the investment trustee and insurance company. See Note 3 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on trade-date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments to participants are recorded when paid.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The provisions of this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. This update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient.

This update is effective for public business entities for the fiscal years beginning after December 15, 2015. For all other entities, this update is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments will be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (A Consensus of the FASB Emerging Issues Task Force)*. The purpose of this update is to simplify plan accounting.

- The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

This update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I of ASU 2015-12 for the 2014 plan year, and such amendments were retrospectively applied to December 31, 2013. Prior year disclosures in Notes 3 and 6 have been revised to reflect the retrospective application. The impact of adopting this amendment is reflected in the financial statements. Plan management is currently evaluating the impact Part II will have on the Plan's financial statements. Part III is not applicable to this Plan.

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: The Sponsor has evaluated subsequent events for potential recognition and/or disclosure through October 9, 2015, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in inactive markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; and Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 input).

Note 3. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value, as of December 31, 2014 and 2013:

Changes in Fair Value Levels

To assess that appropriate classification of investments within the fair value hierarchy, that availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no transfers between levels.

Note 4. Information Certified and Provided by BMO and Great-West Trust

The following is a summary of the Plan's asset and income information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedule, that was prepared by and derived from information provided by BMO and Great-West Trust and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from BMO and Great-West Trust that information they provided to the Plan Administrator related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

The following information has been certified and provided by Great-West Trust:

	2014	2013

Note 6. Investment Contract with Insurance Company

On September 10, 2008, the Plan entered into an investment contract with Great-West Trust. Great-West Trust maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest account issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed interest account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. Contract value, as reported to the Plan by Great-West Trust, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value within reasonable timeframes.

The investment policy of the guaranteed interest account is to invest the money with a three to five year average maturity. That policy may change over time based on prevailing market conditions.

Amounts may be transferred from the participant's account balance in the guaranteed interest account at any time. The value of the guaranteed interest account in respect of the participant will be determined as the value of the sum of the participant's guaranteed interest account contributions plus interest and transfers minus the sum of any amounts distributed, transfers and premium tax.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate and adjusted rate is based on a formula agreed upon with the issuer, but the effective interest rate may never be less than 0 percent. Such interest rates are determined prior to the last day of the previous calendar quarter. The interest rate at December 31, 2014 and 2013, was 1.25 percent and 1.26 percent, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Participants should refer to the investment contract for a list of such events. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

Note 6. Investment Contract with Insurance Company (Continued)

There are no contract termination clauses or charges applied upon discontinuance to terminate the arrangement prior to the scheduled maturity date.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to participants' accounts and distributed in such manner as the Sponsor may determine.

Note 8. Income Tax Status

The Plan is operating under a volume submitter plan sponsored by BMO. The volume submitter plan has received an opinion letter dated January 27, 2015, by the Internal Revenue Service, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the local, state or federal taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Note 9. Related-Party and Party-In-Interest Transactions

Investments are/were managed by BMO and Great-West Trust, and, therefore, these transactions qualify as party-in-interest. The Sponsor pays certain investment and administrative expenses of the Plan. In addition, certain administrative functions are performed by the Sponsor or employees of the Sponsor for which no compensation is received from the Plan.

Note 10. Risks and Uncertainties

The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2014.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2014 and 2013.

	2014	2013
Net assets available for benefits per the financial statements	$ 21,695,720	$ 18,671,369
