To the Plan Administrator
PPNYC Retirement Plan
New York, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the PPNYC Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Great-West Trust Company, LLC ("Great West") and Great-West Life & Annuity Insurance Company of New York ("GWL&A of NY"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Great West and GWL&A of NY held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained certifications from Great West and GWL&A of NY as of December 31, 2014 and 2013, and for the year ended December 31, 2014, respectively, that the information provided to the Plan administrator by Great West and GWL&A of NY is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Great West and GWL&A of NY, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

PPNYC Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the PPNYC Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) General

The Plan is a prototype 401(k) plan with optional profit-sharing plan provisions with the intent to qualify under Section 401(a) of the Internal Revenue Code (the “Code”) of Planned Parenthood of NYC, Inc. (“PPNYC” or the “Plan Sponsor”). As such, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

(b) Plan Administration

The PPNYC Retirement Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Directors. Certain assets are held by Great-West Trust Company, LLC (“Great West”) and Great-West Life & Annuity Insurance Company of New York (“GWL&A of NY”).

(c) Eligibility and Contributions

The Plan covers substantially all employees of PPNYC over the age of 21 and upon completion of one year of service (a minimum of 1,000 hours of service). Such employees are eligible to make contributions in the Plan and are entitled to a 4% safe-harbor contribution of eligible compensation made by PPNYC. The participating employees may elect to contribute up to the maximum amount allowed by law (\$17,500 in 2014) each year. Participants may also contribute amounts rolled over from other tax-qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions which were \$5,500 in 2014.

(d) Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) PPNYC’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants.

(e) Vesting

The participants are immediately vested in their own and PPNYC’s contributions, and actual earnings thereon.

(f) Payment of Benefits

Retirement benefits are normally payable at age 65 and are based on the accumulated value in the participant’s account at that time. The Plan allows for early retirement at age 55. On termination of service due to death, disability, retirement or other termination of employment, the amount paid to the participant or, in case of death, to the participant’s beneficiary, can be in a cash lump sum or an annuity at the participant’s option, with spousal consent where applicable.

(g) Administrative Expenses

Plan expenses are charged to the Plan unless paid directly by PPNYC. PPNYC absorbed the majority of the Plan’s expenses for the year ended December 31, 2014. Expenses that are paid by PPNYC are excluded from these financial statements.

PPNYC Retirement Plan

Notes to Financial Statements

(h) Notes Receivable From Participants

Loans made to Plan participants must be made according to loan provisions specified in the Plan document or in loan procedures adopted by the Plan. The loan and any outstanding loan balance may not be more than 50% of the participant's vested account or \$50,000, whichever is less. The minimum loan amount is \$1,000 and the minimum vested account balance must be at least \$2,000. When a participant takes a loan from the Plan, the loan remains an asset of the Plan and is secured by the balance in the participant's account. Only one loan per participant may be outstanding at a time. The interest rates on the outstanding loan are based on the rates available from commercial lending institutions. These loans are repaid over a period not to exceed 60 months (61-120 months for a primary residence) by the employee through payroll deductions.

If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment (deemed distribution) is recorded. During 2014, distributions totaling \$17,632 were used to satisfy loan defaults, which have been recorded as benefit payments to participants and beneficiaries in the accompanying statement of changes in net assets available for benefits.

(i) Forfeited Accounts

At December 31, 2014, forfeitures amounted to \$11,658 which mainly included amounts for the Plan's revenue sharing agreement, mutual fund restitutions or gains on corrections and true-ups from safe harbor qualitative non-elective contributions. These accounts will be used to pay future administrative expenses and the remaining amount will be used to reduce future employer contributions.

(j) Plan Termination

Although it has not expressed any intent to do so, PPNYC has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will remain 100% vested and the net assets of the Plan will be distributed as prescribed by ERISA.

2. Summary of Accounting Policies

(a) Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

(b) Fair Value Measurements

Accounting Standards Codification ("ASC") 820, "Fair Value Measurement," establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. Observable inputs are inputs that market participants operating within the same marketplace as the Plan would use in pricing the Plan's asset or liability based on independently derived and objectively determined market data. Unobservable inputs are inputs that cannot be sourced from a broad active market in which assets or liabilities identical or similar to those of the Plan are traded. The Plan estimates the price of any assets for which there are only unobservable inputs by using assumptions that market participants that have investments in the same or similar assets would use as determined by the money managers administering each investment based on the best information available in the circumstances. The input hierarchy is broken down into three levels based on the degree to which the exit price (exchange price that

PPNYC Retirement Plan

Notes to Financial Statements

would be received for an asset or paid to transfer a liability) is independently observable or determinable as follows:

Level 1 – Valuation based on quoted market prices in active markets for identical assets or liabilities. Since valuations are based on quoted market prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2 – Valuation based on quoted market prices of investments that are not actively traded or for which certain significant inputs are not observable, either directly or indirectly.

Level 3 – Valuation based on inputs that are unobservable and reflect management's best estimate of what market participants would use as fair value.

(c) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2014.

(d) Fully Benefit-Responsive Investment Contracts

As described in ASC 962, "Plan Accounting - Defined Contribution Pension Plan", investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for benefits is prepared on a contract value basis.

GWL&A of NY has confirmed to the Plan Sponsor's management that contract value approximates fair value and, accordingly, no adjustment for the difference between the contract value and fair value was presented on the statements of net assets available for benefits as of December 31, 2014 and 2013.

(e) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold, as well as held during the year.

(f) Payment of Benefits

Benefit payments to participants and beneficiaries are recorded when paid.

(g) Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

PPNYC Retirement Plan

Notes to Financial Statements

(h) Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(i) Relevant Accounting Developments

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)." ASU 2015-07 was issued to address diversity in practice related to how certain investments measured at net asset value with redemption dates in the future (including periodic redemption dates) are categorized within the fair value hierarchy. The amendments eliminate the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. As such, certain fair value levelling disclosures are no longer required; although information must be disclosed so that users can reconcile amounts reported in the fair value hierarchy to the statements of net assets available for benefits. The amendments are effective retrospectively for annual reporting periods beginning after December 15, 2016. Early adoption is permitted. Plan management is currently evaluating the effect that the adoption of the provisions of ASU 2015-07 will have on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient." ASU 2015-12 was issued to simplify financial reporting by employee benefit plans. The amendments (i) require fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value, not fair value; (ii) simplify the investment disclosure requirements; and (iii) provide a measurement date practical expedient for employee benefit plans when the employer's fiscal period does not coincide with a month-end. The amendments are effective for annual periods beginning after December 15, 2015. Early adoption is permitted. Plan management is currently evaluating the effect that the adoption of the provisions of ASU 2015-12 will have on the Plan's financial statements.

3. Fair Value Measurements

The Plan's assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with ASC 820. See Note 2 for a discussion of the Plan's policies regarding this hierarchy.

A description of the valuation techniques applied to the Plan's major categories of assets measured at fair value are as follows. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the net asset value ("NAV") of shares reported daily on national security exchanges.

Fixed Annuity Fund: The values for fixed annuity funds are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. The contract

PPNYC Retirement Plan

Notes to Financial Statements

value equals accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals and applicable fees.

The fixed annuity fund is reported at contract value which PPNYC's management has determined approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the level within the fair value hierarchy at which the Plan's financial assets are measured on a recurring basis at December 31, 2014 and 2013. The assets are presented on a disaggregated basis by class, determined by the nature and risk associated with the investment:

There were no transfers between levels during the years ended December 31, 2014 and 2013.

4. Tax Status

Effective April 29, 2010, the Plan adopted a standardized form of a prototype retirement plan. There have been no amendments since 2010. The prototype plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service ("IRS"). The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is currently designed and being operated to be in compliance with the applicable requirements of the Code.

Under ASC 740-10, "Income Taxes", a plan must recognize the tax liability associated with tax positions taken for tax return purposes when it is more likely than not that the position will not be sustained upon examination by a taxing authority. The Plan does not believe there are any material uncertain tax positions taken and, accordingly, will not recognize any liability for unrecognized tax benefits under ASC 740-10. The Plan will file Department of Labor Form 5500 tax returns, as required, and all other applicable returns in jurisdictions where it is required. For the years ended December 31, 2014 and 2013, there were no interest or penalties recorded or included in the financial statements. The Plan is subject to routine audits by a taxing authority. The Plan administrator believes the Plan is no longer subject to income tax examination for the years prior to 2011.

Mutual funds	\$49,319

6. Information Certified by Great West and GWL&A of NY

The Plan administrator has elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to the following information provided by Great West and GWL&A of NY as of December 31, 2014 and 2013 and for the year ended December 31, 2014 except for comparing such information certified by Great West and GWL&A of NY to information included in the Plan's financial statements and supplemental schedule. Great West and GWL&A of NY have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2014	2013
Mutual funds	\$16,357,761	\$14,491,353

7. Investment Contract With Insurance Company

The Plan has a fully benefit-responsive investment contract with GWL&A of NY. GWL&A of NY maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. GWL&A of NY is contractually obligated to repay the principal and a specified interest rate that are guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract with GWL&A of NY is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is included in the financial statements at contract value, which approximates fair value, as reported to the Plan by GWL&A of NY. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. GWL&A of NY indicates that contract value approximates fair value for this investment at December 31, 2014 and 2013. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0.0%. Such interest rate is reviewed on a quarterly basis for resetting.

Inputs used to determine the crediting interest rate include each contract's portfolio market value relative to contract value. At December 31, 2014 and 2013, the average yield earned by the contract was 1.25% and 1.26%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

8. Party-In-Interest Transactions

PPNYC provides to the Plan certain accounting and administrative services for which no fees are charged. Great West and GWL&A of NY are parties-in-interest as defined in the rules under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

9. Subsequent Events

During 2015, the Plan issued an amendment to clarify eligibility requirements for the Plan. This amendment takes effect January 1, 2016.

The Plan's management has performed subsequent event procedures through October 5, 2015, which is the date the financial statements were available to be issued and there were no other subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
