NOTES TO FINANCIAL STATEMENTS December 31, 2014 and 2013

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Serenity Hospice Care 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all qualifying employees of Serenity Hospice Care, LLC (the "Company") who have completed twelve consecutive months of service, with a minimum of 1,000 hours of service, and are 21 years of age or older. Employees may elect to defer salary on the earlier of the first day of the Plan year or the first day of the seventh month of the Plan year after completion of 12 months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, not to exceed statutory limitations as set by law, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds. The Company may make a matching contribution or a nonelective contribution. Contributions are discretionary and are subject to certain limitations. Employees become eligible for the contribution matching upon becoming eligible to participate in the plan. To be eligible for the nonelective contributions, employees must be employed on the last day of the Plan year and be credited with more than 1,000 hours during the Plan year. Participants may modify their deferral elections semi-annually.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer matching contribution, nonelective contribution, an allocation of the Plan's investment earnings, an allocation of forfeitures of terminated participants nonvested amounts, and is charged with an allocation of the Plan's investment and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions. Vesting in the Company's discretionary matching and nonelective contributions is based on years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Participant accounts with a vested balance of \$5,000 or less will be distributed to the participant as soon as is administratively feasible following the event that entitles the participant to a distribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification

Certain prior year balances have been reclassified to conform to the current year presentation.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 4 for discussion of fair value measurements.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Costs

The Plan's administrative expenses are paid by the Plan and reduce net assets available for benefits unless the Company elects to pay such expenses.

Subsequent Events

Subsequent events have been evaluated for potential recognition and/or disclosure through September 24, 2015. This represents the date the financial statements were available to be issued.

NOTE 3. INVESTMENTS

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by American Funds, the custodian of the Plan, as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

- a) Investments held and certified by American Funds at December 31:

NOTE 3. INVESTMENTS (continued)

b) Income certified by American Funds at December 31, 2014:

	Net Appreciation in Fair Value	Dividend/Interest Income

The fair value of individual investments that represent 5% or more of the Plan's net assets at December 31, are as follows:

	2014	2013
American Funds 2025 Target Date	\$ 11,959	\$ 2,317
American Funds 2030 Target Date	12,555	3,301

American Funds 2040 Target Date	12,019	3,048
American Funds 2045 Target Date	25,492	12,965
American Funds 2055 Target Date	4,065	**

** Does not exceed 5% or more of the Plan's net assets

During the year ended December 31, 2014, the Plan's investments in participant-directed mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$714. Dividend and interest income in participant-directed mutual funds totaled \$2,452 during the year ended December 31, 2014.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

SERENITY HOSPICE CARE 401(K)

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Mutual funds: Includes all mutual funds held by the Plan and are valued at the net asset value of shares held by the Plan at year end

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Bond funds	\$ 2,110	\$ -	\$ -	\$ 2,110

SERENITY HOSPICE CARE 401(K)

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the year ended December 31, 2014, there were no transfers in or out of levels 1, 2, or 3.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST-TRANSACTIONS

Certain Plan investments are shares of mutual funds, which are managed by American Funds. American Funds is the custodian and therefore, transactions with American Funds qualify as party-in-interest transactions

Administrative expenses paid directly from Plan assets to American Funds totaled \$250 for the year ended December 31, 2014. The Plan also paid indirect compensation to American Funds during the year.

NOTE 6. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances and the Plan assets would be distributed to participants on the basis of their prorated values at the termination date.

NOTE 7. TAX STATUS

The Company has adopted a Prototype Standardized Profit Sharing Plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 16, 2010, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has an effective date of January 1, 2013. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

FASB ASC requires the Plan Administrator to annually evaluate the Plan's tax positions, including accounting and measurement of uncertain tax positions. For the years ending December 31, 2014 and 2013, the Plan Administrator concluded that no uncertain tax positions had been taken that would require adjustment to or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for years before 2013.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Net income per Form 5500	<u>\$ 53,016</u>

NOTE 10. PROHIBITED TRANSACTIONS

During 2014, the Plan Sponsor inadvertently failed to deposit approximately \$42,165 of participant contributions within the required timeframe as stated by the United States Department of Labor regulations. The Plan Sponsor has deposited lost earnings and interest of \$40 to self-correct this failure. The Plan Sponsor has filed Form 5330 and paid the applicable excise tax. The lost earnings and interest and the excise tax payments have been paid from the Plan Sponsor's assets and not assets of the Plan.
