SYNAPSE PRODUCT DEVELOPMENT 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan:

The following description of the Synapse Product Development 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of Synapse Product Development, LLC (the Company). The Plan and related trust were established February 2, 2005 and are subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Plan changed trustees from Mid Atlantic Trust Company to Fidelity Management Trust Company effective July 11, 2013.

Eligibility:

The Plan covers all employees except those who are: under the age of 18, covered by a collective bargaining agreement, nonresident aliens, temporary, seasonal, intern, or part-time. Eligible employees may join the Plan on their date of hire.

Contributions:

Participants may elect to defer up to 95% of compensation, up to the maximum dollar amount permitted by applicable law. The Plan allows for catch-up contributions for participants who are age 50 or older. Participants are given the option to contribute pre-tax earnings or after-tax earnings to a standard 401(k) account or Roth 401(k) account, respectively. Participants may also make rollover contributions from other qualified plans.

The Plan provides a safe harbor matching contribution equal to 100% of a participant's eligible contribution, up to 3%, and 50% of a participant's eligible contribution after 3%, up to a maximum of 5% of compensation.

The Company may make a discretionary nonelective employer contribution on behalf of each eligible participant. The Company did not make a nonelective employer contribution during 2014.

Vesting:

Participants are immediately 100% vested in all contributions plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contribution, the Company's contributions, a pro rata share of investment income earned by the respective investments into which the participant has directed his or her account balances, and a pro rata share of Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants may direct the investment of their accounts by choosing among the investment alternatives selected by the Plan administrator. Investment alternatives include an array of mutual funds and one money market fund that provide a range of risk and return choices.

Forfeitures:

Forfeitures may be used to pay the Plan's administrative expenses and to reduce employer discretionary matching contributions. During the year ended December 31, 2014, there were forfeitures of \$2,193 which are held in the forfeitures account at December 31, 2014. There were no unused forfeitures as of December 31, 2013.

Retirement:

Normal retirement age is 65.

Payment of benefits:

Upon retirement, disability, termination or death, participants or their designated beneficiaries are to receive payment of benefits in the form of lump sum distributions. In-service withdrawals are permitted after age 59½, or from the rollover account at any time.

Hardship withdrawals:

While still employed by the Company, participants are permitted to withdraw a single lump sum from their deferral contribution account balance under certain conditions. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued):

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to 50% of their account balance, not to exceed \$50,000. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, bear interest at a reasonable rate, and are secured by the balance remaining in the participant's accounts. Interest is accrued on a daily basis on outstanding notes receivable from participants. At December 31, 2014, interest rates ranging between 3.25% and 4.25% are being charged on the notes receivable outstanding, with payments due through March 2019.

As of December 31, 2014 and 2013, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Plan termination:

The Company reserves the right to amend or terminate the Plan at any time subject to the provisions of ERISA. However, no such amendment or termination shall deprive any participant of any vested interest in the Plan.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are presented on the accrual basis of accounting. Benefits are recorded when paid.

SYNAPSE PRODUCT DEVELOPMENT 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued):

Subsequent events:

The Plan has evaluated subsequent events through October 12, 2015, the date the financial statements were available to be issued.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Gains and losses (realized and unrealized) are reported in net appreciation in fair value of mutual funds.

3. Tax status:

In a letter dated March 31, 2008, the Internal Revenue Service (IRS) determined that the form of the Volume Submitter Profit Sharing Plan dated January 30, 2006 used by the Plan and related trust is acceptable under the applicable sections of the Internal Revenue Code (the Code). The Volume Submitter Profit Sharing Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan and related trust is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.
