**Notes to the Financial Statements
December 31, 2014 and 2013**

Note 1 Description of Plan

The following brief description of the Empire City – Yonkers Raceway 401 (k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was established by Yonkers Racing Corporation (the “Company”) on January 1, 2007 and became effective October 1, 2007. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

Non-union employees, as well as certain union employees of the Company, who have completed 90 days of continuous employment with at least 240 hours of service, and are at least 21 years old are eligible to participate in the Plan.

Contributions

Participants may contribute up to a maximum of 80% of pretax annual compensation, as defined in the Plan. A participant’s total contributions in any year may not exceed the maximum amounts for that year as specified in the Internal Revenue Code and regulations thereunder. Highly compensated employees (as defined by the Internal Revenue Service) may be limited to a smaller contribution.

The Company may make a discretionary matching contribution, which currently equals 50% of the first 4% of the 401(k) salary deferral amounts that the participants have contributed. The Company can also elect to make qualified non-elective (discretionary) contributions which are allocated based on the ratio of a participant’s compensation to compensation paid to all participants eligible for the allocation.

Participant’s Individual Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contribution plus actual earnings thereon. Vesting in the Company’s contribution portion of their account is based on years of continuous service. A participant is 100% vested after four years of credited service.

401 (K) PLAN**

**Notes to the Financial Statements

Note 1 Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loan transactions are treated as a transfer from the participant investment fund to the participant loan receivable category. The maximum term of any loan is five years. Loans are secured by the balance in the participant's account. Interest rates are to be determined by the Loan Administrator who shall take into consideration the prime lending rate of a commercial U.S. bank available within reasonable geographic vicinity. The rate of interest on the loan will be fixed and will not change for the duration of the loan payment period. Loan repayments are deposited into the participant's account through payroll deductions and interest paid by the participant is credited to the participant's account.

Investments

Each participant may elect to have his or her individual account invested as he or she so designates in one or more of the available investment funds in accordance with the Plan document. In addition, participants may elect to have their investments monitored for them based on various risk categories, such as aggressive, moderate or low risk.

Payment of Benefits

Participants are entitled to receive distributions of their vested interest in the Plan upon termination of employment, retirement, disability, financial hardship, or upon attaining the age of 59-1/2, as defined by the Plan. The beneficiary(s) of a participant are entitled to receive a distribution of a participant's interest in the Plan upon the death of such participant. Upon termination of employment, the participant may have all or any portion of their distribution either (1) rolled into an individual retirement account or another qualified retirement plan or (2) paid directly to them. If the distribution is made directly to the participant, the Plan will withhold from the participant 20% of the gross distribution, as required by the Internal Revenue Service.

Forfeited Accounts

Unallocated forfeitures at December 31, 2014 and 2013 were \$41,466 and \$36,383, respectively. The total amount of forfeitures determined as of each Plan year may be first applied to payment of Plan administrative fees. Any remaining forfeitures may then be applied to reduce the amount the Company would otherwise contribute.

401 (K) PLAN**

**Notes to the Financial Statements
December 31, 2014 and 2013**

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets. Amounts allocated to accounts of participants who have elected to withdraw from the Plan are to be recorded as distributions when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Note 2 Summary of Significant Accounting Policies (Continued)

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events Evaluation by Management

Subsequent events were evaluated through October 9, 2015, which is the date the financial statements were available to be issued.

Note 3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	--

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

**EMPIRE CITY – YONKERS RACEWAY
401 (K) PLAN**

**Notes to the Financial Statements
December 31, 2014 and 2013**

Note 3 Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed interest contract: Guaranteed interest contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

Note 3 Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the years ended December 31, 2014 and 2013:

	2014	2013

Balance, end of year	<u>\$ 220,254</u>	<u>\$ 316,405</u>

Note 4 Guaranteed Interest Contract

The Plan entered into a benefit-responsive interest contract with The Guardian Insurance & Annuity Company, Inc. ("Guardian") which maintains the contributions in a separate account (Fixed Rate Investment Option or "FRIO"). The account is credited with earnings and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value (which equals fair value) as reported to the Plan by Guardian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, with a minimum guaranteed interest rate of 1.50%. Such interest rates are reviewed on an annual basis for resetting. The average yield and crediting interest rates were approximately 1.5% for 2014 and 2013, respectively.

Certain events limit the Plan's ability to transact at contract value with Guardian. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor, or (c) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed interest contract does not permit Guardian to terminate the agreement prior to the scheduled maturity date.

Note 5 Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

Stadion Growth Fund	\$ 2,929,358	\$ 2,714,107
Stadion Moderate Growth Fund	\$ 1,576,388	\$ 1,140,787
Stadion Capital Preservation	\$ 408,121	\$ 372,917

Note 6 Information Prepared and Certified by Trustee

The following information, included in the accompanying financial statements and supplemental schedule, was obtained from data that has been prepared and certified to as complete and accurate by Guardian, trustee of the Plan, as of and for the year ending December 31:

	2014	2013
Investments at Fair Value	<u>\$ 7,603,869</u>	<u>\$ 6,586,427</u>
Investment Income	<u>\$ 150,210</u>	<u>\$ 812,398</u>

Note 7 Related Party Transactions

Certain services are rendered to the Plan by the Company at no cost to the Plan. All of the Plan's investments are in pooled separate accounts managed by The Guardian Insurance & Annuity Co. Administrative fees of \$34,535 and \$35,748 were paid by the Plan to The Guardian Insurance & Annuity Co. for the years ended December 31, 2014 and 2013, respectively.

All Plan investments are managed by Park Avenue Securities, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$30,410 and \$29,826 for the years ended December 31, 2014 and 2013, respectively.

**EMPIRE CITY – YONKERS RACEWAY
401 (K) PLAN**

**Notes to the Financial Statements
December 31, 2014 and 2013**

Note 8 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

Note 9 Tax Status

The prototype plan sponsor has obtained an opinion letter dated August 9, 2010, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator timely adopted the restated prototype plan. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in accordance with IRC requirements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2011.

Note 10 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
