SLCE ARCHITECTS, LLP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2014

NOTE 1 – DESCRIPTION OF THE PLAN:

The following description of SLCE Architects, LLP 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, established on January 1, 2003, is a defined contribution profit sharing plan covering substantially all employees of SLCE Architects, LLP (the "Company") who completed three months of service and are age 21 or older excluding, however, those represented by a collective bargaining agent and certain nonresidential aliens. Participants can enter the Plan at any time after completing 3 months of service (as defined). The Plan is a 401(k) plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions:

Participants may voluntarily contribute a percentage of their pre-tax and post-tax annual eligible compensation as limited by the Internal Revenue Code (the "Code") and as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Employer may make a matching contribution equal to a percentage of participants' elective deferral contributions. The Employer may also make a discretionary nonelective contribution to the Plan. This contribution would be allocated to all employees eligible to contribute to the Plan.

Participant Accounts:

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings, and is charged with an allocation of administrative expenses, as required. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are fully vested at all times in amounts attributable to their voluntary contributions, safe harbor matching, rollover contributions, and qualified nonelective contributions, including actual earnings thereon. For all other contributions, refer to the Plan documents for vesting schedule.

Notes Receivable from Participants:

Participants may borrow from their account a minimum of $500 up to a maximum of $50,000, not to exceed 50% of the value of their vested interest in their account. Loans are repaid over a period not to exceed five years except when the use of proceeds is for the purchase of a primary residence, for which the term may be up to 25 years.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued):

Notes Receivable from Participants (Continued):

The loans are secured by the balance in the participant's account and bear interest at a rate available for similar loans from a commercial institution. Principal and interest are paid ratably through payroll deductions. Participants may not have more than two outstanding loans at any one point, only one of which may be a primary residence loan.

Payment of Benefits:

Upon termination of service due to death, disability, retirement or other reason (all as defined), a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account balance, or to receive annual or more frequent installments over a period not to extend beyond the life expectancy of the participant, or beneficiary. The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59 ½ as defined in the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value as determined by the Trustee, and consist of mutual funds, common/collective trust, pooled separate accounts and guaranteed investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements.

The change in the fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments. The realized gain or loss on investments is the difference between the proceeds received and the fair value of the investments sold at the beginning of the Plan year. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the accrual basis.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions in accordance with the provisions of the Plan.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Administrative services and other normal expenses incurred in connection with administering the Plan have been charged to the Plan. The Company provides certain accounting and administrative services to the Plan at no charge. Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus are not separately identifiable as a Plan expense.

Subsequent Events:

Subsequent events have been evaluated through October 2, 2015, which is the date the financial statements were available to be issued.

NOTE 3 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE:

The plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the independent accountants were instructed not to perform any auditing procedures with respect to the investment information certified by Principal Trust Insurance Company, except for comparing the investment information to the financial statements and supplemental schedules. The plan administrator has obtained certifications from Principal Trust Insurance Company that such information is complete and accurate.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (Continued):

Investment information certified by Principal Trust Insurance Company is summarized below as of December 31:

	2014	2013
Statements of Net Assets Available for Benefits:		
Mutual funds	$ 1,629,329	$ 604,887
Common/collective trusts	2,090,220	2,849,795
Pooled separate accounts	1,027,950	719,030

Statement of Changes in Net Assets Available for Benefits:		
Net appreciation in fair value of investments	$ 127,327	
Net investment gain from common/collective trusts	121,548	
Interest and dividends	39,630	

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 – INVESTMENTS:

The following table presents the fair value of investments held at December 31, 2014 and 2013. Investments denoted with an asterisk represent five percent or more of the Plan's net assets at December 31:

	2014	2013

All other funds	1,133,544	791,390
	$ 5,272,320	$ 4,472,316

During the year ended December 31, 2014, the Plan's mutual fund investments (including investments bought, sold and held during the year) appreciated in value by $127,327.

NOTE 6 – GUARANTEED INVESTMENT CONTRACT:

The Plan has a guaranteed investment contract with Principal. Principal maintains the contributions in a general separate account. The account is credited with earnings on the underlying investments and charged for participants' withdrawals and administrative expenses. The contract is included in the financial statements at fair value as determined by using the market approach based on market prices of similar contracts. Contract value represents contributions made under the contract, plus earning, less participant withdrawals and administrative expenses. At December 31, 2014, there was no difference between contract value and fair value, and therefore no effect on net assets available for benefits.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate were both 2.00% at December 31, 2014.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan's participants is not probable.

NOTE 7 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Principal Trust Insurance Company, the trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 8 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' interest in their accounts shall be payable in accordance with their reported values.

NOTE 9 – TAX STATUS:

The Plan is being operated under a regional prototype non-standardized profit-sharing plan and trust agreement, which received an Internal Revenue Service opinion letter stating that the form of the prototype is acceptable under Section 401(a) of the Internal Revenue Code. The Plan has not submitted for a determination letter. However, the Plan administrator believes that the Plan, as written, is currently designed and being operated in compliance with applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 9 – TAX STATUS (Continued):

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 10 – FAIR VALUE MEASUREMENTS:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs).

The following summarizes the fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 10 – FAIR VALUE MEASUREMENTS (Continued):

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at fair value based upon quoted market prices of the mutual funds.

Common/collective trusts: Valued at fair value based on quoted prices for similar assets as calculated by Principal Trust Insurance Company.

Pooled separate accounts: Valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares held by the Plan at year end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

Change in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels was evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2014 and 2013, there were no significant transfers in or out of levels 1, 2 or 3 for assets measured at fair value.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2014:

Balance, beginning of year	$ 298,604
Purchases	241,726
Sales	(21,408)
Earnings	5,950
Expenses	(51)
Balance, end of year	$ 524,821

NOTE 11 – DELINQUENT PARTICIPANT CONTRIBUTION:

During 2013, the Plan Sponsor failed to deposit participant deferrals, in the amount of $9,315, within the required timeframe as stated by the United States Department of Labor ("DOL"). DOL regulations require that employee contributions be transferred to the trustee as of the earliest date on which such contributions can be reasonably segregated from the employer's general assets. The Plan Sponsor has taken corrective action to ensure future compliance with timely transmission of participant contributions to the trustee. Further, during 2013, the Company made a corrective contribution of the participants' deferrals as well as made a contribution to the Plan in the amount of the lost earnings on the late deposits. The lost earnings have an immaterial effect on the financial statements. The Sponsor also filed Form 5330 and paid the IRS prohibited transaction excise tax.
