**HODELL-NATCO INDUSTRIES, INC.
401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2014 AND 2013**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Hodel-Natco Industries, Inc. (the "Company") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all employees of the Company who have attained the age of twenty one and have completed one year of service. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (the "ERISA"). Participant contributions, investment allocations, payment of benefits and participant loans are self directed by the plan participants.

CONTRIBUTIONS

Participants may elect to contribute a portion of their pay each period to the Plan. Participants may contribute up to 90% of their pay up to a maximum amount of \$17,500 for 2014 and 2013. If a participant reached age 50 in 2014 and 2013, the participant could contribute an additional \$5,500 to the Plan. These deferred contributions (salary deferrals) are not subject to federal or state income tax when the contribution is made to the Plan, instead they are taxed when paid from the Plan. Employees may revoke their election at any time during the year.

The employer may make matching and discretionary contributions. Employer discretionary contributions are based upon a uniform percentage of prior year salary determined each year by the employer. For 2014 and 2013, the employer made no matching or discretionary contributions.

PARTICIPANT ACCOUNTS AND VESTING

Each participant's account is credited with the participant's contributions, the employer's contributions, and an allocation of the Plan's earnings. The Plan's earnings are allocated according to participants' relative account balances.

Participants are immediately 100% vested in their contributions plus actual earnings thereon.

Participants are vested in employer discretionary contributions according to the following schedule:

<u>Years of Vesting</u>	<u>Vesting</u>
less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2014 AND 2013**

NOTE 1 - DESCRIPTION OF PLAN (continued)

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments. These participants share in the earnings of the investments.

FORFEITURES

Forfeitures occur when participants terminate employment before becoming fully vested in employer contributions to the Plan. Forfeited amounts may be used to reduce administrative expenses and then future employer contributions to the Plan.

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested accounts balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.00%, which are commensurate with local prevailing rates as determined by ADP Retirement Services. Principal and interest is paid ratably through payroll deductions.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in the account, or annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants withdrawals are limited to deferred account balances and may not include any interest accrued thereon.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the respective participant interest, net of any termination fees, will become fully vested and will be distributed to each participant in accordance with the trust agreement.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

NOTE 1 - DESCRIPTION OF PLAN (continued)

PAYMENT OF BENEFITS

Benefits are recorded when paid.

OPERATING EXPENSES

All expenses of maintaining the Plan are paid by the Company.

NOTE 2 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lower priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

LEVEL 1 FAIR VALUE MEASUREMENTS

The fair value of mutual funds and other common/collective trust investments are based on quoted net asset values of the shares held by the Plan at year-end.

LEVEL 3 FAIR VALUE MEASUREMENTS

Invesco Stable Asset ADP 8S is not actively traded and significant other observable inputs are not available.

For those assets with fair value measured using Level 3 inputs, the Plan trustee determines the fair value measurement policies and procedures. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables set forth by Level within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2014 and 2013:

The Common/Collective Trust investment of the Plan are managed by affiliates of State Street Bank & Trust Company, the trustee, and thus qualify as party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 5 - BASIS OF ACCOUNTING AND CERTIFIED INFORMATION

The accompanying financial statements are presented on the accrual basis of accounting. The information included in this note and in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified as to complete and accurate by State Street Bank & Trust Company and the trustee.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - DELINQUENT CONTRIBUTIONS

During November 2013, participant contributions in the amount of \$12,512 were not transferred to the Plan on a timely basis. Upon discovery, the delinquent contribution was made on February 6, 2014 and the restoration of profits was calculated and paid.
