NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Brown and Caldwell Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established by Brown and Caldwell (the Company) in 1985 to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Company has appointed the Administrative Committee (the Committee) to manage the operation and administration of the Plan. Effective January 1, 2014, the Company contracted with Great-West Financial Retirement Plan Services, LLC as an agent for directed trustee JPMorgan Chase Bank, N.A., (Great-West) to act as the trustee and with an affiliate of Great-West to act as a third-party administrator to process and maintain the records of participant data. Prior to January 1, 2014, the Company contracted with J.P. Morgan Chase Bank, N.A. (J.P. Morgan) to act as the trustee, and with a third-party administrator to process and maintain the records of participant data. Certain expenses incurred for administering the Plan are paid by the Company, while other expenses such as financial advisor fees, brokerage fees, and transaction costs are paid by the Plan.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts at December 31, 2014 and 2013 totaled approximately $48,000 and $42,000, respectively. Forfeitures are used to reduce future employer contributions or pay Plan administrative expenses.

Investment valuation and income recognition – The investments are reported at fair value. The Plan's trustees, Great-West and J.P. Morgan, certify the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon terms of the Plan document.

Income taxes – The Plan has received a favorable determination letter dated April 18, 2012. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, and other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Recent accounting pronouncements – In April 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU is effective for fiscal years beginning after December 15, 2016, with earlier application permitted.

The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. The ASU has been adopted for the December 31, 2014 Plan year end; however, the retrospective approach requires that an investment for which fair value is measured using NAV be removed from the fair value hierarchy in all periods presented in the financial statements. Accordingly, the investment disclosures in Note 2 have been modified as of December 31, 2013 as well.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962); I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient*. The amendment removes the requirement to:

- disclose individual investments held which exceed 5% of net assets available for benefits.
- disclose net appreciation in fair value of investments by type of investment held.
- disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 has been adopted for the December 31, 2014 Plan year end; however, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

Subsequent events – The Plan has evaluated subsequent events through October 8, 2015, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Units held in common/collective trusts (CCT) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information.

Under the terms of the J.P. Morgan Stable Value Fund, while individual participants may buy or redeem shares in this fund on a daily basis, redemptions at the Plan level require a 12 month advance written notice to the trustee prior to redemption of the trust units by the Plan.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 177,731,804	$ -	$ -	$ 177,731,804
Self-directed brokerage accounts	4,541,264	-	-	4,541,264
Total assets in the fair value heirarchy	$ 182,273,068	$ -	$ -	182,273,068
Investments measured at NAV per share practical expedient				57,791,339
Investments at fair value				$ 240,064,407

	2013			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 167,074,268	$ -	$ -	$ 167,074,268
Self-directed brokerage accounts	3,990,786	-	-	3,990,786
Total assets in the fair value heirarchy	$ 171,065,054	$ -	$ -	171,065,054
Investments measured at NAV per share practical expedient				54,887,016
Investments at fair value				$ 225,952,070

NOTE 3 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by affiliates of J.P. Morgan, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have the Company contribute their eligible pre-tax or after tax compensation to the Plan up to the amounts allowable under the Plan document and current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions –

Matching contributions – The Company is allowed to make matching contributions as defined in the Plan and as approved by the Board of Directors. In 2014 and 2013, the Company matched 25% of each eligible participant's contribution up to a maximum of 6% of the participant's eligible compensation. Company matching contributions were approximately $1,579,000 and $1,477,000 in 2014 and 2013, respectively.

Discretionary employer contributions – The Company may make a discretionary employer contribution that is equal to a specified percentage of each eligible participant's compensation (1.5% was specified in 2014 and 2013). Discretionary employer contributions totaled approximately $1,995,000 and $1,883,000 in 2014 and 2013, respectively.

Employer supplemental contributions – For each Plan year that the Company makes a matching contribution, the Company may contribute a supplemental contribution to all eligible employees employed on the last day of the Plan year. The supplemental contribution is equal to the difference between the matching contributions for the Plan year and the amount of matching contributions for the Plan year that otherwise would have been made if each participant who was eligible to make contributions during the year was an eligible employee on the last day of the Plan year, and made pre-tax contributions during the Plan year in an amount equal to the maximum percentage of compensation qualifying for matching contributions. There were no such contributions for the 2014 and 2013 Plan years.

Discretionary profit sharing contributions – The Plan allows for discretionary profit sharing contributions of up to 3% of participants' eligible compensation. There were no such contributions for the 2014 and 2013 Plan years.

Vesting – Participants are immediately vested in their contributions. Participants are fully vested in the employer's matching contributions, discretionary contributions and supplemental contributions allocated to their account following one year of credited service.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Company's contributions, if any. Allocations of the Company's contributions are based on participant contributions and/or eligible employee compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount or monthly, quarterly, or semi-annual installments equal to the value of the participant's vested interest in their account. The Plan allows for the automatic lump sum distribution of participant vested account balances that do not exceed $1,000.

Notes receivable from participants – The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the participant's vested balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2014 carry interest rates ranging from 4.25% to 8.5%.

NOTE 5 – PLAN TRANSFERS

Approximately $826,000 and $388,000 was transferred from the Brown and Caldwell Employee Stock Ownership Plan (the ESOP Plan) into the Plan during 2014 and 2013, respectively. These transfers relate primarily to participants in the ESOP Plan who met the ESOP Plan's diversification criteria.

NOTE 6 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West and J.P. Morgan, the trustees of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013.

- Net appreciation in fair value of investments, dividends and interest, and interest income from notes receivable reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013.

- Investments reflected on the schedule of assets (held at end of year).

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2014	2013
Net assets available for benefits per the financial statements	$ 242,615,142	$ 228,636,552
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	-	210,181
Net assets available for benefits per the Form 5500	$ 242,615,142	$ 228,846,733

The following is a reconciliation of the affected component of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2014:

	Amount per the financial statements	Adjustment	Amount per the Form 5500
Net investment income	$ 16,151,520	$ (210,181)	$ 15,941,339

NOTE 8 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.
