Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Riesbeck Food Markets, Inc. Profit Sharing 401(k) Plan (the Plan), which comprise the statements of net assets available for plan benefits (modified cash basis) as of December 31, 2014 and 2013, and the related statements of changes in net assets available for plan benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Emjay Retirement Services, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian, as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Riesbeck Food Markets, Inc. Profit Sharing 401(k) Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Riesbeck Food Markets, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Riesbeck Food Markets, Inc. (the Company). An eligible employee is any person employed by the Company who has one year of service and is age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees may enter the Plan during the month they become eligible.

Contributions

Participants may contribute on a pre-tax basis up to 50% of their compensation, limited by the provisions of the Internal Revenue Code (IRC) and other applicable legal limits. In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" (limited to \$5,500 in 2014 and 2013) may be made.

The employer may elect to provide matching contributions to the Plan. The Company's policy is to match each participant's contribution up to an amount equal to 1% of the participant's compensation for 2014 and 2013. The Company may also make an annual, discretionary profit sharing contribution. For the years ended December 31, 2014 and 2013, no discretionary contributions were made to the Plan.

The Plan offers a cash or deferred arrangement. Under the cash or deferred arrangement, each participant may elect to have the Company pay a portion of their contribution directly to them in cash. Each participant's share of the cash or deferred contribution is the percentage of the total cash or deferred contribution which bears the same ratio that their compensation for the plan year bears to the total compensation of all participants for the plan year.

Participant Accounts

The plan administrator maintains separate accounts directed by each participant. Each participant's account is credited with their voluntary contribution and with an allocation of the Company's contributions and plan earnings. Allocations of the Company's contributions are based on employee contributions or compensation, as applicable. Allocations of plan earnings are based on actual earnings on participant-directed investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and earnings thereon. The vested portion of amounts received from the Company's matching and discretionary contributions, plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service. Upon a participant's separation from the Plan, any nonvested portion of their account is subsequently deemed a forfeiture, and remains in the Plan for the benefit of remaining participants.

Riesbeck Food Markets, Inc. Profit Sharing 401(k) Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum amount equal to the vested value of the participant's account. Unless a lump-sum distribution is required by the Plan, participants may elect to receive alternate forms of distributions as defined by the plan document.

At December 31, 2014 and 2013, amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid were immaterial.

Notes Receivable From Participants

The Plan did not permit loans to participants in 2013. Effective January 1, 2014, the Plan was amended to permit participant loans. Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000, reduced by the participant's highest outstanding loan balance during the previous 12 months minus any outstanding loan balance on the date a new loan is made. Participants may have no more than two loans outstanding at any time. The minimum amount a participant may borrow is \$1,000. Repayment terms generally may not exceed five years unless the loan is used for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid through payroll deductions.

Forfeitures

Nonvested accounts are forfeited upon participants' terminations. Forfeited amounts may be used to reduce future contributions made by the Company. The balance in the forfeiture account that was available to offset future contributions was approximately \$6,800 at December 31, 2014 and \$4,800 at December 31, 2013.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are maintained on the modified cash basis of accounting. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, the Plan records investments at fair value and notes receivable at amortized cost. Receivables and payables from open trades, participant deferrals and excess contributions are not recorded.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation, Income Recognition and Risks

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 – Observable inputs such as quoted prices in active markets for identical investments that the Plan has the ability to access.
- Level 2 – Inputs include:
 - o Quoted prices for similar assets or liabilities in active markets;
 - o Quoted prices for identical or similar assets or liabilities in inactive markets;
 - o Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;
 - o Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- Level 3 – Unobservable inputs in which there is little or no market activity for the asset or liability, which require the reporting entity to develop its own estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation, Income Recognition and Risks (Continued)

The Plan's investment in the Federated Capital Preservation Fund (the Fund) is a fully benefit-responsive investment contract in a stable value common collective trust fund (CCT). The fair market value of all CCT interests has been determined using net asset value (NAV) and is used for expedience purposes. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. CCTs that have quoted market prices in markets that are not active are classified within Level 2 of the fair value hierarchy. The CCTs are primarily passive funds that provide daily liquidity for the various plan investment options. Participant-directed purchases and sales are at NAV. At December 31, 2014, the Fund holds guaranteed investment contracts (GICs), separate account GICs and synthetic GICs. In relation to these investments, the Plan has no unfunded commitments. Also, the Plan, along with its participants, can exchange shares with minimal restrictions and can do so daily. However, in the event of a complete withdrawal by the Plan from its CCT investments, trustees may exercise certain rights that would preclude complete withdrawal for a period of up to 12 months.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The cost of investments sold, distributed, or forfeited is determined using the specific-identification method. Investment purchases and sales are accounted for on a settlement-date basis. Investment income is recognized when received, disbursements are recognized when made and contributions are accrued at year end.

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with these investments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in the near term could materially affect the amount reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when received. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in the fair values of investments.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, as provided by the plan document. Generally, the Company pays all administrative expenses on behalf of the Plan.

Benefit Payments

Benefits are recorded when paid.

Recently Issued Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) issued updated guidance to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. The practical expedient criteria differ from the criteria used to categorize other fair value measurements within the fair value hierarchy. Currently, investments valued using the practical expedient are categorized within the fair value hierarchy on the basis of whether the investment is redeemable with the investee at NAV on the measurement date, never redeemable with the investee at NAV, or redeemable with the investee at NAV at a future date. Under this updated guidance, investments for which fair value is measured at NAV per share (or its equivalent) using the practical expedient should not be categorized in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV. The guidance is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years, and should be applied retrospectively. The retrospective approach requires that an investment for which fair value is measured using the NAV per share practical expedient be removed from the fair value hierarchy in all periods presented in an entity's financial statements. Earlier application is permitted.

Recently Issued Accounting Standards (Continued)

In July 2015, the FASB issued updated guidance on investment valuation and presentation. This three-part update simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and, accordingly, removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value (NAV) per share. These amendments are effective retrospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. This update also provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month end that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month end, while requiring certain additional disclosures. This portion of the update is effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. The Plan is currently evaluating the impact of this standard on its financial statements.

Consideration of Subsequent Events

The Plan's management evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through September 25, 2015, the day the financial statements were approved and authorized for issue.

3. Investments (Continued)

The fair value of individual investments that represents 5% or more of the Plan's net assets at December 31 is as follows:

	2014	2013
Baron Asset Fund	\$ 752,407	*
Federated Capital Preservation Fund	\$ 1,589,396	\$ 1,866,732
Federated International Small-Mid Co. Fund	*	\$ 619,769

Victory Special Value Fund	*	\$ 617,461
WesBanco, Inc. Wesmark Growth Fund	\$ 795,011	\$ 738,560

* Did not meet 5% threshold

The net appreciation (depreciation) in the Plan's investments, including investments bought, sold, and held during the year, was related entirely to mutual funds in 2014 and 2013.

4. Certification of Financial Information

Emjay Retirement Services, the custodian of the Plan, has certified the investment information related to mutual funds and the collective trust summarized in the statements of net assets available for plan benefits as of December 31, 2014 and 2013, and the statements of changes in net assets available for plan benefits for the years ended December 31, 2014 and 2013, is complete and accurate.

5. Tax Status

The Plan is a prototype plan of Retirement Plan Service Company of America, a division of Federated Investors, Inc. The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since obtaining the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Riesbeck Food Markets, Inc. Profit Sharing 401(k) Plan

Notes to the Financial Statements (Continued)

6. Parties-in-interest Transactions

Certain plan assets are invested in shares of mutual funds managed by WesBanco, Inc., trustee of the Plan, and Federated Investors, Inc., who established the plan prototype as discussed in Note 5. These transactions qualify as party-in-interest transactions. These transactions are not, however, prohibited under Section 408(b) of ERISA regulations.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries at no cost to the Plan.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The adjustment from fair value to contract value for fully benefit-responsive investment contracts is not recorded on Schedule H of Form 5500 for the years ended December 31, 2014 and 2013.

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

	2014	2013
Net assets available for plan benefits per the financial statements	\$ 11,944,369	\$ 11,013,836
Add: Adjustment from fair value for interest in collective trust relating to fully benefit-responsive investment contracts	2,490	2,352
Net Assets Available for Plan Benefits Per Schedule H of Form 5500	\$ 11,946,859	\$ 11,016,188

The following is a reconciliation of net appreciation and other income in fair value of investments per the financial statements for the years ended December 31, 2014 and 2013 to Schedule H of Form 5500:

	2014	2013
Net appreciation (depreciation) in fair value per the financial statements	\$ (16,215)	\$ 1,489,359
Net adjustment from fair value for interest in collective trust relating to fully benefit-responsive investment contracts	138	(24,846)
Net Investment Gain (Loss) Per Schedule H of Form 5500	\$ (16,077)	\$ 1,464,513
