Note 1 - Description of Plan

The following brief description of the C.R.M.I. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering qualified employees of participating employers whose payroll is processed by Corporate Resource Management, Inc. and related companies (the Company and Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of Corporate Resource Management, Inc., and related entities (Arkansas Corporate Resource, Inc., Missouri Corporate Resource, Inc., Illinois Corporate Resource, Inc., Oklahoma Corporate Resource, Inc., Texas Corporate Resource, Inc., Kansas Corporate Resource, Inc., Wisconsin Corporate Resource, Inc., Corporate Business Services, Inc., Alliance Foam Technologies, L.L.C., Teva Diamonds, and Enginuity Worldwide, LLC) are eligible to participate in the Plan upon employment.

Entry Date

Employees may enter the Plan on the first day of the month coinciding with or following the date of employment.

Contributions

Each year, participants may elect to contribute up to 80% of their pre-tax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

The Company makes safe harbor matching contributions of 100% of the first 3% of base compensation that a participant contributes to the Plan. An additional 50% is matched on the participant deferral between 3% and 5% of compensation. During the year ended December 31, 2014, the employer contributed safe harbor matching contributions of \$462,195. Additional matching contributions may be made at the discretion of the Company's management. No such additional discretionary matching contributions were made for the year ended December 31, 2014.

Participants' Accounts

Each participant's account is credited with the participant's contribution and the Company's safe harbor matching contribution, as well as an allocation of the Company's discretionary matching contribution (if any) and Plan earnings. Participant accounts are charged with withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions and employer safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts (if any) is based on years of continuous service as set forth in the following table:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

Participants leaving the Plan forfeit their non-vested employer discretionary matching contributions. The non-vested amounts are forfeited on the earlier of the distribution of the participant's entire vested account balance, or once the participant incurs five consecutive one-year Breaks in Service.

As of December 31, 2014 and 2013, forfeited non-vested accounts totaled \$18,199 and \$17,404, respectively. These accounts will be used to pay Plan expenses or reduce future employer contributions. During the year ended December 31, 2014, no forfeited non-vested accounts were used by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case the loan will be 10 years. A participant may have no more than two outstanding loans at any one time.

Payment of Benefits

Upon termination of service for reasons other than death, disability, or retirement, a participant or designated beneficiary (if applicable) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial lump sum payments as defined in the Plan document. If a participant's account balance is less than \$1,000, the participant's account will automatically be distributed. If the account balance exceeds \$1,000, including amounts attributed to rollovers, the participant's account will not be automatically distributed. However, the participant may elect to receive the benefit. The distribution will then be made to the participant within a reasonable time after termination of employment and consent to the distribution. In addition, if a participant attains age 60 while still employed by the Company, he or she may elect to withdraw all or a portion of his or her vested balance. Certain early distributions made upon early termination of employment may be subject to a penalty.

Upon retirement at normal retirement age of 65, the participant is entitled to receive his or her entire account balance. In addition, a participant who retires due to a disability will also be entitled to 100% of their account balance.

Death Benefits

The designated beneficiary is entitled to 100% of the participant's balance if the participant was employed at the time of death. If the participant was not employed at the time of death, the designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2014 and 2013.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan sponsor has evaluated subsequent events through October 7, 2015, the date which the financial statements were available to be issued.

Note 3 - Investments

The Plan's investments which exceed 5 percent of net assets available for benefits as of December 31, 2014 and 2013, are as follows:

	2014	2013
Growth Fund of America R3	\$ 2,898,335	\$ 2,542,358

* Investment balance less than 5% of the Plan's net assets for the applicable year

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value as follows:

Omnibus Account	\$ <u>879,159</u>
-----------------	-------------------

The classification of investment earnings reported above and in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to valuation methodology include:</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Omnibus account: Valued at the fair value based on the net asset value (NAV) of the observable market prices of the underlying assets within that account less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no transfers in or out of levels 1, 2, or 3.

Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. The following tables set forth the disclosure of the attributes at December 31, 2014 and 2013:

		2014			
		Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-Strategy Omnibus Account		\$ 16,728,343	\$ -	Daily	Daily
		2013			
		Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-Strategy Omnibus Account		\$ 15,427,564	\$ -	Daily	Daily

The multi-strategy omnibus account is made up of sub-accounts that hold different types of investments that have a variety of investment objectives. The account requires advance notice and the redemption will occur no later than 5 business days following the receipt of written instructions from the authorized representative unless a participant is invested in a funding vehicle with a greater redemption time standard. Transfers will be made within 12 business days following the receipt of such written notice.

Nationwide Trust Company will monitor electronic trades for individual participants and apply the following guidelines to limit abusive trading practices. Upon completing 11 electronic trades within 2 consecutive quarters of a calendar year or upon completing 20 electronic trades within a calendar year, a Participant will be restricted from requesting additional electronic trades for the remainder of the calendar year. Participants who become restricted from additional electronic trading may continue to request trades in the required format via U.S. mail. The restriction will be effective until the next calendar year at which time the restriction will be lifted.

A redemption/exchange fee applies to certain shares redeemed or exchanged within 90 calendar days after the date they were purchased. This fee is intended to discourage frequent trading of Fund shares that can negatively affect the Fund's performance.

Note 5 - Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by Nationwide Trust Company, FSB.

Other than the notes receivable from participants and the related interest income, all investment information for the Plan disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2014 and 2013 and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2014 was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB, the custodian of the Plan. Notes receivable of \$281,568 and \$296,035 as of December 31, 2014 and 2013 and interest income of \$13,632 for the year ended December 31, 2014 were not certified by the custodian.

Note 6 - Tax Status

The Plan uses a volume submitter plan document sponsored by Pension Solutions, Inc. which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and the document has been amended since receiving the opinion letter. During the Plan years ended December 31, 2010 to December 31, 2013, the Plan remitted certain participant contributions to the custodian later than required by Department of Labor Regulations. In order to prevent the Plan from incurring a qualification defect, the Plan Sponsor will take the necessary corrective action as further detailed in Note 9. The Plan's Sponsor believes that the Plan has maintained its tax exempt status; therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 7 - Related Party and Party-In-Interest Transactions

Certain Plan investments are units of an omnibus fund managed by Nationwide Fund Advisors. Nationwide Fund Advisors is an affiliated entity to Nationwide Trust Company, FSB, who is the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Nonexempt Party-in-Interest Transactions

The Plan was subject to a DOL investigation which disclosed that the Company remitted participant deferrals and loan payments totaling \$3,391,224 to the custodian later than required by Department of Labor Regulation 2510.3-102 during the time period from January 2010 to July 2013. The Company has filed Form 5330 for the plans years from 2010 to 2013. The Plan Sponsor intends to credit the participant accounts with the greater of a) the amount that would have been earned on the employee contributions and participant loan repayments from the date for which such employee contributions and participant loan payments were paid to, or withheld by, the employer until such money is transmitted to the plan or b) interest at a rate equal to the underpayment rate as defined in Section 6621(a)(2) of the IRC from the date on which such employee contributions and participant loan payments were paid to, or withheld by, the employer until such money is fully restored to the plan. This correction will credit the participant accounts with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis.
