NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of The Homer Laughlin China Company ("Company") 401(k) Profit Sharing Plan ("Plan") is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and is administered by the Retirement Plan Committee appointed by the Board of Directors of the Company. Huntington National Bank ("Trustee") has been appointed both trustee and investment manager of the Plan.

Eligibility

The Plan is a defined contribution plan covering all nonunion employees of the Company. Prior to April 1, 2013, each nonunion employee was eligible to participate in the Plan as an active participant if the employee had been an employee of the Company for at least 90 consecutive days, had completed at least 500 hours of service in an eligibility period, and was at least 21 years of age. Effective April 1, 2013, the Plan was amended so that the only eligibility requirement for each nonunion employee to participate in the Plan as an active participant is that the employee is at least 21 years of age. Unless and until such eligible employee files a written election with the Retirement Plan Committee either to contribute at a rate other than 3% or to not contribute and not participate in the Plan, the eligible employee shall automatically be a participant under the Plan who has elected to participate by contributing at a rate of 3% of the participant's monthly compensation into a Vanguard Target Retirement Fund commensurate with the participant's projected retirement date.

Contributions

Participants may elect to contribute, on a pre-tax basis, up to 100% of their total compensation via payroll deductions, subject to certain maximum limitations of the Internal Revenue Service ("IRS"). Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Participants are also permitted to make rollover contributions into the Plan from other qualified plans. Employer contributions to the Plan are made only as directed by the Company's Board of Directors. There were no employer contributions in 2014 or 2013 allocated or distributed to individual participant accounts.

Participant accounts are credited with the participant's contributions and an allocation of employer contributions, if any, and Plan earnings as defined in the Plan document. Participants are immediately 100% vested in their voluntary contributions, allocated employer contributions, and allocated earnings thereon.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 1 - PLAN DESCRIPTION (continued)

Loans

The Plan does not permit loans to participants.

Benefits and withdrawals

The benefit to which a participant is entitled is that benefit which can be provided from the participant's account. Participants are entitled to withdraw any portion of their vested account prior to retirement via hardship withdrawals, permanent disability, termination of employment, or death.

Situations which qualify for hardship withdrawals include educational expenses, purchase of a principal residence, extraordinary medical expenses, burial or funeral expenses, repair or damage to a participant's principal residence, as defined by the Internal Revenue Code ("Code"), and other similar financial emergencies. Upon reaching normal retirement age, participants may elect distributions from their accounts via lump-sum cash payments or various installment methods.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in assets during the reporting period. Actual results could differ from those estimates.

Administrative expenses

Administrative expenses are paid directly by the Company and, accordingly, are not reflected in the Plan's financial statements.

Benefits and withdrawals

Benefits and withdrawals paid to participants are recorded when applications for withdrawals are processed by the Trustee and paid.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments

Upon enrollment in the Plan, a participant may direct contributions in various investment options. Investment options available to participants include various equity, debt, international, and indexed mutual fund options, and a common collective trust fund. Investments are stated at fair value as determined by the Trustee. Shares of mutual funds are valued at quoted market prices. Units of the common collective trust are valued at the net asset value as of year-end, which approximates cost. Investment transactions are recorded on a trade-date basis. Net realized and unrealized appreciation in fair value of mutual funds includes realized gains and losses on investments that were both bought and sold during the year. Interest and dividend income are recorded as earned.

The Plan's mutual fund investments are exposed to various risks, such as interest rate, market and credit risk. The Plan's common collective trust fund invests in various types of guaranteed investment contracts. Due to the level of risk associated with investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that significant changes in risks in the near term may materially affect the amounts reported in the accompanying financial statements.

Contributions

Participant contributions are recorded in the month withheld from the participant's wages. Employer contributions, if any, are recorded in the same month.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 2, 2015, the date on which the financial statements were available to be issued.

NOTE 3 - TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their share of the trust.

NOTE 4 - INVESTMENTS

The Plan provides participants the opportunity to direct their contributions into separate investment funds. However, the investing activity within the funds is discretionary, and individual fund managers have the authority to make investment decisions.

NOTE 4 - INVESTMENTS (continued)

Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value. Investments measured and reported at fair value are classified and disclosed in one of the following categories based on the extent of market price observability.

Level I - Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments included in Level I include listed mutual funds.

Level II - Pricing inputs are other than quoted market prices included in Level I, however, are observable either directly or indirectly for the investment. This category includes the common collective trust fund. The nature of this investment is such that Plan participants may redeem units at any time; however, a full Plan withdrawal is subject to a one year withdrawal provision.

Level III - Pricing inputs are unobservable for the investment and includes situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. The Plan does not have any investments which fall under this category.

NOTES TO FINANCIAL STATEMENTS
(continued)

NOTE 5 - FEDERAL INCOME TAX EXEMPTION

The Plan obtained its latest determination letter dated October 20, 2011, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, the accompanying financial statements do not include a provision for federal income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Trustee of the Plan, Huntington National Bank, has certified that the investment information included in the December 31, 2014 and 2013 financial statements and supplemental Schedule of Assets (Held at End of Year) is complete and accurate. The Trustee holds the Plan's investment assets and executes investment transactions. Such information includes the amounts and composition of investments, at fair value, included in the statements of assets available for benefits and the related investment income reported in the statements of changes in assets available for benefits.
