Independent Auditor's Report

To the Plan Participants and the Board of Trustees
Oak State Products, Inc. Pension Plan
Wenona, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of the Oak State Products, Inc. Pension Plan (the Plan), which comprise the statements of net assets in liquidation and statements of accumulated plan benefits in liquidation as of June 30, 2015 and 2014, and the related statement of changes in net assets in liquidation and statement of changes in accumulated plan benefits in liquidation for the year ended June 30, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Oak State Products, Inc. Pension Plan as of June 30, 2015 and 2014, and the changes in its financial status for the year ended June 30, 2015, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 7 to the financial statements, the Board of Directors of Oak State Products, Inc., the Plan's sponsor, voted on February 28, 2014, to terminate the Plan effective June 30, 2014, and management determined liquidation was imminent. As a result, the Plan has used the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Other Matter – Reporting on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of reportable transactions for the year ended June 30, 2015, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Oak State Products, Inc. Pension Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following brief description of the Oak State Products, Inc. Pension Plan (the Plan) is provided for general informational purposes only. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General: The Plan was a noncontributory defined benefit pension plan that provided retirement benefits for all eligible full-time employees of Oak State Products, Inc. (the Company). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An amendment was made to the Plan on January 26, 2004, which provided that no additional employees shall become eligible to participate in the Plan effective January 29, 2004.

An amendment was made to the Plan on June 26, 2005, which provided that all future benefit accruals were frozen effective June 30, 2005.

As discussed in Note 7 to the financial statements, an amendment was made to the Plan on March 25, 2014 to terminate the Plan effective June 30, 2014.

Contributions and funding policy: The Plan sponsor made contributions to the Plan in accordance with the minimum funding requirements established by the Internal Revenue Service that would ensure that Plan assets were sufficient to pay Plan participants' accrued benefits. The Plan had contributions receivable of \$1,465,687 as of June 30, 2014, all of which were remitted to the plan during the year ended June 30, 2015.

Vesting: As a result of the decision to terminate the Plan during the year ended June 30, 2014, all participants became fully vested in their accrued benefits.

Payment of benefits: Distributions pursuant to the Plan termination were paid at the participants' election by (a) purchase of a nontransferable annuity contract (10-year certain and life annuity, single life annuity, or joint and survivor annuity); (b) cash distribution of the present value of the participant's accrued benefit; (c) rollover distribution to an eligible retirement plan; or (d) a combination of cash distribution and rollover distribution to an eligible retirement plan; however, option (a) was not available if the participant's accrued benefit was \$5,000 or less.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: Due to the decision to terminate the Plan during the year ended June 30, 2014, management determined that liquidation of the Plan was imminent and unlikely to be blocked. As a result, the financial statements for the years ended June 30, 2015 and 2014 have been prepared using the liquidation basis of accounting.

Use of estimates in the preparation of financial statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets in liquidation and changes therein and the actuarial present value of accumulated plan benefits in liquidation. Actual results could differ from those estimates.

Investment valuation and income recognition: All investments on the Statements of Net Assets in Liquidation as of June 30, 2015 and 2014, were reported at liquidation value. For all investments, fair value approximates the amount the Plan expected to collect at liquidation. The Plan's Board of Trustees determined the Plan's valuation policies utilizing information provided by the Plan's investment advisor. The methods used to estimate the fair value of investments are described in Note 4.

Note 2. Summary of Significant Accounting Policies (Continued)

Interest and dividend income in the plan year-ends June 30, 2015 and 2014 financial statements are recorded on the liquidation basis, including amounts expected to be earned through final liquidation.

Purchases and sales of securities were recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial present value of accumulated plan benefits: Accumulated plan benefits were those future periodic payments, including lump-sum distributions that were attributable under the Plan's provisions to the service employees had rendered through June 30, 2005. Accumulated plan benefits included benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan were based on employees' compensation during their last five years of credited service through June 30, 2005. The accumulated plan benefits for active employees were based on their average compensation during the five years ended June 30, 2005. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) were included, to the extent they are deemed attributable to employee service rendered to the valuation date. As noted above, plan benefits were frozen effective June 30, 2005.

The actuarial present value of accumulated plan benefits was determined by an actuary from Verisight, Inc. and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Actuarial valuations were performed as of July 1, 2015 and July 1, 2014. There were no significant differences between June 30, 2015 and 2014 and July 1, 2015 and 2014, respectively, which would cause the actuarial valuations not to be representative as of June 30, 2015 and 2014.

The actuarial present value of accumulated plan benefits as of June 30, 2014, was based upon the presumption that the Plan will continue to provide benefits. In conjunction with the Plan's termination effective June 30, 2014, and management's determination that liquidation was imminent, the consulting actuary calculated the actuarial present value of accumulated plan benefits using a liquidation assumption as of June 30, 2014.

The significant actuarial assumptions used in the valuation as of June 30, 2015 and 2014 were as follows:

	2015	2014
Mortality tables	Required Mortality Tables under IRS Code Section 417(e)	Required Mortality Tables under IRS Code Section 417(e)
Retirement age	65 or fifth anniversary of initial plan entry, if later	65 or fifth anniversary of initial plan entry, if later
Investment return	-	-
Settlement rates	Three Segment Rates of 1.23%, 4.01% and 5.09%	Three Segment Rates of 1.23%, 4.01% and 5.09%

Payment of benefits: Benefit payments to participants, including benefits paid directly to participants and annuity contracts purchased outside of the Plan for participants, are recorded when paid.

Administrative expenses: Certain administrative functions applicable to the Plan are performed by employees of the Company. No such employee receives compensation from the Plan. Administrative expenses may be paid by the Company or the Plan, at the discretion of the Plan's Board of Trustees.

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting standard: In April 2013, the FASB issued ASU No. 2013-07, *Presentation of Financial Statements (Topic 205): Liquidation Basis of Accounting*. This Update requires an entity to prepare its financial statements using the liquidation basis of accounting when liquidation is imminent. The Update requires disclosures about an entity's plan for liquidation, the methods and significant assumptions used to measure assets and liabilities, the type and amount of costs and income accrued, and the expected duration of the liquidation process. The amendment is effective for entities that determine liquidation is imminent during annual reporting periods beginning after December 15, 2013. Entities should apply the requirements prospectively from the day that liquidation becomes imminent. Early adoption is permitted. Entities that use the liquidation basis of accounting as of the effective date in accordance with other Topics (for example, terminating employee benefit plans) are not required to apply the amendments. Instead, those entities may continue to apply the guidance in those other Topics until they have completed liquidation. As the Plan sponsor adopted a resolution on March 25, 2014 to terminate the Plan effective June 30, 2014 and the plan sponsor determined that liquidation was imminent and unlikely to be blocked as of that date, the Plan early adopted this Update for the plan year ended June 30, 2014, and the impact of early adopting this Update is reflected throughout the June 30, 2014 and 2015 financial statements.

Note 3. Investments

The following table presents fair value of the Plan's investments as of June 30, 2015 and 2014. For all investments as of June 30, 2015 and 2014, fair value approximates the amount the Plan expected to collect at liquidation. Single investments representing more than 5 percent of the Plan's net assets are separately identified.

	2015	2014
Corporate debt securities, individually less than 5% of net assets	\$ -	\$ 245,195
U.S. government securities, individually less than 5% of net assets	-	254,547
Exchange traded funds, individually less than 5% of net assets	-	50,198
Cash - interest bearing	-	4,481,344
	<u>\$ -</u>	<u>\$ 5,031,284</u>

During the year ended June 30, 2015, the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value as follows:

Corporate debt securities	\$ 2,272
U.S. government securities	(3,153)
Exchange traded funds	(87)
	<u>\$ (968)</u>

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. All investments on the June 30, 2015 and 2014 Statements of Net Assets in Liquidation are reported at liquidation value. For all investments, fair value approximates the amount the Plan expects to collect at liquidation. Given above, there have been no changes in the methodologies used at June 30, 2015 and 2014.

Common stocks, corporate debt securities and U.S. government securities: Valued at the quoted market prices of shares held by the Plan at year-end.

Exchange traded funds: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets in liquidation. For the year ended June 30, 2015, there were no transfers in or out of Level 3.

Note 5. Related-Party Transactions

The Plan paid Thomas Partners, Inc. \$13,531 in fees during the year ended June 30, 2015 for investment management services. The Plan's investments were held under a safekeeping arrangement with TD Ameritrade during the year ended June 30, 2015. The plan sponsor pays any fees and expenses related to the safekeeping arrangement.

The Plan also incurred expenses related to general administration, record keeping, actuarial and other plan termination matters. The plan sponsor paid these expenses and certain accounting and auditing fees relating to the Plan.

Note 6. Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service dated July 11, 2012, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan was designed and operated in compliance with the applicable requirements of the IRC.

Management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal tax authorities for years before 2012.

Note 7. Plan Termination

On February 28, 2014, the Board of Directors of Oak State Products, Inc., the Plan's sponsor, voted to terminate the Plan effective June 30, 2014. A formal resolution and plan amendment for the plan termination effective June 30, 2014 was executed on March 25, 2014. All participants were fully vested in their accumulated benefits as of June 30, 2014. The Plan's sponsor applied for approval for termination from the PBGC in August 2014. However, the Plan sponsor determined liquidation was imminent as of March 25, 2014, upon the decision to terminate the Plan. All of the Plan assets were either distributed or transferred, as elected by each participant, in December 2014. Liquidation was completed by the end of June 2015, when the Plan sponsor received confirmation from the plan custodian in June 2015 that all final distribution checks had been cashed and plan net assets were \$0.

To settle the obligations of the Plan, the plan sponsor liquidated the remaining plan investments held at June 30, 2014 to cash. The June 30, 2014 financial statements included \$3,978 of accrued interest income expected to be earned in liquidation, \$13,531 of accrued expenses expected to be incurred in liquidation, and \$1,465,687 of contributions receivable that the Plan expected to collect from the Plan sponsor in order to settle the plan's obligations. All amounts were collected or paid by December 2014.

Note 8. Reconciliation Between the Financial Statements and the Form 5500

The following is a reconciliation of net assets in liquidation per the financial statements to the Form 5500 at June 30, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	\$ -	\$ 6,487,418
Less: Accrued interest expected to be earned in liquidation	-	(3,978)
Plus: Accrued expenses expected to be incurred in liquidation	-	13,531
Net assets available for benefits per the Form 5500	<u>\$ -</u>	<u>\$ 6,496,971</u>

The following is a reconciliation of changes in net assets in liquidation for the year ended June 30, 2015, per the financial statements to the Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ (6,487,418)
Plus: Accrued interest expected to be earned in liquidation as of June 30, 2014	3,978
Less: Accrued expenses expected to be incurred in liquidation as of June 30, 2014	<u>(13,531)</u>
Net increase in net assets available for benefits per the Form 5500	<u>\$ (6,496,971)</u>

The plan Form 5500 is reporting the final plan year-end date as December 31, 2014 as all paperwork filed related to the plan termination indicated that the last check was mailed in December 2014 and the plan custodian showed a \$0 balance for plan net assets as of December 31, 2014. For financial reporting purposes, the final plan year-end has been reported as June 30, 2015 as the plan sponsor received affirmation from the plan custodian that all distribution checks had been cashed by the end of June 2015. Therefore, liquidation was completed by the end of June 2015.

Note 9. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 5, 2015, the date on which the financial statements were available to be issued.
