1. DESCRIPTION OF PLAN

The following description of the United Distributors of Delaware 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union employees of United Distributors of Delaware (Company) who have reached the age of 21 and completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of annual compensation, as defined in the Plan, subject to certain annual limitations in the Internal Revenue Code. In addition, employees may rollover distributions received from other plans. The Company may make matching contributions for active participants in the Plan based on a discretionary percentage determined annually by the Company. The Company may also make a discretionary profit sharing contribution.

Participants' Accounts

Each participant's account is credited with the participant's contribution, an allocation of Plan earnings, and any discretionary employer contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. A participant generally becomes fully vested in employer discretionary contributions upon six years of service, disability (as defined by the Plan), or death of the participant.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $75 and $3,834, respectively. These accounts will be used to reduce future Company contributions in accordance with Plan documents. In 2014, Company contributions were reduced by $5,855 from forfeited non-vested accounts.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions into various investment options offered by the Plan. Specific information regarding these options may be obtained from the Plan Administrator. Participants may change their investment options at any time.

Payment of Benefits

Upon termination of service, a participant is entitled to receive a lump sum amount equal to the vested portion of his/her account.

Administrative Expenses

Substantially all administrative expenses incurred by the Plan are paid by the Company.

Notes Receivable from Participants

Participants may borrow against the balance in their account, from a minimum of $1,000 up to a maximum of the lesser of 50% of their vested balance or $50,000. Note terms require amortization of principal and interest over a period not to exceed five years. Notes used to acquire a principal residence may extend to a period not to exceed 10 years. The notes receivable are collateralized by the balance in the participant's account and bear interest at a rate comparable to rates charged by commercial lending institutions for loans of similar terms. Notes receivable are repaid through payroll deductions and may be repaid in full at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting.

Accounting Standards Codification

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are carried at their unpaid principal balance plus accrued interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Valuation of Investments

Investments are stated at fair value. See Note 4 for a discussion of fair value measurements.

Payments of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which are exposed to various risks, such as interest rate, credit and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and the value of the interests of all participants and beneficiaries shall be determined and distributed to them in a lump sum.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 5, 2015, the date the financial statements were available to be issued.

(See Independent Auditors' Report)

3. INVESTMENTS

As of December 31, 2014 and 2013, the investments were held by the Trustee, Fidelity Management Trust Company. Financial information related to those investments at December 31, 2014 and 2013 is included in the accompanying financial statements based on information certified by the Trustee. That information, which has not been audited by the Plan's independent auditors, is as follows:

	2014		2013	
Massachusetts Investors Trust	$ 1,189,807	*	$ 1,101,441	*
Metropolitan West Total Return Bond	351,462		385,895	*
Fidelity Contrafund	1,857,321	*	1,739,012	*
Fidelity Freedom Income	2,398,189	*	1,850,655	*
Harbor International	577,207	*	655,715	*
Other Investments	1,659,580		1,712,268	
	$ 8,033,566		$ 7,444,986	

* Amount represents over 5% of net assets available for benefits.

During 2014, investment income consisted of the following:

Net Depreciation in Fair Value of Investments	$ (11,378)
Interest and Dividends	448,602
	$ 437,224

4. VALUATION OF INVESTMENTS

The Fair Value Measurements and Disclosures Topic of the Codification establishes a hierarchal disclosure framework, which prioritizes and ranks the level of market price observability used in measuring investments and other financial instruments at fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2014 and 2013.

Money market and mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	Level 1 and Total	
	2014	2013
Mutual Funds:		
Money Market	$ 76,249	$ 76,959
Blend	3,435,395	2,986,884
Fixed Income	358,778	389,101
International	616,080	706,678
Large Cap	3,215,400	2,995,269
Mid Cap	245,354	207,322
Small Cap	86,310	82,773
Total Mutual Funds	$ 8,033,566	$ 7,444,986

5. TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with Section 401 of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator has concluded there were no uncertain tax positions as of December 31, 2014.

6. RELATED PARTY TRANSACTIONS

Certain Plan investments were managed by the Trustee of the Plan. The Plan pays investment management and administrative fees to parties-in-interest. The Plan paid administrative fees of approximately $1,000 to parties-in-interest for the year ended December 31, 2014. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the change in fair value of investments.

In addition, administrative fees were paid indirectly through revenue sharing and are included in the change in fair value of investments.
