**NOTES TO FINANCIAL STATEMENTS**

## 1. Description of the Plan

The following description of the Rana USA Inc. 401(k) Profit-Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the published summary Plan booklet for a more complete description of the Plan's provisions.

**General:**

The Plan became effective on January 1, 2012. The Plan is a defined-contribution plan covering all employees of Rana USA Inc. (the Company) and participating affiliates as denoted in the Adoption Agreement. The purpose of the Plan is to enable eligible employees to save for retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Plan participation:**

An employee of the Company shall become eligible to participate on the first day of the calendar month following the date on which the employee attains the age of 18 and completes three months of service. A monthly service credit is received when one hour of service is completed per a given month. On November 1, 2014, the Plan was amended to require no minimum service requirement.

**Contributions:**

Each year, participants may contribute up to the lesser of 90% of pre-tax annual compensation as defined in the Plan or the maximum amount as allowed by the Internal Revenue Code (the Code). Contributions can be made on a regular 401(k) "pre-tax" basis or on a ROTH 401(k) "after-tax" basis. Participants may also contribute rollover amounts representing distributions from other qualified plans.

Employees who elect deferral contributions to the Plan are also eligible for a 50% Company match. The Company matching contributions are allocated to participants according to the ratio of each participant's contributions to the total contributions for all participants in the Plan. The contribution is limited to the first 6% of compensation.

In addition, the Company may make an annual discretionary profit-sharing contribution in an amount to be determined at Plan year-end by the Companies' Board of Directors. A participant must be employed as of the last day of the Plan year to be eligible for a profit-sharing contribution. There were no discretionary profit-sharing contributions for the year ended December 31, 2014.

## 1. Description of the Plan (continued)

**Participant accounts:**

Each participant's account is credited with the participant's contributions and allocations of (a) the Companies' contribution and (b) Plan earnings and decreased with participant's withdrawal and allocations of administrative expenses. A participant directs his or her and the Companies' contributions in the various investment options offered by the Plan. Allocations are based on participant's earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:**

A participant's vested portion of the employer contribution amounts credited to his or her account is based on the number of years of service to the Companies. The vested portion is determined in accordance with the following schedule:

| Years of service | Vested portion |
|---|---|
| Less than 2 years | 0% |
| At least 2 years, but less than 3 | 20% |
| At least 3 years, but less than 4 | 40% |
| At least 4 years, but less than 5 | 60% |
| At least 5 years, but less than 6 | 80% |
| 6 years or more | 100% |

Participants are vested immediately in their contributions plus earnings thereon.

**Investment options:**

The Plan currently offers a variety of mutual funds and a common collective trust as investment options for participants.

**Payment of benefits:**

A participant becomes entitled to benefits under the Plan upon normal retirement, death, disability or other termination of employment. Benefit payments are generally paid in a lump-sum as soon as practicable after employment with the Company has ended. Participants who terminate with account balances greater than $5,000 may elect to leave their account balances in the Plan.

## 1. Description of the Plan (continued)

**Payment of benefits: (continued)**

Until such time as the funds are distributed, the participant is entitled to receive a pro-rata share of fund earnings. Benefits may also be paid directly to an eligible retirement plan as an eligible rollover distribution.

**Participant loans:**

A participant may borrow from their fund accounts amounts not to exceed the lesser of $50,000 or 50% of the vested portion of the balance with the minimum loan amount being $500. The term of all loans shall be 60 months or less (120 months for purchase of principal residence). If administratively available, up to three loans may be outstanding at any time, provided however, that only one loan with an initial term greater than 60 months may be outstanding at any time and provided further, that, to the extent required by regulations under Code Section 72(p), no more than two loans within a calendar year may be outstanding. All loans bear a reasonable rate of interest as determined by prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

**Forfeitures:**

If a participant terminates employment and is less than 100% vested in the employer account, then he or she may forfeit the non-vested portion of the employer account. A forfeiture will occur in the Plan year that a distribution of the entire vested account balance is received or after five consecutive one-year breaks in service if a distribution is not made. Forfeitures of employer matching contributions are used to reduce the Company's future matching contributions or to reduce administrative expenses. Forfeitures arising during the year ended December 31, 2014 totaled $13,474. The Company used $20,474 of accumulated forfeitures towards matching contributions during the year ended December 31, 2014. There was no remaining unused forfeiture account balance at December 31, 2014 or 2013.

## 2. Summary of significant accounting policies

**Basis of accounting:**

The financial statements of the Plan are prepared under the accrual method of accounting.

**Use of estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

**Investment valuation and income recognition:**

Investments are stated at fair value. The fair values of marketable securities are based on quotations from national securities exchanges. Where marketable securities are not listed on an exchange, quotations are obtained from brokerage firms. Investment transactions are recorded on a trade-date basis and investment income is presented on an accrual basis.

Units of the common collective trust funds are valued based on the most current quoted market prices of the underlying securities at year-end. The fully benefit-responsive investment contracts are adjusted to contract value. Contract value represents investments at cost, plus accrued interest, less amounts withdrawn to pay benefits.

**Administrative expenses:**

All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company.

**Payment of benefits:**

Benefits are recorded when paid.

## 2. Summary of significant accounting policies (continued)

**Notes receivable from participants:**

As described in Note 1, the Plan allows for participants to borrow against their vested account balance and the loan is secured by the participant's account balance. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are repaid ratably through regular payroll deductions and loan defaults are treated as distributions. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans determined to be uncollectible. As of December 31, 2014 and 2013, no allowance for uncollectible loans was deemed necessary.

Notes receivable from participants of $23,152 are also certified by the Custodian at December 31, 2014. The interest rate on these receivables was 5.25% in 2014. There were no outstanding loans at December 31, 2013.

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of the investments disclosed above and notes receivable from participants which are included in the statement of net assets available for plan benefits as of December 31, 2014 and 2013, the schedule of assets (held at end of year) at December 31, 2014 and related investment activity reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2014. During the year ended December 31, 2014, interest and dividend income totaled $35,360. The Plan's investments, consisting of mutual funds (including investments bought, sold and held during the year), depreciated in value by $12,385 for the year ended December 31, 2014.

## 3. Investments (information prepared and certified by Custodian) (continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

## 4. Plan termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## 5. Tax status of the Plan

The Company has received a favorable determination letter from the Internal Revenue Service dated March 31, 2008, stating that the Plan is in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and is being operated in accordance with applicable rules and regulations of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## 6. Party-in-interest transactions

State Street Bank and Trust Company is the Custodian of all the Plan assets and, therefore, fees paid to them qualify as party-in-interest transactions. Administrative fees totaled $925 for the year ended December 31, 2014.

## 7. Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of Form 5500:

| Less: prior year excess contributions liability | | (46,988) |
| Net increase in net assets available for plan benefits per Form 5500 | $ | 364,827 |

## 8. Risks and uncertainties

The Plan provides for various investment options in any combination of interests in registered investment entities. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

## 9. Fair value measurements

The financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820) *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include:<br>• quoted prices for similar assets or liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## 9. Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common collective trust: Value based on contractual terms underlying the contract. Provides a daily mil-rate for income accretion.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Assets at fair value as of December 31, 2014:

| December 31, 2014 | Level 1 | Level 2 | Total |

| Common collective trust | | $ 17,687 | 17,687 |
| Total assets at fair value | $ 440,111 | $ 17,687 | $ 457,798 |

## 10. Excess contributions refundable

At December 31, 2014 and 2013, payables of $29,263 and $46,988, respectively, were recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

## 11. Invesco Stable Asset Trust Fund

The primary investment objectives of the Invesco Stable Asset Trust Fund (the Fund) are to provide preservation of principal, maintain a stable interest rate and provide daily liquidity at contract value for participant withdrawals and transfers. The Fund invests primarily in Synthetic Guaranteed Investment Contracts, Guaranteed Investment Contracts and wrapper contracts.

As described in Note 2, because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the Fund. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

## 11. Invesco Stable Asset Trust Fund (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed-upon with the issuer, but it may not be less than zero.

In certain circumstances, the amount withdrawn from the wrapper contract would be payable at fair value rather than contract value. These events include termination of the Plan, a material adverse change to the provisions of the Plan, the employer elects to withdraw from a wrapper contract in order to switch to a different investment provider or if the terms of a successor Plan (in the event of the spin-off or sale of division) do not meet the wrapper contract issuer's underwriting criteria for issuance of a clone wrapper contract.

The aggregate average yield of the Fund for the years ended December 31, 2014 and 2013 was 1.45% and 1.26%, respectively. The aggregate interest rate credited to participants for the Fund as of December 31, 2014 and 2013 was 1.55% and 1.45%, respectively.

## 12. Subsequent events

The Plan Administrator has reviewed and evaluated subsequent events from December 31, 2014, the financial statement date, through October 8, 2015, the date the financial statements were available to be issued. No events have occurred in this period that would be required to be recognized and/or disclosed in these financial statements as required by generally accepted accounting principles.
