PGAL 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2014 and 2013

Note 1: Description of the Plan

The following description of PGAL 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Pierce Goodwin Alexander & Linville, Inc. (the Company), for the benefit of its employees who have completed one month of service and are age 21 or older. Related employers who also participate in the Plan include PGAL, LLC. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan and serves as Plan custodian.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 75 percent of eligible compensation. A participant may elect to have all or a portion of the participant's elective deferrals to be Roth elective deferrals when contributed to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employee rollover and employee Roth contributions are also permitted. The Company may elect to make discretionary profit sharing contributions. Contributions are subject to certain limitations. Forfeitures are allocated among active participants. Both the discretionary profit sharing contributions and forfeitures are allocated among eligible participants based upon compensation.

Participant Investment Account Options

Participants direct the investment of their contributions, as well as the Company's contribution, into various investment options offered by the Plan. The Plan currently offers various mutual funds, a common/collective trust and a money market fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, plan earnings and forfeitures of terminated participants' non-vested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are the benefits which can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after six years of continuous service. The non-vested balance is forfeited upon termination of service.

Payment of Benefits

Upon retirement, death or disability, participants or beneficiaries are entitled to a distribution equal to the total vested valued of his or her account. Upon termination of service, a participant may elect to receive either a lump-sum amount, installment payments equal to the value of their vested account or a direct rollover distribution. If the vested account is less than $5,000 at the time of termination, the entire amount will automatically be distributed to the participant within an administratively reasonable time. For distributions that are greater than $1,000 and not exceeding $5,000, the distribution shall be paid in a direct rollover to an individual retirement money market account unless the Plan participant elects otherwise. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the *Plan Document.* Additionally, a participant who has attained age 59 ½ may withdrawal all or any portion of their vested account balance.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $93,614 and $28,830, respectively. These accounts will be reallocated to participants in the same manner as employer contributions. For the years ended December 31, 2014 and 2013, forfeitures of $64,956 and $26,222, respectively, were reallocated to participants.

Notes Receivable From Participants

The *Plan Document* includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. All loans are repayable over a period of time not to exceed five years (except for the purchase of a principal residence) through payroll withholdings. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates, as determined by the Plan Administrator.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Notes to Financial Statements

December 31, 2014 and 2013

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared based on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value of shares held by the Plan at year-end. The common/collective trust is valued at contract value, which approximates fair value, as estimated by Fidelity. The money market fund is valued at amortized cost, which approximates fair value.

The Fidelity Advisor Stable Value Portfolio is diversified among high-quality, short-term investments. The fund invests across several fixed-income categories, including U.S. Treasuries, government agency securities, corporate debt, asset-backed securities and mortgage-backed securities, as well as units of a money market portfolio. The fund is wrapped by a syndicate of four banks and insurance companies, facilitating book value withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the years.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2014 and 2013
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013
- Investment and notes receivable from participants information included in the accompanying schedule of assets (held at year end) as of December 31, 2014

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investments

The Plan's investments are held by Fidelity. The fair value of the Plan's investments at the end of the years and the Plan's investments (including investments bought, sold and held during the year) appreciated in fair value as follows:

	2014	
	Net Depreciation in Fair Value During Year	Fair Value at End of Year
Mutual funds	$ (40,570)	$ 16,539,664
Common/collective trust	-	337,042
Money market fund	-	1,128,527
	$ (40,570)	$ 18,005,233

	2013	
	Net Appreciation in Fair Value During Year	Fair Value at End of Year
Mutual funds	$ 2,507,297	$ 15,532,332
Common/collective trust	-	381,027
Money market fund	-	1,084,363
	$ 2,507,297	$ 16,997,722

The fair value of individual investments that represented 5 percent or more of the Plan's net assets available for benefits were as follows:

	2014	2013
Prudential Jennison Mid Cap Growth Z Fund	$ 2,543,855	$ 2,428,042
Fidelity Advisor New Insight Fund	2,622,015	2,354,477
Invesco Comstock Fund Class Y	1,608,673	1,754,753

Fidelity Advisor Freedom 2030 Fund	1,008,077	*
Columbia Contrarian Core Z Fund	1,016,752	*

*Investment did not meet the 5 percent threshold for the respective year-end.

Note 5: Party-in-interest Transactions and Related Party Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such employer or employee association, or relatives of such persons.

Certain Plan investments are managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid $45,391 and $40,341 of recordkeeping fees to the trustee during 2014 and 2013, respectively. Fees paid by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company provides certain administrative services at no cost to the Plan.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2014 and 2013:

	2014			
		Fair Value Measurements Using

Mutual funds:

Total	$ 16,997,722	$ 16,616,695	$ 381,027	$ 0

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2014 and 2013. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan held no investments that should be classified as Level 3 securities.

Note 7: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter profit sharing plan and trust/custodial document sponsored by Fidelity Management & Research Company. This prototype plan document has been filed with the appropriate agency and obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype plan and related trust, as then designed, constituted a qualified plan under Section 401 of the Internal Revenue Code and, therefore, were not subject to tax. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With a few exceptions, the Plan is no longer subject to U.S. Federal, state and local, or non-U.S. income tax examinations by tax authorities for years before 2011.

Note 8: Reconciliation of Financial Statements to Form 5500

The following table is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013, to Form 5500.

	2014	2013
Net assets available for benefits per the financial statements	$ 18,668,108	$ 17,604,878

Net assets available for benefits per Form 5500	$ 18,533,775	$ 17,433,995

The following is a reconciliation of total additions per the financial statements for the years ended December 31, 2014 and 2013, to total income per the Form 5500:

	2014	2013
Total additions per the financial statements	$ 2,056,075	$ 4,553,368
Less contributions receivable at end of year	(140,315)	(178,276)
Add contributions receivable at beginning of year	178,276	160,385

Total income per Form 5500	$ 2,092,625	$ 4,533,245

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
