HUNTER INDUSTRIES HOLDING COMPANY, LTD. 401(k) SAVINGS PLAN
Notes to Audited Financial Statements
December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Hunter Industries Holding Company, Ltd. 401(k) Savings Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established March 1, 1996, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all full-time employees of the Plan Sponsors who are 21 or older and have one year of service.

Companies or affiliates of the Plan Sponsor with employees included in the Plan during 2014 and 2013 included the following:

Hunter Industries, Ltd.
Colorado Materials, Ltd.
Weisman Equipment Company, Ltd.
RTX Diablo, LLC

Although it has not expressed any intent to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Contributions: The employer may contribute to the Plan each year a discretionary amount which is allocated to participants. In addition, the employer may match a portion of the employees' contributions. Each year, participants may contribute up to 100% of their pretax annual compensation, subject to certain limitations and as defined in the Plan. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans.

Participant accounts: Each participant's account is credited with their contribution and allocations of the Plan Sponsor contributions and Plan earnings. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from Participants: Participant loans are not allowed under the Plan.

Vesting: Participants are one hundred percent (100%) vested at all times in their voluntary contributions. A participant's interest in the contributions the employer makes to the Plan becomes 100% vested upon attaining the Plan's normal retirement age or if employment is terminated due to death or disability. If employment is terminated prior to normal retirement age for any reason other than death or disability, then the employee's interest in employer contributions becomes vested in accordance with specific vesting schedules based on years of service as required by the Department of Labor Rules and Regulations.

Payment of Benefits: Payment of the vested account balance will begin no later than the sixtieth day after the end of the year during which the participant reaches normal retirement age, dies or terminates employment, whichever is later. If the total vested account balance is less than $5,000, the participant will receive a single lump sum payment. If the vested account balance is equal to or greater than $5,000 various payment options are available and are described more fully in the Plan agreement. Hardship withdrawals are available to the plan participants upon approval by the Plan Committee.

Forfeited Accounts: Forfeited non-vested accounts totaled approximately $4,512 at December 31, 2014 and $3,302 at December 31, 2013. These accounts are used to reduce employer contributions.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events have been evaluated through October 12, 2015, which is the date the financial statements were available to be issued.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accounting records of the plan are maintained on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for the fully benefit-responsive investment contract.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

NOTE C - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31 are as follows:

	2014	2013
Large Cap S&P 500 Index Account	$ 488,826	$ –
Lifetime 2020 Account	807,229	759,626
Lifetime 2030 Account	962,914	815,451
Lifetime 2040 Account	700,244	593,666
Medium Cap Separate Account	912,305	538,644
Medium Cap Value Account	621,159	778,560
Small Company Blend Account	749,873	754,135
Stable Value Fund	789,470	730,235
US Property Account	950,764	765,717

NOTE D - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $3,618 and $2,434 for the years ended December 31, 2014 and 2013, respectively.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE E - INCOME TAX STATUS

The Company has adapted a prototype plan sponsored by Principal. The Internal Revenue Service determined and subsequently informed the Company in a written opinion letter dated March 31, 2014 that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust tax-exempt.

Accounting principles in the United States of America require the plan administrator to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Company has taken an uncertain position that more-likely-than not would be sustained upon examination by the IRS. The Plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31 2014 and 2013, there were no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs consist of quoted prices in active markets for similar assets that are observable for the asset. No Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by th Plan at year-end. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of common/collective trusts is based on quoted prices in active markets for similar assets that are observable for the asset.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of:

December 31, 2014:	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,156,367	$ 789,470	$ –	$ 8,945,837
Guaranteed investment contracts	127,914	–	–	127,914
Total investments at fair value	$ 8,284,281	$ 789,470	$ –	$ 9,073,751

December 31, 2013:				
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,128,563	$ 730,235	$ –	$ 7,858,798
Guaranteed investment contracts	173,449	–	–	173,449
Total investments at fair value	$ 7,302,012	$ 730,235	$ –	$ 8,032,247

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts in the Statements of Net Assets Available for Benefits.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsors have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
