Report on the Financial Statements

We have audited the accompanying financial statements of the Nordson Corporation Union Employees Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits of the Plan as of December 31, 2014 and 2013, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

1 Description of Plan

The following description of the Nordson Corporation Union Employees Stock Ownership Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a non-contributory, defined contribution plan covering certain hourly employees of Nordson Corporation ("Company") covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 28, 1988, an employee stock ownership plan and trust was established for the benefit of eligible employees. Effective October 1, 2000, the stock ownership plan was merged into the Nordson Hourly-Rated Employees' Savings Trust Plan and an ESOP feature was created under that plan. Effective December 31, 2006, the ESOP feature was spun off into a separate plan, the Nordson Corporation Union Employees Stock Ownership Plan.

The Plan was restated effective January 1, 2010 to incorporate prior amendments.

Eligibility:

Certain hourly employees of the Company who are covered by a collective bargaining agreement are eligible upon completion of one hour of service. All persons who were participants in the Nordson Hourly-Rated Employees' Savings Trust Plan on December 30, 2006 and had, on that date, a separate ESOP account under that plan, became participants as of December 31, 2006.

Contributions:

The Company contribution for each Plan year shall be such amount, if any, as the Board of Directors of the Company shall determine by action specifying the amount of the contribution and the Plan year for which it is being made. The employer's contribution can be paid in either cash or Nordson Corporation common shares or partly in each. For 2014 and 2013, there were no contributions to the Plan.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

Nordson Corporation Union Employees Stock Ownership Plan

1 Description of Plan, Continued

Voting Rights:

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account, and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is required to vote any unallocated shares and allocated shares for which instructions have not been received in the same proportions as it votes shares for which instructions were received.

Participants' Accounts:

Separate accounts are maintained for each participant. The participant account balances are adjusted for the employer contributions and forfeitures, which are allocated to each participant's account in the ratio that each participant's annual compensation bears to the aggregate annual compensation of all participants. If the employer makes a stock contribution, each participant will receive at least one share of Nordson Corporation common stock. Participant accounts are also adjusted for the change in fair value and earnings of assets.

Vesting:

Participants vest in their separate accounts 20% for each full year of service.

Forfeitures:

Forfeitures due to termination from the Plan before a participant is 100% vested shall be allocated to remaining participants. For 2014 and 2013, there were no forfeitures allocated. As of December 31, forfeitures remaining to be allocated are \$3,088 (2014) and \$692 (2013).

Payment of Benefits:

If the employment of a participant is terminated for any cause other than death or total disability prior to the attainment of the age of 55 years, any distribution will be based on the vested portion of the participant's account balance. Any portion not vested at the time of termination (other than due to death, permanent disability or attainment of age 55) shall be forfeited.

Upon retirement after age 55, or death or disability, if earlier, or termination of employment in the case of vested benefits, the balance in the separate account is paid to the participant or his or her beneficiaries in a lump sum. The participant or his or her beneficiaries may elect to receive the distribution in cash or common shares of Nordson Corporation. Until distribution, each account shall be eligible to participate in the allocation of dividends and earnings.

1 Description of Plan, Continued

Payment of Benefits, Continued:

Participants can also elect to have cash dividends distributed when received by the Plan rather than reinvested in their separate accounts.

Diversification:

An employee who has participated under the Plan for 10 or more years and who has attained age 55 may elect, during his qualified period, to transfer up to 25% of the aggregate balance of his or her separate account to the Nordson Hourly-Rated Employees' Savings Trust Plan. For the last Plan year in his or her qualified period, he or she may elect to transfer up to 50% of the aggregate balance of his or her separate account. The qualified period is the six Plan year period beginning with the Plan year following the Plan year in which the participant attains age 55 or completes 10 years as a participant, whichever is later.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Investment Valuation:

Investments in Nordson Corporation Common Stock, the PIMCO Money Market Fund and the Wells Fargo Advantage Government Money Market Fund are valued at the market price on the last business day of the Plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation
Union Employees Stock Ownership Plan

2 Summary of Significant Accounting Policies, Continued

Administrative Expenses:

Certain legal, accounting and administrative expenses are paid by the Company.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investments include investments in common stock and money market funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through August 10, 2015, which is the date the financial statements were available to be issued.

In April 2015, New York Life Retirement Plan Services, the trustee of the Plan, merged into John Hancock Retirement Plan Services ("John Hancock"). As a result, it is anticipated that the trustee will be changed to John Hancock by the end of 2015.

3 Tax Status

On September 20, 2013, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

3 Tax Status, Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2014, there were no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

Accounting Standards Codification 820 ("ASC 820"), Fair Value Measurements, defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be reported at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value:

- * Level 1: Quoted prices in active markets for identical assets or liabilities;
- * Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;

- * Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

4 Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used to measure fair value of assets held in the Plan:

Money Market Funds : The money market funds are public investment vehicles that are valued with a Net Asset Value ("NAV") of \$1. This NAV is a quoted price in an active market, thus these investments are classified within Level 1 of the hierarchy.

Nordson Corporation Stock: The stock is valued at the closing price reported on the NASDAQ stock exchange and is classified within Level 1 of the hierarchy.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2014:

	Fair Value Measurements Using Input Type:			
	Level 1	Level 2	Level 3	Total
Money Market Funds	\$ 46,051	\$ -	\$ -	\$ 46,051

NOTES TO FINANCIAL STATEMENTS

Nordson Corporation Union Employees Stock Ownership Plan

5 Investments

The Plan's funds are invested in the common stock of the Company and money market funds. The Plan's investment in Nordson Corporation common stock constitutes more than 5% of the Plan's net assets at December 31, 2014 and 2013.

6 Administration of Plan Assets

The Plan's assets, which consist principally of the common stock of the Company, are held by the Trustee of the Plan. Company contributions are held and managed by the Trustee, which invests cash received, interest and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.
