COKEVA INC.
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1: DESCRIPTION OF PLAN

The following description of the Cokeva Inc. (Plan Sponsor) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1997 to provide benefits for employees of the Plan Sponsor and the employees' beneficiaries. The Plan is a defined contribution plan covering all employees who have attained the age of eighteen (18) years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Principal Trust Company, a member of the Principal Financial Group acts as the trustee of the Plan.

The Plan was restated effective October 12, 2014 to include recent legislative and regulatory changes and to incorporate past amendments.

Plan Year

The plan year begins January 1 and ends December 31.

Contributions

The Plan allows for the following types of contributions:

- **Employee Salary Deferral 401(k) Contributions**
The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute a percentage of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code.
- **Employee Roth Elective Deferral Contributions**
Participants may make after-tax Roth elective deferral contributions.
- **Employer Qualified Nonelective Contributions**
The Plan Sponsor may make qualified nonelective contributions to the Plan equal to a discretionary amount as determined by the Plan Sponsor. Qualified nonelective contributions are allocated to participants based on eligible compensation. The Plan Sponsor elected not to make qualified nonelective contributions to the Plan in 2014 or 2013.
- **Employer Discretionary Contributions**
The Plan Sponsor may make discretionary contributions to the Plan. Discretionary contributions are allocated to participants based on eligible compensation. The Plan Sponsor made a discretionary contribution in the amount of \$0 and \$5,500 for the years ended December 31, 2014 and 2013, respectively.
- **Employee Rollover Contributions from Another Qualified Plan**
Participants may make rollover contributions from another qualified plan.

Participant Accounts and Allocations

The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the actual earnings or losses of the investments selected.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Participants who entered the Plan prior to March 1, 2007 are immediately vested in their salary deferral contributions and employer matching contributions. Effective March 1, 2007, the Plan was amended to include a five-year vesting schedule for all employees enrolled into the Plan after March 1, 2007. Participants are always 100% vested in their salary deferral and employer qualified nonelective contributions.

Discretionary employer contributions vest over a five-year period as follows:

1 year credited service	0%
2 years credited service	25%
3 years credited service	50%
4 years credited service	75%
5 years credited service	100%

Forfeitures

Forfeitures from employer contributions may be used to reduce the amount of future discretionary employer contributions. At December 31, 2014 and 2013, the forfeiture balance was \$0 and \$9,995, respectively. During the years ended December 31, 2014 and 2013, \$5,500 and \$0 in forfeitures were used to reduce employer discretionary contributions, respectively.

Retirement

Normal retirement under the Plan is the latter of the date the participant attains age sixty-five (65) or the fifth anniversary of the first day of the Plan year in which the participant commenced participation in the Plan.

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment of the participant; 3) death or permanent disability of the participant; or 4) in-service withdrawals after the age of 59 ½. The form of benefit payments may be in a single lump sum or in periodic installments over time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.00%.

Administrative Expenses

Administrative costs of the Plan are shared by the Plan and the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP).

Investment Valuation and Income Recognition

Investments in mutual funds and pooled separate accounts are stated at fair market value using quoted market prices when available. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Increases in the unit values of investments are reflected in each participant's self directed account. Investments are valued daily.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The Plan adopted a non-standardized prototype plan which received an opinion letter on March 31, 2014 from the Internal Revenue Service as to the prototype plan's tax exempt status. The Plan has not applied for its own determination letter.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2014 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2013 financial statements to conform to the 2014 financial statement presentation. These reclassifications had no effect on previously reported results of changes in net assets or net assets available for benefits.

NOTE 5: FAIR VALUE MEASUREMENTS

The Financial Accounting Standards for Fair Value Measurements establish a hierarchy that prioritizes the inputs for valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted market prices for identical or similar assets or liabilities in active or inactive markets or inputs other than quoted prices that are observable or corroborated by observable market data for the asset or liability; and Level 3 inputs have the lowest priority and are unobservable and significant to the fair value measurement. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Level 1 Fair Value Measurements

Mutual funds have quoted prices in an active market and are valued at the net asset value (NAV) of shares held by the Plan at year end.

Level 2 Fair Value Measurements

Pooled separate accounts invest mainly in mutual funds. The majority of the underlying assets have Level 1 pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets, valued at the NAV of units held in the pooled separate accounts. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Level 3 Fair Value Measurements

The guaranteed investment contract (GIC) is a benefit-responsive group annuity contract issued by Principal Life Insurance Company (the "Issuer"). Under the terms of the contract, a crediting rating is established for amounts invested in the GIC. Because the GIC is fully-benefit responsive, contract value is the relevant measurement attribute. Contract value represents contributions plus credited interest less participant withdrawals and fees. The GIC is presented at fair value with an adjustment to contract value in arriving at net assets available for plan benefits. Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to maturity for an event other than death, disability, termination or retirement. Most participant transactions are executed using contract value without adjustment, therefore, contract value is a good proxy for fair value. Fair value approximated contract value at December 31, 2014.

Interest is credited to the GIC at an effective yield that is at least equal to the minimum guaranteed interest rate in the investment contract. The interest rate is reset on a semiannual basis. The average yield for the year ended December 31, 2014 was 2.00%.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Examples of such events include termination of the contract, plan termination, and layoffs. A market value adjustment may apply upon occurrence of any of these events. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probably of occurring. The contract also permits the Issuer to terminate the agreement prior to the scheduled maturity date under certain circumstances.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2014:

	<u>Level 3</u>
Guaranteed investment contract, beginning balance	\$ -

Contributions	21,805
Withdrawals	(2,837)
Interest income	2,436

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts.

NOTE 7: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a guaranteed investment contract managed by Principal Trust Company. Principal Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are recorded in net appreciation in fair value of investments. Fees for certain administrative expenses are paid to Principal Financial Group, the record keeper and third party administrator of the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for Plan benefits.

NOTE 9: FORM 5500 RECONCILIATION

The Plan financial statements include differences from the Form 5500 as of December 31, 2014 and 2013 as follows:

	<u>2014</u>	<u>2013</u>

NOTE 10: SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 5, 2015, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
