Independent Auditor's Report

To the Dynegy Inc. Benefit Plans Committee for
the Dynegy Inc. Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dynegy Inc. Retirement Plan (the Plan), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2014 and 2013, the related Statements of Changes in Net Assets Available for Benefits for the years then ended, the Statement of Accumulated Plan Benefits as of January 1, 2014, the Statement of Changes in Accumulated Plan Benefits for the year then ended and the related Notes to Financial Statements.

Plan Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), Plan management instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by Northern Trust, the trustee of the Plan (Trustee), except for comparing such information with the related information included in the financial statements. We have been informed by Plan management that the Trustee holds the Plan's investment assets and executes investment transactions. Plan management has obtained a certification from the Trustee as of December 31, 2014 and 2013 and for the years then ended, that the information provided to Plan management by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee has been audited by us in accordance with US GAAS and, in our opinion, is presented in compliance with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

DYNEGY INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 and 2013

1. DESCRIPTION OF THE PLAN

The following brief description of the Dynegy Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General

The Plan is sponsored by Dynegy Inc., a Delaware corporation (“Dynegy”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Dynegy Inc. Benefit Plans Committee serves as the “Plan Administrator” for the Plan. Assets of the Plan are held by the Northern Trust Company (the “Trustee”) in the Dynegy Inc. Master Retirement Trust (the “Master Trust”). The Plan is currently a defined benefit, noncontributory pension plan that has several separate benefit components.

One component (the “Final Average Pay Component”) provides a final average pay benefit with a social security offset to certain eligible employees of Dynegy Midwest Generation, Inc.¹ (“DMG”) and certain other subsidiaries of Dynegy that have adopted the Final Average Pay Component of the Plan (the “Final Average Pay Employers”). Illinois Power Company previously was a participating employer under the Final Average Pay Component, but effective immediately prior to the closing date of the sale of Illinois Power Company to Ameren Corporation, which occurred on September 30, 2004, ceased to be a Final Average Pay Employer.

Another component of the Plan (the “Cash Balance Component”) provides a cash balance benefit to eligible employees of several subsidiaries of Dynegy that have adopted the Cash Balance Component of Appendix A to the Plan (the “Cash Balance Employers”).

Effective December 31, 2006, the Dynegy Midstream Services Retirement Plan (the “DMS Plan”) was merged into the Plan. The DMS Plan’s benefit structure and the protected benefits, rights and features of the DMS Plan were incorporated into the Plan for the benefit of the DMS Plan Participants and eligible disabled employees (the “DMS Plan Component”).

Effective December 31, 2007, the Dynegy Midwest Generation, Inc. Retirement Income Plan for Employees Covered Under a Collective Bargaining Agreement (the “DMG Plan”) was merged into the Plan. The DMG Plan’s operative provisions continue to survive, but the administrative provisions of the Plan are applied to the DMG Plan (the “DMG Union Plan Component”).

¹ Effective August 4, 2011, Dynegy Midwest Generation, Inc. merged into Dynegy Midwest Generation, LLC. See Note 3.

DYNEGY INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 and 2013

On December 1, 2012, Dynegy Northeast Generation, Inc. (“DNE”) unilaterally implemented amendments to its 2008 Collective Bargaining Agreement with the International Brotherhood of Electrical Workers Local 320, which were subsequently ratified by DNE’s represented employees December 16, 2012 and executed as a Memorandum of Understanding on April 1, 2013. Among other things, the agreement provided that all DNE’s represented employee would participate in the Cash Balance Component of the Plan effective January 1, 2013. DNE’s represented employees will receive the general benefits provided under the Cash Balance Component of the Plan described above.

On September 20, 2013, DMG’s represented employees ratified an agreement between DMG and the International Brotherhood of Electrical Workers Local 51 that provides for freezing of participation, accruals, and service in the DMG Union Plan Component effective December 31, 2013. Effective January 1, 2014, DMG’s represented employees will participate in the Cash Balance Component of the Plan. In addition to the general benefits provided under the Cash Balance Component of the Plan described above, all DMG represented employees hired as of December 31, 2013 will receive an additional 9% of his or her base compensation for 2014, 2015, 2016, and 2017 if the employee remains an eligible participant during those years.

On April 2, 2015, Dynegy completed a transaction with Duke Energy Corporation (“Duke”) wherein certain individuals employed by Duke became employed by a participating employer under the Plan (“Former Duke Employees”) and the Plan assumed assets and liabilities and an ongoing benefit obligation for certain represented Former Duke Employees (“Former Duke Union Employees”). Depending on the collective bargaining agreement and the Participant’s age and service, the Former Duke Union Employees have either or both a Final Average Pay Component (either frozen or active) (“Duke Final Average Pay Component”) and a Cash Balance Component (“Duke Cash Balance Component”) for their benefit under the Plan (“Duke Plan Component”).

The participating employers under the Plan (including, but not limited to, the Final Average Pay Employers and the Cash Balance Employers) are collectively referred to hereinafter as the “Employer.”

Participation

Eligible employees of the Final Average Pay Employers are eligible to participate in the Final Average Pay Component of the Plan; eligible employees of the Cash Balance Employers are eligible to participate in the Cash Balance Component of the Plan; and eligible employees of DMG who are employed as members of a group to whom the DMG Union Plan Component has been and continues to be extended through a currently effective collective bargaining agreement are eligible to participate in the DMG Union Plan Component of the Plan.

DYNEGY INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 and 2013

The following employees are not eligible to participate in the Plan: (1) an employee whose terms and conditions of employment are governed by a collective bargaining agreement unless such agreement provides for his or her coverage under the Plan, (2) a non-resident alien who has no United States source income, (3) a leased employee, (4) an individual who is deemed to be an employee pursuant to Treasury regulations issued under Section 414(o) of the Internal Revenue Code of 1986, as amended (the "Code"), (5) an employee who waives participation in the Plan through any means, and (6) an individual who is not treated as a common law employee by the employer even if a court or administrative agency determines that the individual is a common law employee. In addition, an individual is not eligible to participate in the Cash Balance Component of the Plan if he or she is accruing benefits or earning service credit under the DMS Plan (formerly the Trident NGL, Inc. Retirement Plan).

Participation in the Final Average Pay Component of the Plan, as well as the DMG Union Plan Component, begins as of the first day of the calendar month on or after the date an eligible employee has completed one year of participation service. However, effective January 1, 2009, employees hired (or re-hired) on or after January 1, 2009 are not eligible to participate in the Final Average Pay Component of the Plan.

Participation in the Cash Balance Component of the Plan generally begins as of the first day of the calendar month that coincides with or next follows the later of the employee's date of hire or the date the employee becomes an eligible employee for purposes of the Cash Balance Component of the Plan.

Participation in the DMS Plan Component was frozen as of January 1, 2002.

For Former Duke Union Employees, Participation in the Duke Plan Component is dependant on the collective bargaining agreement and upon age and service of the participant.

Benefits

Generally, and subject to the rules set forth in the Plan, the normal retirement (age 65) benefit under the Final Average Pay Component of the Plan provides a monthly benefit based on the following formula: (1) 2% of the participant's average monthly compensation minus 1⅓% of the participant's social security benefit multiplied by (2) the participant's years of accrual service (not to exceed 30 years). An early retirement benefit is provided under the Final Average Pay Component of the Plan to participants who terminate employment after attaining age 55 with the benefit being reduced based on an early retirement reduction (as set forth in the Plan) if a participant's payments begin before age 62. A participant in the Final Average Pay Component of the Plan who terminates employment with a vested interest (see below) prior to age 55 for a reason other than death can begin to receive his or her unreduced Plan benefit at age 65 or a reduced benefit (that is based on the actuarial reduction factors set forth in the Plan) commencing on or after attainment of age 55.

DYNEGY INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 and 2013

Participants in the Cash Balance Component of the Plan generally accrue a benefit as follows: (1) as of the last day of each Plan year a participant is credited with a base compensation accrual equal to 6% of his or her base compensation for the period in such Plan year during which he or she was an eligible participant; plus (2) as of the last day of each Plan year a participant who has a cash balance accrual at the end of the year will be credited with an interest credit accrual equal to (i) his or her cash balance accrual as of the end of the Plan year (excluding the base compensation accrual for such year), multiplied by (ii) the interest crediting rate provided for in the Cash Balance Component of the Plan. The normal retirement benefit under the Cash Balance Component of the Plan is a monthly payment amount derived by converting a participant's cash balance accrual as of his annuity starting date into a single life annuity (for an unmarried participant) or a joint and 50% survivor annuity (for a married participant).

Generally, and subject to the rules set forth in the Plan, the normal retirement (age 65) benefit under the DMG Union Plan Component of the Plan provides a monthly benefit based on the benefit credits that a participant earns during each payroll period that he or she is employed by an Employer and eligible to participate in the DMG Union Plan Component ("Career Benefit Credits"). A participant's Career Benefit Credits are calculated each pay period by multiplying regular hourly rate of pay by the hours per pay period by the applicable plan multiplier (as set forth in the Plan). The monthly normal retirement benefit is then determined by adding together all Career Benefit Credits for a participant and dividing that by 12 months. The DMG Union Plan Component of the Plan also has special rules regarding early retirement benefits and benefits for participants who terminate employment with a vested interest (see below) prior to age 55 for a reason other than death.

Generally, and subject to the rules set forth in the Plan, the monthly normal retirement (age 65) benefit under the DMS Plan Component of the Plan is based on the greater of: (1) 1.5% times a participant's monthly compensation received as an eligible employee during each month the participant is credited with accrual service divided by 12; (2) 1.275% times the participant's average monthly compensation up to the average monthly social security tax base times the participant's years of accrual service, plus 1.5% of the participant average monthly compensation in excess of the average monthly social security tax base, multiplied by the participant's full years of accrual service up to 35; or (3) \$40 times the participant's years of accrual service. The DMS Plan Component of the Plan also has special rules regarding early retirement benefits and benefits for participants who terminate employment with a vested interest (see below) prior to age 55 for a reason other than death.

Generally, and subject to the rules set forth in the Plan, the monthly normal retirement (age 65) benefit under the Duke Final Average Pay Component of the Plan is based on the either Formula A or Formula B depending on eligibility: (1) Formula A – 1.1% of final average pay plus 0.5% of the amount by which final average pay exceeds the participant's applicable covered compensation, multiplied by the number of years of participation not in excess of 35; and 1.55% of Final Average Pay multiplied by the number of years of participation in excess

DYNEGY INC. RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2014 and 2013

of 35; (2) Formula B – 1.12% of final average pay plus .5% of the amount by which final average pay exceeds the participant's applicable covered compensation, multiplied by the number of years of participation not in excess of 35 [or, if less: 1.163% of final average pay multiplied by the number of years of participation not in excess of 35, and 1.492% of final average pay multiplied by the number of years of participation in excess of 35. For the Duke Cash Balance Component, the cash balance credit ranges from 4-7% of compensation based upon age and service as well as 4% of compensation that exceeds the Social Security Wage Base.

Vesting

The Plan provides for full vesting upon completion of five or more years of service for participants who participate in the Final Average Pay Component and the DMG Union Plan Component of the Plan. A participant in these components is credited with one year of vesting service for each twelve consecutive months period beginning on his or her date of hire or anniversary thereof that he or she is credited with 1,000 hours of service. Participants in these components are fully vested upon attainment of age 55 while employed by an Employer or a Controlled Entity (as defined by the Plan).

With respect to participants in the Cash Balance Component of the Plan, the Plan provides (a) for participants who have not completed an hour of service after December 31, 2007: (1) 25% vesting after one year of service, (2) 50% vesting after two years of service, (3) 75% vesting after three years of service, and (4) 100% vesting after four or more years of service; and (b) for participants who have completed an hour of service on or after January 1, 2008: (1) 33% vesting after one year of service, (2) 67% vesting after two years of service, and (3) 100% vesting after three years of service. A participant in the Cash Balance Component is credited with one year of service for each twelve months of service. Participants in the Cash Balance Component are fully vested upon attainment of age 65 while employed by an Employer or a Controlled Entity (as defined by the Plan).

In connection with the sale of DMS, LP, Disabled DMS Participants and DMS Participants (as such terms are defined in the Plan) in the employ of DMS, LP on October 31, 2005 were 100% vested in their benefits under the DMS Plan Component of the Plan.

Generally, for the Duke Plan Component, the Plan provides for vesting as follows: (1) less than 1 year of service – 0%, (2) 1 year of service – 33%, (3) 2 years of service – 67%, (4) 3 or more years or service – 100%.

Contributions

Employer contributions are based upon minimum funding requirements as calculated by the Plan's actuary.

DYNEGY INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 and 2013

Distributions

Distributions, as provided for in the Plan documents, are made to terminated Plan participants or their beneficiaries. Distributions must begin by April 1st of the calendar year following the later of the calendar year in which the participant reaches age 70½ or the calendar year in which the participant retires. The forms of distribution vary under each benefit component of the Plan.

Termination of the Plan

Although it has not expressed any intent to do so, Dynegy has reserved the right to terminate the Plan. Whether all participants receive their entire Plan benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations. The receipt of full Plan benefits may also depend on the financial condition of Dynegy and its affiliates, the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) at that time and the priority of those benefits. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by Section 4044 of ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Benefits attributable to employee contributions, taking into account those paid out before termination.
- b. Annuity benefits that former participants or their beneficiaries have been receiving for at least a three-year period ending on the Plan's termination date, or that participants eligible to retire before the beginning of that three-year period would have been receiving as of the beginning of that three-year period if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during that three-year period. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five-year period ending on the Plan's termination date.
- c. Other vested benefits insured by the PBGC up to the applicable limitations (discussed below).
- d. All other vested benefits (that is, vested benefits not insured by the PBGC).
- e. All non-vested benefits.

DYNEGY INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 and 2013

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Generally, vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying Plan financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, the actuarial present value of accumulated plan benefits as of the valuation date, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments held by the Master Trust are stated at fair value as determined by the Trustee based on the latest quoted market values of the underlying securities. Securities for which no quoted market value is available are valued at fair value as determined in good faith by or under the direction of the Trustee. The Trustee determines the Plan's interest in the market value of the Master Trust's net assets in accordance with a computational method agreed upon between the Plan Administrator and the Trustee.

Investment income from the Plan's investment in the Master Trust consists of the Plan's proportionate share of the Master Trust's interest and dividend income and investment income/loss, from net appreciation (depreciation) in the fair value of investments. The Trustee records dividend income as of the ex-dividend date and accrues interest income as earned. Realized gains and losses on security sales are computed on an average cost basis. Purchases and sales of securities are recorded on a trade-date-basis.

DYNEGY INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 and 2013

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and current employees.

The actuarial present value of accumulated Plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefit to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of January 1, 2014 are as follows:

- Effective interest rate: changed from 6.33% in 2013 to 6.50% in 2014
- Mortality: Separate rates for non-annuitants (based on RP-2000 "Employees" table without collar or amount adjustments, projected 15 years beyond the valuation date using Scale AA) and annuitants (based on RP-2000 "Healthy Annuitants" table without collar or amount adjustments, projected 7 years beyond the valuation date using Scale AA).

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of benefit obligations.

Contributions

Contributions to the Plan from the Employers are recorded in the period that the Plan's actuary determines they relate to except that a contribution receivable is recorded to the extent that amounts due are pursuant to formal commitments as well as legal or contractual requirements in existence at the end of the Plan year.

Payment of Benefits

Benefit payments to participants/beneficiaries are recorded upon distribution.

DYNEGY INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 and 2013

Expenses of the Plan

Certain expenses incurred in the administration of the Plan and the Master Trust are paid by the Master Trust and allocated to the participating plans. These expenses include, for example, fees and expenses of the Trustee, fund managers and consultants. Any other expenses incurred in the operation of the Plan are paid by the employers participating in the Plan.

Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or its equivalent) (ASU 2015-07). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification (ASC) 820. ASU 2015-07 is effective for the Plan retrospectively for the year beginning after December 15, 2016 with early adoption permitted. Plan management believes the adoption of this guidance concerns disclosure only and will not have an impact on the Plan's financial statements.

In July 2015, the FASB issued ASU No. 2015-12, “(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient” — consensus of the Emerging Issues Task Force (ASU No. 2015-12). ASU 2015-12 (1) requires a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies and increases the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provides benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, Practical Expedient for the Measurement Date of an Employer’s Defined Benefit Obligation and Plan Assets. ASU 2015-12 is effective for fiscal years beginning after December 31, 2015, with early application permitted. The Plan is required to apply the amendments retrospectively for all statements presented except for Part III which requires a prospective application. Plan management believes the adoption of this guidance concerns disclosure only and will not have an impact on the Plan's financial statements.

Plan Management’s Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after December 31, 2014, and through October 12, 2015, the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

DYNEGY INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 and 2013

3. PLAN AMENDMENTS

The Plan was amended and restated effective January 1, 2013. The Plan has been amended subsequently as follows:

- Amendment 1 (5/12/13) – Correction of a clerical error to the DMG Participant's Payroll Period Benefits Credit
- Amendment 2 (12/24/13) – Adoption of Appendix E and related changes to cover the Illinois Power Resources Generating Company and Illinois Power Generating Company
- Amendment 3 (12/24/13) – Revisions required by a new Collective Bargaining Agreement for DMG employees who are members of IBEW Local 51
- Amendment 4 (10/15/14) – Amendment to comply with Internal Revenue Code of 1986 Section 401(a)(4)
- Amendment 5 (11/25/14) – Amendment to Comply with Revenue Ruling 2013-17 and Notice 2014-10 relating to the recognition of the same sex marriage for federal tax purposes and to provide for 2014 Lump Sum Window for terminated vested participants
- Amendment 6 (3/31/15) – Adoption of Appendix F and related to changes to cover the acquisition of Duke Energy Corporation assets and related employee pension obligations

INCOME TAXES

Dynegy received a determination letter dated February 27, 2014 from the Internal Revenue Service stating that the Plan constitutes a qualified plan under the Code. Accordingly, the Plan is exempt from federal income taxes under Section 501(a) of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

5. FUNDING POLICY

The Plan's participating employers' funding policy is to contribute an amount at least equal to the minimum funding requirement and no more than the maximum tax deductible contribution in accordance with ERISA and the Code. Such amount is determined by a consulting actuary and is certified in an Actuarial Valuation Report. For the Plan years ended December 31, 2014 and 2013, there were no employer contributions, which exceeded the minimum funding requirements of ERISA.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

7. PARTICIPATION IN MASTER TRUST

The Plan participates in the Master Trust. Other plans participating in the Master Trust include the Dynegy Northeast Generation, Inc. Retirement Income Plan and the Sithe Stable Pension Account Plan. At December 31, 2014 and 2013, the Plan's interest in the Master Trust was approximately 80.8% and 80.3%, respectively, and represents 5% or more of the Plan's net assets available for benefits.

The following presents the statements of net assets available for benefits of the Master Trust:

8. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board Accounting Statements Codification ("ASC") Topic 820 ("FASB ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques

DYNEGY INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014 and 2013

used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Equity Securities: Comprised of common/collective trusts and a 103-12 investment entity; valued at the underlying unit values reported using audited financial statements of the collective trust and changes in such amounts through the Master Trust's year end.

Fixed Income Securities: Comprised of 1) a mutual fund valued at the net asset value ("NAV") of units held by the Master Trust at year end and 2) a trust valued as described in Equity Securities above.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

DYNEGY INC. RETIREMENT PLAN

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

9. NAV PER SHARE

In accordance with FASB Accounting Standards Update (“ASU”) No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the net asset value per share or its equivalent for which the fair value is not readily determinable as of December 31, 2014 and 2013. For the Plan, such assets include investments in common collective trust funds.

The following tables for December 31, 2014 and 2013, sets forth a summary of the Master Trust’s investments with a reported NAV.

- (b) The investment objective of this fund is to match the return of the Barclays Capital U.S. Long Credit Index by investing in a diversified portfolio of corporate bond issues with maturities longer than 10 years. This fund uses a sampling strategy to provide reasonable tracking to the Barclays Capital U.S. Long Credit Index.
- (c) The investment objective of this fund is to match the return of the MSCI All Country World Ex-U.S. Index. This fund is constructed using a series of commingled country funds. The investment objective of each fund has been to approximate as closely as practicable, before expenses, the performance of the MSCI Index of that respective country over the long term.
- (d) The investment objective of this fund is to seek long-term capital appreciation by investing primarily in common stocks of companies across the globe. The fund seeks to outperform the MSCI World Index.
- (e) The investment objective of this fund is to seek long-term capital appreciation by investing primarily in common stocks of companies across the globe. The fund seeks to outperform the MSCI World Index.
- (f) The investment objective of this fund is to provide an attractive risk-adjusted rate of return above the asset class's benchmark.

10. PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the Northern Trust Company. Because Northern Trust Company is the Trustee as defined by the Plan, these qualify as parties-in-interest transactions allowable under ERISA regulations. Fees paid during the year for professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Actuarial value of assets Average of the fair market value of assets on the valuation date and the two immediately adjusted preceding the valuation dates, for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year.)

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.

Optional Forms of Retirement Income in Lieu of Normal Form

The plan provides for optional monthly payment forms. For purposes of converting the Single Life Annuity to any Optional Form of payment which is payable as an annuity, such amount is determined by using the 86PET- 88.70 mortality and the lesser of the PBGC lump sum rate and 7%. For purposes of determining the Level Income option, the applicable mortality table and applicable interest rates under Code Section 417(e)(3) are used, with a lookback month of August preceding the Plan Year in which the distribution is made.

The normal form of payment is a Single Life Annuity payable during the member's life; or, if married, a reduced benefit payable for the life of the member with the provision that after his death, one-half of the reduced benefit will be paid to his surviving spouse for life.

Optional forms of payments which may be elected are as follows:

- Single Life Annuity.
- A Joint and Survivor benefit payable as long as the participant is alive with either 1%, 50%, 75% or 100% of such amount being payable during the lifetime of the participant's spouse upon the death of the participant.
- Level Income option, if eligible, which provides a larger benefit prior to age 62 with reduced benefit after age 62.

The Portable Retirement Benefit Formula

Definitions

Coverage and Participation

All participants not eligible to receive a contribution allocation in the Dynegy Inc. Profit Sharing/401(k) Plan, who were employed by an included employer as designated by the Committee during December 2001, are eligible retroactive to the later of employment date or January 1, 2001. Any other employee employed during 2001 is eligible January 1, 2002. Employees hired after January 1, 2002 become eligible the first day of the first month coincident with or next following date of hire. Transfers from Illinois Power Company to a designated employer during 2001 will be treated as though employed by a designated employer for all of 2001.

Effective April 3, 2008, newly hired DNE union employees are eligible for participation in this portion of the plan.

Effective January 1, 2009, newly hired DMG and DNE salaried non-union employees are eligible for participation in this portion of the plan.

Effective January 1, 2012, all active non-union employees of Dynegy Inc. are eligible for accruals under this portion of the plan.

Effective January 1, 2013, all DNE union employees are eligible for accruals under this portion of the plan.

Effective December 2, 2013, all AER non-union employees are eligible for accruals under this portion of the plan.

Effective January 1, 2014, all DMG union employees are eligible for accruals under this portion of the plan.

Portable Retirement Benefit

This account is the sum of all the Base Compensation Accruals, Transition Contribution Accruals and Interest Credit accruals.

Base Compensation Accruals

Base compensation accruals (equal to 6% of Base Compensation earned during the plan year) are credited as of the last day of each plan year, or as of the last day of the calendar month in which employment is terminated.

Transition Contribution Accruals

DMG Union employees hired before January 1, 2014 will receive an additional accrual (equal to 9% of Base Compensation during the plan year) for 2014 through 2017 as long as they continue working for Dynegy.

Interest Credit Accruals Interest Credit Accruals are credited to the Portable Retirement Benefit of all participants as of the end of each Plan Year. The amount of the Interest Credit Accrual added to a participant's Portable Retirement Benefit equals (i) the balance of the participant's Portable Retirement Benefit as of the beginning of the Plan Year times (ii) the annual rate of interest on 30-year Treasury securities for August of the preceding Plan Year.

Base Compensation Base Compensation is regular or base salary (including deferrals to cash or deferred arrangements such as 401(k)) limited by Internal Revenue Code Section 401(a)(17) and excluding overtime and bonuses, except for DNE union employees whose definition is the same as the pensionable earnings definition under the DNE Retirement Income Plan.

Optional Forms of Retirement Income in Lieu of Normal Retirement

The plan provides for optional monthly payment forms. Actuarial equivalence for purposes of determining the monthly payment amount derived by converting the Portable Retirement Benefit into a Single Life Annuity is determined by using the applicable interest rate and applicable mortality table as determined in accordance with Code Section 417(e)(3) with the applicable phase-in percentages to the new PPA interest rate basis. The applicable interest rate for a given plan year is based on the month of August (the lookback month) that precedes the Plan Year (the stability period) in which the distribution is made. For purposes of converting the Single Life Annuity to any Optional Form of payment which is payable as an annuity, such amount is determined by using the 86PET- 88.70 mortality and the lesser of the PBGC lump sum rate and 7%.

The normal form of payment is a Single Life Annuity payable during the member's life; or if married a reduced benefit payable for the life of the member with the provision that after his death, one-half of the reduced benefit will be paid to his surviving spouse for life.

Optional forms of payments which may be elected are as follows:

- Single Life Annuity.
- Lump Sum equal to Vested Interest of the Portable Retirement Benefit.
- A Joint and Survivor benefit payable as long as the participant is alive with either 50% or 75% of such amount being payable during the lifetime of the participant's spouse upon the death of the participant.

Definitions

Coverage and Participation	All employees become members after the later of completing one year of service or age 21. Each eligible employee who transferred employment to Trident NGL, Inc. from OXY USA Inc. between October 1, 1991 and March 31, 1992 and who was a member in the prior plan, shall become a member on the earlier of the transfer date or the effective date of the plan. The plan no longer accepts new entrants. No hourly NonRepresented employees have entered since April 1, 1995. No union employees have entered since February 1997. All benefits except for current disabled participants were frozen as of October 31, 2005.
Credited Service	Service rendered from date of membership to retirement date. Service accruals were frozen as of October 31, 2005 for all active employees. Disability service accruals will continue to age 65 as long as disabled.
Vesting Service	Service after age 18 in any plan year in which member completes 1,000 hours of service.
Basic Earnings	The amount of regular compensation paid to an employee before any payroll deductions for income tax, Social Security, contributions under employee benefit plans or for any other purpose, but excluding extra pay, overtime pay (other than that described below), shift differential and employer contributions under employee benefit plans, for Social Security or for any other purpose. Furthermore, in the case of an employee of the Company or a Subsidiary compensated on an hourly wage basis, "Basic Earnings", shall mean his straight time hourly rate multiplied by the number of hours, not to exceed his regularly scheduled hours, for which he is paid. If such an employee is working in a job for which the normal and customary work week uniformly includes some overtime, amounts regularly paid for such overtime in addition to the straight time rate (but not including any shift differential) shall be included.
Final Average Compensation Salary	The average of the Member's highest monthly Basic Earnings for any consecutive 36 months of his employment with the Company or an affiliate.

Average Monthly Social Security Tax Base One-twelfth of the average of the maximum amounts of annual wages which for the last 60 months prior to a Member's retirement or termination of employment were subject to the federal Social Security tax.

Accrued Benefits The member's accrued benefit at any given date is determined under the normal retirement formula.

Normal Retirement Benefit

Retirement Date The first of the month coincident with or next following age 65.

Benefit The greater of:

- (1) 1.5% of the member's basic monthly earnings for each month of benefit service, or
- (2) Sum of (a) and (b)
 - (a) 1.275% of the member's final average pay not in excess of the average monthly Social Security tax base multiplied by the member's total benefit-credit service, plus
 - (b) 1.5% of final average pay in excess of the average monthly Social Security tax base, multiplied by the member's benefit-credit service, not to exceed 35 years.

Form of Payment A single life annuity payable during the member's life; or if married a reduced benefit payable for the life of the member with the provision that after his death, one-half of the reduced benefit will be paid to his surviving spouse for life.

Early Retirement Benefit

Eligibility Age 55

Benefit An annual amount computed as for normal retirement but based on the member's years of credited service, final average pay, and average monthly Social Security tax base at the time of early retirement. Benefits are reduced for each month that actual retirement precedes age 62 by 5/12 of 1% per month down to age 60 and further reduced by 4/12 of 1% per month from age 60 down to age 55.

Death Benefits

Eligibility

- **Surviving Spouse** If an active or terminated member who has attained age 55 or an active member who has attained age 50 with 5 years of service dies before his early retirement date or his normal retirement date and he had been married throughout the 12-month period immediately preceding his death, his surviving spouse will receive a spouse's benefit.
- **Secondary Spouse** Five years of vesting service and member's death prior to the first day of the year in which the member would have attained age 50. In addition, the member must be married for 12-months prior to death.

Benefit

- **Surviving Spouse** The spouse's benefit is a life annuity in an amount equal to 50% of the benefit to which the member would have been entitled had the member elected to retire on the first day of the month next following the date of his death.
- **Secondary Spouse** Equal to 50% of the monthly benefit the member would have received had he retired from employment on the date of death, with the benefit payable in the form of a joint and survivor annuity at the member's earliest possible commencement date. Members who elect this coverage between the ages of 35 and 50, or after termination of employment have their normal retirement benefit reduced for each year of coverage.

Optional Forms of Retirement Income in Lieu of Normal Form

The plan provides for optional monthly payment forms. Actuarial equivalence for this purpose is based on 7% interest rate and the 1984 Unisex Pension Mortality Table. For purposes of determining the Level Income option, the applicable interest rate and mortality table as determined in accordance with Code Section 417(e)(3) with the applicable phase-in percentages to the new PPA interest rate basis is used. The applicable interest rate for a given plan year is based on the month of November (the lookback month) that precedes the Plan Year (the stability period) in which the distribution is made.

The normal form of payment is a Single Life Annuity payable during the member's life; or, if married, a reduced benefit payable for the life of the member with the provision that after his death, one-half of the reduced benefit will be paid to his surviving spouse for life.

Optional forms of payments which may be elected are as follows:

- Single Life Annuity.
- A Joint and Survivor benefit payable as long as the participant is alive with either 1%, 50%, 75% or 100% of such amount being payable during the lifetime of the participant's spouse upon the death of the participant.
- 10 years Certain and Life Annuity.
- Level Income option, if eligible, which provides a larger benefit prior to age 62 with a reduced benefit after age 62.

Optional Forms of Retirement Income in Lieu of Normal Form

The plan provides for optional monthly payment forms. For purposes of converting the Single Life Annuity to any Optional Form of payment which is payable as an annuity, such amount is determined by using the 86PET- 88.70 mortality and the lesser of the PBGC lump sum rate and 7%. For purposes of determining the Level Income option, the applicable mortality table and applicable interest rates under Code Section 417(e)(3) are used, with a lookback month of August preceding the Plan Year in which the distribution is made.

The normal form of payment is a Single Life Annuity payable during the member's life; or, if married, a reduced benefit payable for the life of the member with the provision that after his death, one-half of the reduced benefit will be paid to his surviving spouse for life.

Optional forms of payments which may be elected are as follows:

- Single Life Annuity.
- A Joint and Survivor benefit payable as long as the participant is alive with either 1%, 25%, 50%, 75% or 100% of such amount being payable during the lifetime of the participant's spouse upon the death of the participant.
- Level Income option, if eligible, which provides a larger benefit prior to age 62, with a reduced benefit after age 62.
- Lump Sum (based on the present value of the age 65 accrued benefit); this optional form was added effective January 1, 2014.

Optional Forms of Retirement Income in Lieu of Normal Retirement

The plan provides for optional monthly payment forms. Actuarial equivalence for purposes of determining the monthly payment amount derived by converting the Cash Balance Account into a Single Life Annuity is determined by using the annuity factor based upon the 1983 Group Annuity Mortality Table (blended 50% male and 50% female) and an effective annual rate of interest of 7.5%. For purposes of converting the Single Life Annuity to any Optional Form of payment which is payable as an annuity, such amount is determined by using the conversion rate table provided in Appendix A of the Ameren Retirement Plan Union Cash Balance Supplement.

The normal form of payment is a Single Life Annuity payable during the member's life; or if married a reduced benefit payable for the life of the member with the provision that after his death, one-half of the reduced benefit will be paid to his surviving spouse for life.

Optional forms of payments which may be elected are as follows:

- Single Life Annuity.
- Lump Sum equal to Vested Interest of the Cash Balance Account.
- A Joint and Survivor benefit payable as long as the participant is alive with either 50%, 75% or 100% of such amount being payable during the lifetime of the participant's spouse upon the death of the participant.
