The Hourly Employee 401(k) Thrift Plan of PCL Industrial Management, Co.:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management, Co. (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Trust Company, LLC, the custodian of the Plan, and Great-West Life & Annuity Insurance Company, the issuer of the Plan's investment contract, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Notes to the Financial Statements

December 31, 2014 and 2013

(1) Description of the Plan

The following description of the Hourly Employee 401(k) Thrift Plan of PCL Industrial Management, Co. (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all U.S. hourly employees of PCL Industrial Management, Co. and its subsidiaries (the "Company"), who have at least one hour of service in three consecutive months, excluding collective bargaining employees, salaried employees or employees covered by other PCL plans. The Board of Trustees (Trustees) is responsible for oversight of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance. The Plan is subject to the provisions of ERISA.

(b) Contributions

Each year, participants may contribute up to 100 percent of pre-tax and post-tax annual compensation, as defined in the Plan Agreement subject to certain limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants.

The Company contributes a safe harbor match equal to 100 percent of the first 3 percent of compensation, plus 50 percent of the next 2 percent of compensation that a participant contributes to the Plan. Participants direct the investment of Company contributions into various investment options offered by the Plan. The Company may also make discretionary nonelective contributions. Contributions are subject to certain IRS limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, prevailing wage contributions and allocations of (a) the Company's discretionary nonelective contributions and (b) Plan earnings, and charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

For contributions made after January 1, 2009, participants are vested immediately in their contributions and the Company's contributions plus actual earnings thereon.

(e) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments, or a direct rollover to another qualified retirement plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions are permitted if certain criteria are met.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 3.25 percent as of December 31, 2014 and 2013, which is commensurate to a reasonable rate that is charged by a bank or other professional lender making a loan in similar circumstances. Principal and interest is paid ratably through payroll deductions or through direct remittances to the custodian by participants. Participants are charged a transaction fee for each loan requested which totaled $4,750 for the year ended December 31, 2014.

(g) Forfeited Accounts

At December 31, 2014 there was $5 in forfeited, non-vested accounts and at December 31, 2013 there were no forfeited, non-vested accounts.

(h) Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued FASB Accounting Standards Update (ASU) No. 2015-12, "Defined Contribution Pension Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient". ASU No. 2015-12 designates contract value as the only required measure for fully benefit-responsive investment contracts, eliminates GAAP requirements, requiring plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits (2) the net appreciation or depreciation for investments by general type and 3) fair value disclosures by nature, characteristics, or risks and provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month end. ASU No. 2015-12 is effective for plan years beginning after December 15, 2015, however early adoption is permitted. The adoption of ASU No. 2015-12 will not have an impact on the Plan's results of operations or financial position.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts, which is equal to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

(b) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as transaction fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Other expenses, including investment related expenses, are allocated to participant accounts and are included in net appreciation (depreciation) of fair value of investments.

(g) Subsequent Events

The Plan has evaluated subsequent events from the balance sheet date through October 12, 2015, the date the financial statements were available to be issued, and determined there are no other items to disclose.

(3) Summary of Information Certified by Custodian

The following information, which is included in the financial statements and supplemental schedule, has been certified by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (GWL) as of December 31, 2014 and 2013 and for the year ended December 31, 2014 and has not been audited:

Statements of Net Assets Available for Benefits

- Mutual funds
- Investment contract with insurance company
- Notes receivable from participants

Statement of Changes in Net Assets Available for Benefits

- Net appreciation (depreciation) in fair value of investments
- Dividends
- Interest

Supplemental Schedule

- Schedule of Assets (Held at End of Year)

(4) Investments

The following presents investments that represent 5 percent or more of the Plan's net assets.

	December 31,		
	2014	2013	
Alger Capital Appreciation Portfolio 2,086 and 2,815 shares, respectively	148,844	206,678	^
Columbia Large Cap Index Fund 4,107 and 5,536 shares, respectively	163,320	197,458	^
Great-West Conservative Profile II Fund 95,791 and 70,832 shares, respectively	810,392	609,867	
Key Guaranteed Portfolio Fund 1,442,195 and 1,126,866 shares, respectively	1,442,195	1,126,866	

T. Rowe Price Mid-Cap Growth Fund			
2,718 and 2,810 shares, respectively	205,052	204,526	^

^ Investment balance represented 5 percent or more of the Plan's net assets in 2013, but did not represent 5 percent or more of the Plan's net assets in 2014

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $6,974.

(5) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Portfolio Fund: The contract is included in the financial statements at fair value which is equal to contract value as reported to the Plan by GWL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014

(6) Guaranteed Investment Contract with Great-West Life & Annuity Insurance Company

The Plan entered into a benefit-responsive guaranteed investment contract with GWL, referred to as the Key Guaranteed Portfolio Fund. GWL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Key Guaranteed Portfolio Fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in note 2, because the Key Guaranteed Portfolio Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Key Guaranteed Portfolio Fund. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value which equals contract value. Contract value, as reported to the Plan by GWL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $1,442,195 and $1,126,866, respectively. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting interest rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the complete termination of the Plan or merger of the Plan with another plan resulting in an early termination of the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Key Guaranteed Portfolio Fund permits the insurance company to terminate the agreement prior to the scheduled maturity date if certain events occur. Those events are as follows: (a) the Company adopts an amendment to the Plan or operates the Plan in a manner which is unacceptable to the insurance company, or (b) the Company fails to comply with any provision contained in the contract, or (c) the Plan fails to qualify or becomes disqualified under Internal Revenue Code Section 401(a), as amended, or (d) the total amount of deposits received by the Company in the preceding twelve months is less than $25,000, or (e) the sum of all participant annuity account values falls below $25,000, or (f) the Company fails to make deposits which have been deducted from participants' paychecks within 30 days following the end of the month in which such deduction was made, or (g) transfers to investment vehicles outside the contract exceed specified limitations within the contract, or (h) the insurance company may terminate the contract if the Company ceases doing business or (i) the contract shall terminate if there are no remaining participant annuity accounts. Additionally, either party to the Key Guaranteed Portfolio Fund may, upon thirty days advance written notice to the other party, declare a contract termination date.

The average yield earned by the Plan for the Key Guaranteed Portfolio Fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The actual average yields earned by the Plan were as follows:

Average yields:	2014	2013
Based on actual earnings	1.75%	1.76%
Based on interest rate credited to participants	1.25%	1.26%

(7) Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by GWL. GWL is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $14,330 for the year ended December 31, 2014 of which $7,040 is included in net appreciation (depreciation) in fair value of investments and $7,290 is included in transaction fees.

The Plan uses the services of 401(k) Advisors, Inc. to assist in reviewing the performance of the Plan and the investment options provided to participants. As service providers to the Plan, fees paid for consulting services from Plan assets qualify as party-in-interest transactions. Fees paid by the Plan for these consulting services amounted to $973 for the year ended December 31, 2014 and are included in net appreciation (depreciation) in fair value of investments.

(8) Income Tax Status

On March 31, 2008, the Internal Revenue Service (IRS) stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter from the IRS itself, however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt, and no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal and State of Colorado taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

(9) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2014 and 2013 to the Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	$ 4,164,227	$ 3,462,779
Less participant and employer contributions receivable at end of year	(9,818)	(6,238)
Add refundable ineligible contributions at end of year	164	214
Net assets available for benefits per the Form 5500	$ 4,154,573	$ 3,456,755

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2014:

	2014
Net increase in net assets available for benefits per financial statements	$ 701,448
Add participant and employer contributions receivable at beginning of year	6,238
Less participant and employer contributions receivable at end of year	(9,818)
Less refundable ineligible contributions at beginning of year	(214)
Add refundable ineligible contributions at end of year	164
Net increase in net assets available for benefits per Form 5500	$ 697,818

(12) Refundable Ineligible Contributions

At December 31, 2014 and 2013, liabilities of $164 and $214, respectively, are recorded for amounts refundable by the Plan to participants for ineligible contributions made during those years.

(13) Plan Amendments – Subsequent to Plan Year-End

Effective January 1, 2015, the Plan was amended as follows:

- Post-Severance Compensation excludes deferred compensation for all contribution types.
- Compensation excludes deferred compensation and welfare benefits for all contribution types.
- Compensation excludes cash and noncash fringe benefits rather than fringe benefits as described in Treasury Regulation §1.414(s)-1(c)(3).

- The allocation of participant forfeitures attributable to all contribution types may be used to reduce nonelective contributions and may not be used to reduce matching contributions.
- Deemed Severance Distributions of all contribution types are permitted.
- Ad-Hoc distributions are permitted for a participant with a vested account balance greater than $5,000 and (1) who has incurred a severance from employment and will receive a distribution or (2) who remains employed but who must receive lifetime required minimum distributions (RMDs).
- Post-Severance Compensation for Code §415 testing Compensation has been adjusted to exclude deferred compensation.
- The default distribution method will be “Installments sufficient to satisfy RMD beginning at the Required Beginning Date” for a participant or beneficiary who does not make a timely election as to distribution method and timing.
- Effective August 17, 2006, a Participant’s hardship includes an immediate and heavy financial need of the Participant’s primary Designated Beneficiary under the Plan.
