Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Watson Gravel, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014 and schedule of delinquent participant contributions are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following brief description of the Watson Gravel, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Watson Gravel, Inc. (the "Company"). The Plan covers all full-time employees who have attained the age of 18, and completed one year of employment with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 100% of their gross annual wages to the Plan, but may not exceed the maximum dollar limits set by law for such contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make "rollover" contributions to the Plan of amounts distributed from other qualified pension plans. The Company may, at its sole discretion, make a matching contribution equal to a percentage of participants' contributions. The Company determines what, if any, percentage to contribute subsequent to the end of the Plan year, and only participants who are actively employed on the last day of the Plan year and completed 1,000 hours of service during the Plan year, or who retired, died, or became disabled during the Plan year, are eligible to share in this contribution. The Company may also, at its sole discretion, make a profit sharing contribution to the Plan for all eligible employees, including those who are not currently contributing to the Plan. Participants direct the investment of their funds into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, and an allocation of plan earnings. Allocations are based on participant compensation, deferrals, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service, as defined by the Plan. A participant is 100% vested after six years of credited service or upon reaching normal retirement age, as defined. In order to be credited with a year of service, an employee must provide 1,000 hours of service in a Plan year.

Notes receivable from participants

Participants may borrow from their account in the Plan, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or greater for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a reasonable prevailing rate consistent with similar loans. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service due to death, disability, or retirement, participants with vested balances in excess of \$1,000 may elect to receive either a lump-sum amount equal to the vested value of their accounts, discretionary partial withdrawals, or periodic installments over either their expected lives or the expected lives of the participants or their beneficiaries. Balances of less than \$1,000 are distributed in a lump-sum amount equal to the vested value of the account. Distributions prior to termination of service (in-service distributions) from salary deferral, profit sharing, matching or QNEC accounts are allowed upon attainment of age 59½. Distributions from employee rollovers are allowed at any time. Distributions from any account are permissible for various hardships (as defined in the Plan) necessitated by immediate and significant financial needs.

Forfeited accounts

Forfeited nonvested accounts were \$1,851 and \$10 at December 31, 2014 and 2013, respectively. These accounts will be used to reduce future employer contributions. No forfeitures were used during 2014 or 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Company has evaluated guaranteed investment contracts held in the John Hancock Stable Value Fund, a pooled separate account, and determined that they are fully benefit-responsive contracts. Accordingly, the Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis. The Form 5500 is prepared on the contract value basis, and therefore, there is no reconciliation between the Financial Statements and the Form 5500.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments represents realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

Participant notes receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Withdrawals and payment of benefits

Withdrawals and benefits are recorded upon distribution.

Expenses

Certain expenses of maintaining the Plan are performed by officers or employees of the Plan's sponsor, Watson Gravel, Inc. No such officer or employee receives compensation from the Plan. The Plan Sponsor has elected to pay certain costs associated with plan administration out of the assets of the Plan as provided by the Plan provisions.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through October 8, 2015, the date on which the financial statements were available to be issued.

3. INVESTMENTS:

All financial data related to the Plan's investments used in the preparation of the statements of net assets available for benefits, statements of changes in net assets available for benefits and the supplemental schedule of assets (held at end of year) have been certified as to accuracy and completeness by the plan's custodian, John Hancock Life Insurance Company.

The following presents investments that represent 5 percent or more of the Plan's net assets as of December 31:

4. INVESTMENT CONTRACTS IN POOLED SEPARATE ACCOUNTS:

The Plan maintains an investment contract in a pooled separate account, the John Hancock Stable Value Fund (the SVF). The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The contract is valued based on the net asset value of the fund as of year-end. The net asset value of the fund as of year-end is calculated using the fair value of the underlying investments of the fund, less any liabilities of the fund, divided by the number of shares issued.

The SVF is included in the financial statements at fair value, with a separately presented adjustment to contract value, because it is fully benefit-responsive. The SVF invests principally in guaranteed investment contracts ("GICs") issued by insurance companies; investment contracts issued by banks ("BICs"); structured or synthetic investment contracts ("SICs") issued by banks, insurance companies, and other issuers, as well as the securities supporting such SICs (underlying assets), separate account contracts ("SACs"); and other similar instruments that are intended to maintain a constant net asset value while permitting participant-initiated, benefit-responsive withdrawals for certain events.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were 1.81% and 2.29% for the year ended December 31, 2014. The average yield and crediting interest rates were 1.91% and 1.77% for the year ended December 31, 2013.

5. FAIR VALUE MEASUREMENTS:

Generally accepted accounting principles provide the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: The Plan's pooled separate accounts do not have readily determinable market values. The Plan, as permitted by accounting principles generally accepted in the United States of America, has valued this investment based on the net asset value reported by the investment manager, which is based on the underlying securities. These securities consist primarily of registered investment companies, which are valued based on quoted market prices. The Plan's pooled separate accounts also include an interest in the John Hancock Stable Value Fund, a common/collective trust managed by John Hancock Life Insurance Company and determined to be fully benefit-responsive. The Plan's interest in the John Hancock Stable Value Fund has been valued based on the net asset value reported by the investment advisor. Participants may generally redeem their interest in the Plan's pooled separate accounts at any time. There are no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2014 and 2013:

Assets at fair value as of December 31, 2014

	<u>\$ 3,348,373</u>	<u>3,038,527</u>	<u>-</u>	<u>309,846</u>

The following table summarizes the activity for assets valued using level 3 inputs at December 31, 2014 and 2013:

Balance January 1, 2013	\$ 363,765
Purchases	3,968
Sales	(47,701)
Unrealized loss	(10,186)
Balance December 31, 2013	309,846
Purchases	89,277
Unrealized gain	6,269
Balance December 31, 2014	<u>\$ 405,392</u>

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

6. PARTY-IN-INTEREST TRANSACTIONS:

Pooled separate accounts are issued by John Hancock Life Insurance Company. Since John Hancock Life Insurance Company is custodian of the Plan, these transactions qualify as party-in-interest transactions. Fees paid to John Hancock Life Insurance Company were \$1,535 and \$822 during 2014 and 2013, respectively.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS:

The plan sponsor adopted a Standardized Regional Prototype Profit Sharing Plan, for which a letter from the Internal Revenue Service has been received indicating that an employer who adopts this prototype plan will be considered to have a plan qualified under applicable sections of the Internal Revenue Code (IRC). The plan sponsor has elected not to request a separate determination letter for the Plan. The plan sponsor and the plan's administrator believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, they believe the Plan was qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years ended prior to December 31, 2011.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participant accounts and the amounts reported in the financial statements and supplemental schedule.

10. CONCENTRATIONS:

Watson Gravel, Inc. is primarily located in Southwest Ohio. As such, the Plan is affected by the economic conditions of the region. Financial instruments which subject the Plan to significant concentrations of credit risk consist primarily of investments in investment contracts with John Hancock Life Insurance Company.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS:

During 2014, the plan sponsor failed to deposit \$4,094 of participant contributions and loan repayments to the plan in a timely manner. The plan sponsor is in the process of calculating lost earnings on the late remittances and intends to make the necessary corrections. During 2013, the plan sponsor failed to deposit \$59,451 of participant contributions and loan repayments to the plan in a timely manner. The plan sponsor made the necessary corrective payments on the 2013 late remittances during January of 2015.
