MONTEREY MUSHROOMS, INC. TAX DEFERRED 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013 (See Independent Auditors' Report)

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Monterey Mushrooms, Inc. Tax Deferred 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that was established on August 1, 1989 by Monterey Mushrooms, Inc. ("the Company" or "Plan Administrator") and its affiliates covering all eligible employees as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal") is the Plan's trustee, custodian, record-keeper and processes and maintains the records of participant data.

Contributions – Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for ROTH deferral contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Company is allowed to make discretionary matching contributions and/or discretionary contributions under the Plan subject to certain eligibility requirements. In 2014, the Company matched 15% of a participant's deferral up to a maximum 6% of eligible compensation. The Company's matching contribution for 2014 in the amount of approximately $162,000 was a receivable as of December 31, 2014 and was funded in 2015. No discretionary contribution was made for 2014.

Participant Accounts – Each participant's account is credited or charged with the participant's contribution, the discretionary matching contribution, the discretionary contribution (if any), an allocation of plan earnings or losses, and plan fees as applicable to the Plan. Allocations of the discretionary contribution are based on participant compensation. Allocations of plan earnings and losses are based on participant investment choices. All contributions/investments are participant

directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting – Participants are immediately 100% vested in their contributions and rollover amounts plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service at a rate of 20% per year beginning at the end of the first year. A participant is 100% vested after five years of credited service. Participants become fully vested in the event of death, disability, early or normal retirement age, or plan termination.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. One outstanding note per participant is permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2014 and 2013 carry an interest rate 4.25%. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period. The Plan administrator establishes the specific terms and conditions of such notes.

Payment of Benefits – Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with Plan provisions. The Plan allows for automatic rollover of terminated participant balances between $1,000 and $5,000 to an IRA Rollover account.

Forfeited Accounts – Forfeited non-vested employer contribution accounts may first be used to pay plan expenses. Any remaining forfeitures can be used to offset employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Principal. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of December 31, 2014 and December 31, 2013, there were no material excess contributions payable.

Plan Expenses – Substantially all expenses incurred for administering the Plan are paid by the Company. Certain participant and annual administration fees are paid by the Plan and charged to participant accounts as applicable. Certain participant fees are paid by participants.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through October 12, 2015, the date the financial statements were available to be issued.

NOTE 3 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the

level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Principal regarding the current value of assets held as of December 31, 2014 and 2013, and transactions entered into during the year ended December 31, 2014, was used in the preparation of the accompanying financial statements and supplemental schedules. Mutual funds	$1,027,780

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed Income Fund: Valued at fair value based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds:

Total assets at fair value	$ 17,009,486	$ 10,521,026	$ -	$ 27,530,512

NOTE 6 – FIXED INCOME FUND

The Principal Fixed Income Guaranteed Option ("Fixed Income fund") is valued at contract value as reported by Principal. Fixed Income funds held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive fixed income funds. The fund is fully benefit-responsive. Effective July 22, 2013, Principal considers fair value equal to contract value unless an employer-level liquidation or employer-initiated transfer occurs. As of December 31, 2014 and 2013, contract value equals fair value. The average yield earned by the Plan and the average yield credited to participants in the fund was approximately 1.35% for 2014 and 1.42% for 2013. The minimum crediting rate is 0% under the contract. The gross crediting interest rate is reset on a periodic basis and is based on the Plan's contract with Principal and was 2.00% for 2014 and ranged from 2.00% to 2.10% for 2013. The gross crediting rate is reduced by a rate level service charge for record-keeping services.

NOTE 7 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are managed by Principal. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 – PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan at any time, subject to the provisions of ERISA.

NOTE 9 – TAX STATUS

The Plan has adopted a prototype plan, which has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE 10 – NONEXEMPT TRANSACTIONS

During 2013, certain participant contributions and loan repayments in the amount of $82,065 were not deposited with the custodian on a timely basis in accordance with DOL regulations. The Plan Sponsor reimbursed the Plan for lost earnings (prohibited transaction amount) and made the necessary excise tax filing with the IRS in February 2015.

The Company is currently researching if there are any 2014 participant contributions and loan repayments which were not deposited with the custodian on a timely basis. The Plan Sponsor will reimburse the Plan for lost earnings and will file the excise tax return with the IRS if necessary.
