BORAL BARGAINING UNITS RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Boral Bargaining Units Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Boral Industries, Inc. (the “Company”) for the purpose of accumulating funds to provide retirement benefits to all eligible employees. The Company established the Plan effective October 1, 2004. The Plan was restated effective April 1, 2011 and certain provisions of the Plan were amended effective August 19, 2013. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is administered by an Employee Benefits Committee (the “Plan administrator”) whose members are appointed by the Board of Directors of the Company.

Eligibility

The Plan is a defined contribution profit sharing plan covering certain employees of the Company and any affiliated company that adopts the Plan. Upon hire and attainment of at least eighteen years of age, employees were automatically enrolled in the Plan at a deferral rate of 3% of compensation, as defined in the Plan document. Employees are required to complete sixty days of service before being automatically enrolled in the Plan. Enrollment is allowed on the first day of each month following eligibility. Through August 19, 2013, employees could change their deferral percentage at the beginning of each Plan quarter after entry into the Plan, at which time the Plan was amended and employees were allowed to change their deferral percentage at the beginning of each payroll period.

Contributions

Participants in the Plan may make pretax salary deferral contributions to the Plan up to 75% of their annual compensation, as defined by the Plan document. Participants age fifty and older are also allowed to make catch-up contributions. Participant contributions are subject to limitations under the Internal Revenue Code (“IRC”) Section 401(k).

The Company matching amount is equal to 50% of an eligible participant’s deferrals, up to 5% of eligible compensation, as defined by the Plan. In addition, a profit sharing contribution is made by the Company equal to 1% of eligible participants’ compensation. At the end of the Plan year, the Company may contribute to the Plan an additional discretionary amount on behalf of each participant, as determined by the Company’s Board of Directors. There were no discretionary contributions in 2014.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching, profit sharing and discretionary contribution and (b) Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants may direct their elective deferrals and Company matching, profit sharing and discretionary contributions in and among various investment options. Participants may change their investment elections and transfer money between investment options on a daily basis.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Participants become fully vested in the Company's matching, profit sharing and discretionary contributions, including investment earnings, after five years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
0	0%
1	0%
2	25%
3	50%
4	75%
5 or more	100%

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their current account balance. Participants may apply for one note each year and have only one note outstanding at any given time. Any such note must be repaid within a period not to exceed five years, unless the purpose of the note is the acquisition of the primary residence of the participant, in which case the period shall not exceed ten years. All notes must be repaid in level payments on at least a quarterly basis. A reasonable rate of interest will apply for the term of the note, and such interest shall be considered investment income to the fund. Any such note shall be evidenced by a promissory note and shall be held as an asset of the Plan. Interest rates for notes outstanding at December 31, 2014 were 4.25%.

Payment of Benefits

In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching the pre-retirement age of 59 ½. Withdrawals from the Plan can also be made upon circumstances of hardship, in accordance with provisions specified by the Plan document.

Participants withdrawing from the Plan due to termination of employment with the Company, other than due to retirement, death or disability, may receive the value of their vested account by transfer to another qualified plan or individual retirement account ("IRA") or through a lump sum distribution.

Upon normal retirement, disability or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or roll over to a qualified IRA.

Forfeitures

Forfeitures of terminated participants' non-vested accounts can be used to pay administrative expenses or to reduce employer contributions. Forfeitures of \$2,814 were used in 2014 to reduce employer contributions. The balance of forfeited non-vested accounts was insignificant at December 31, 2014 and 2013, respectively.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

The Plan has a fully benefit-responsive common/collective trust fund that holds investment contracts as a part of its underlying assets. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of the investment contracts; however, there is no adjustment of the fully benefit-responsive investment contracts from fair value to contract value as fair value approximates contract value at December 31, 2014 and 2013. The statement of changes in net assets available for plan benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued.

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are as follows:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for asses measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Common/Collective Trust Fund

The Fidelity Managed Income Portfolio is a common collective trust fund that is valued at the net asset value (“NAV”) based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust is based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. The investment income is allocated to participants based on their proportionate share of the net assets of the fund. In accordance with GAAP, collective trusts held by a defined-contribution plan are required to be reported at fair value. Fair value approximated contract value at December 31, 2014 and 2013.

Registered Investment Companies

Shares held in registered investment companies are traded on national security exchanges and are valued at quoted market prices that represent the NAV of shares held by the Plan at year-end. It is not probable that the shares of registered investment companies will be sold at amounts that differ materially from the NAV of shares held.

There were no Plan investment assets at fair value classified within Level 3 as of December 31, 2014 or 2013.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2014 and 2013.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to amend, modify, suspend, or terminate the Plan at any time by the adoption or execution of appropriate resolutions, subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to accounts of participants shall become non-forfeitable and, after payment of expenses, shall be vested in full and paid or credited to each participant in accordance with the Plan document.

NOTE 6 – INCOME TAX STATUS

The Plan is based on the Volume Submitter Defined Contribution Plan (Profit Sharing/401(k) Plan) of Fidelity, which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008 stating the Plan and related trust were designed in accordance with the provisions of the IRC. Accordingly, the Plan's net investment income is exempt from income taxes. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 – INCOME TAX STATUS (Continued)

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan and therefore these transactions qualify as party-in-interest. Notes receivable from participants are also defined by ERISA as party-in-interest transactions.
