Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by MG Trust Company, LLC, the trustee/custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee/custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee/custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee/custodian is complete and accurate.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our disclaimer of opinion is not modified with respect to this matter.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Giant RV 401(k) Plan** (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of the Company who have completed six consecutive months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
Each year, participants may contribute up to 50%, but no less than 1%, of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Roth deferrals are permitted under the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary contribution each year. Contributions are subject to certain IRS limitations.

Participant Accounts
Each participant's account is credited with the participant's contribution and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contributions is: 0% at less than 2 years, 20% at 2 years, 40% at 3 years, 60% at 4 years, 80% at 5 years and 100% at 6 or more years of service.

Forfeited Accounts
At December 31, 2014 and 2013, forfeited non-vested accounts totaled $90 and $2,827, respectively. These accounts will be used to reduce future employer contributions. Also in 2014, employer contributions were reduced by $2,827 from forfeited non-vested accounts.

Payment of Benefits
On termination of service, a participant may elect to receive a partial lump-sum or a lump-sum amount equal to the value of the vested interest in his or her account, installments over a specified period not to exceed the life or life expectancy of the participant and designated beneficiary, or delay receipt of benefits if the vested account balance is greater than $5,000.

Notes Receivable From Participants
Participants may borrow from their fund account up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate of 5.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan’s management. Principal and interest are paid ratably through semimonthly and monthly payroll deductions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than United States generally accepted accounting principles. Under this basis of accounting, employer and participant contributions are recorded in the period received rather than in the period to which they relate. Expenses are recorded when paid rather than when incurred. The statements of net assets available for benefits (modified cash basis) has been restated for 2013 to reflect this method of accounting.

Use of Estimates
The preparation of financial statements in accordance with the modified cash method of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the modified cash basis. Related fees are recorded in the notes receivable from participants and are paid out of the participant's account when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the notes receivable from participants. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through October 08, 2015, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

		2014	2013

		2014
Mutual Funds	$	**(17,220)**

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include - • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

NOTE 5 - PLAN TERMINATION

In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is

subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2014 and 2013, net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MG Trust Company, LLC (the trustee/custodian of the Plan).

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTE 9 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by various fund companies. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third party administrator, CUNA Mutual Retirement Solutions, of $5,003, which was not covered by revenue sharing. Loan fees paid out of participant accounts to CUNA Mutual Retirement Solutions also qualify as a party in interest transaction. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

The Form 5500 for the year ended December 31, 2013 was prepared on the accrual basis of accounting. The financial statements for the year ended December 31, 2014 were prepared on the modified cash basis of accounting.

NOTE 11 - PRIOR PERIOD RESTATEMENT

The prior period statement of net assets available for benefits (modified cash basis) has been restated to remove the participant contributions receivable of $23 for the year ended December 31, 2013. The restatement was made in order to prepare the financial statements on the modified cash basis of accounting.
