NOTE A – DESCRIPTION OF PLAN

The following description of the Manhattan Beer Distributors LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

General. The Plan is a defined contribution plan covering all full time employees of the Company who have one year of service and are aged twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants. The Company matches between 50% and 100% of the first 6% of compensation contributed by to the plan by participants. The matching Company contribution is invested as per employee instructions. Contributions are subject to certain limitations.

Participants Amounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion on their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six continuous year of service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratable through monthly payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly or annual installments over a period not to exceed the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $54,662 and $28,041, respectively. These accounts will be used to reduce future employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The Plan reports on the basis of cash receipts and disbursements, except that investments are reported at fair value in the statements of net assets available for benefits and changes in fair value of investments are shown as appreciation or depreciation in the statements of changes in net assets available for plan benefits. This modified cash basis is a comprehensive basis of accounting other than generally accepted accounting principles.

Estimates. The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Restated. Certain prior period balances have been restated to conform to current year's presentation.

NOTE C – INVESTMENTS – (UNAUDITED)

The following presents investments at December 31, 2014 and 2013 that represent approximately 5% or more of the plans assets included in the Plan's financial statement and supplemental schedule, that were prepared or derived from information prepared by Boston Financial Data Services Inc., as agent for State Street Bank and Trust Company, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the Trustee that such information is complete and accurate.

NOTE D – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.
The three levels of the fair value hierarchy under generally accepted accounting principles are described below:

Level 1—Quoted market prices in active markets for identical assets or liabilities
Level 2—Observable market-based inputs or unobservable inputs corroborated by market data
Level 3—Unobservable inputs reflecting the reporting entity's own assumptions

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques followed need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2014:

	Level 1
Registered investment accounts	$ 45,133,110
Money market	5,060,863
Total assets at fair value	$ 50,193,973

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2013:

	Level 1
Registered investment accounts	$ 39,211,390
Money market	4,160,290
Total assets at fair value	$ 43,371,680

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE F – RELATED PARTY

The Plan invests in T. Rowe Price mutual funds, who is the also the third party administrator of the plan.

NOTE G – TAX STATUS

As of January 1, 1998, the Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan has adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. The standard clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes a threshold of more-likely-than-not for recognition of tax benefits of uncertain tax positions taken or expected to be taken in a tax return. The standard also provides related guidance on measurement, derecognition, classification, interest and penalties, and disclosure. The plan is subject to routine audits by taxing jurisdictions; however, there are not audits currently in progress. The Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 9, 2015 the date that the financial statements were available to be issued.
