REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees
Knox Community Hospital Employees' Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Knox Community Hospital Employees' Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by American United Life Insurance Company (the trustee of the Plan), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Assets Held at End of Year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF THE PLAN

The following is a general description of the Knox Community Hospital Employees' Pension Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution money purchase pension plan covering employees of Knox Community Hospital (the "Hospital"), including employees of Bert W. Martin Memorial Hospital and Mercy Hospital, or any other successor corporation by merger, purchase or otherwise.

Eligibility

Employees are eligible to participate after attaining the age of 21 and completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Hospital contributes 3% of eligible participants' compensation to the Plan. Prior to January 15, 2013, the Hospital contributed a matching contribution equal to 50% of such participants' elective deferral contribution made to the Tax Deferred Annuity Plan, up to 6% of participants' compensation. Effective January 15, 2013, the Hospital no longer contributes a matching contribution under this Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan.

Participants Accounts

Each participant's account is credited with the Hospital's contribution and Plan earnings. Earnings are allocated based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance, subject to vesting provisions.

Vesting

Vesting is based on years of service. A participant is 100 percent vested after six years of credited service.

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

Payment of Benefits

Upon retirement, a participant shall receive an annuity, lump sum, or installment as described in the Plan document. If a participant terminates employment, he or she shall be entitled to a retirement benefit beginning on his or her normal retirement date.

Forfeitures

Forfeitures represent the non-vested portion of the Hospital contributions plus earnings thereon, which are not distributed to participants who terminate employment before they are 100% vested. In the event a terminated employee is not reemployed within five consecutive one year breaks in service, such forfeitures may be used to reduce the Hospital's contribution to the Plan. \$96,492 and \$96,707 of forfeitures were available to be used to reduce employer contributions at December 31, 2014 and 2013, respectively, and \$67,445 and \$25,000 of forfeitures were used to reduce employer contributions in 2014 and 2013, respectively.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the amounts reported on the financial statements. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Typically, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract. However, as the contract value of these contracts approximate their fair values, no adjustment is considered necessary at December 31, 2014 and 2013.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan.

Transfers Out

Transfers out represent Plan assets disbursed to a separate retirement plan of the Hospital

Subsequent Events

The Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 9, 2015, which is the date the financial statements were available to be issued.

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

3. FAIR VALUE OF FINANCIAL INSTRUMENTS

The frame work for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There were no transfers between hierarchy levels during 2014 or 2013. The Plan's policy is to recognize transfers, if any, between levels as of the actual date of the event or change in circumstances.

Following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2014 and 2013:

Pooled separate accounts: Represents accumulation units and the value is based on the underlying share values adjusted for dividends, distributions and the daily equivalent of any fee charged by the trustee. The value of each accumulation unit is published each day. Each investment account is exclusively invested in shares of a specific mutual fund as directed by the participant (Level 2).

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

Insurance contracts: Valued at contract value which approximates fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (Level 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis as of December 31, 2014 are as follows:

	Level 1	Level 2	Level 3	Total
Insurance contracts	\$ -	\$ 6,017,392	\$ -	\$ 6,017,392

4. INVESTMENTS

The Plan has investments managed by the American United Life Insurance Company (trustee) (AUL) whereby all the Hospital contributions are remitted to the trustee and invested. The accounts are credited with actual earnings on the underlying investments and charged for plan withdrawals. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certification from the trustee of the Plan that all the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments, interest and dividend income, net appreciation in fair value of investments and all information in the supplemental schedule is presented in reliance solely upon those certifications.

The following table presents investments representing 5% or more of Plan assets:

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

Insurance Contracts

The Plan has two benefit-responsive investment contracts with AUL. AUL maintains the investments in the original fixed fund and the alternate fixed fund contract. These accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value which is an appropriate determination of fair value for the contract as reported to the Plan by AUL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

AUL Contracts – These are common/collective trusts which invest primarily in a diversified portfolio of insurance company contracts. The contracts are as follows:

- For insurance contract #G62142 fixed account, the average yield was 4.00% for 2014 and 2013, and the crediting interest rate as of December 31, 2014 and 2013 was 4.00%.
- For insurance contract #G62142 alternate fixed fund, the average yield for 2014 and 2013 was 3.75% and the crediting interest rate as of December 31, 2014 and 2013 was 3.75%.

Crediting interest rates are determined by dividing earned income for the day by the new contract value. On December 31, 2014 and 2013, fair value approximates contract value and there are no valuation reserves.

Certain events limit the ability of the Plan to transact at contract value with AUL. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The group annuity investment contracts can be terminated by either the plan sponsor or AUL by providing thirty (30) days written notice to the other party.

KNOX COMMUNITY HOSPITAL EMPLOYEES' PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2014 AND 2013

5. TAX STATUS

The Plan obtained its latest determination letter on July 6, 2012 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2012.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are maintained by AUL. AUL is the trustee of the Plan. Blue & Co., LLC is the Plan auditor. These transactions qualify as party-in-interest transactions.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
