COIT SERVICES, INC. EMPLOYEE SAVINGS & RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Coit Services, Inc. Employee Savings & Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1989 to provide retirement benefits for employees of Coit Services, Inc. and subsidiaries (the "Company"). The Plan is a defined contribution plan covering, generally, all eligible employees who have attained twenty-one years of age and completed one year of service with at least 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan's provisions, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Each year, participants may voluntarily contribute up to 100% of their annual compensation, as defined by the Plan, on a tax-deferred basis, up to a maximum amount allowed by the IRC. The maximum allowed deferral amount was $17,500 for the year ended December 31, 2014. Participants who have attained age 50 before the end of the Plan year are also eligible to make additional catch-up contributions of $5,500 in 2014. Participants may also make rollover contributions from other qualified defined benefit or defined contribution plans. Newly eligible participants are automatically enrolled with a contribution of 2% of eligible compensation, unless the employee affirmatively elects otherwise. The Plan will automatically increase this percentage annually by 1% of eligible compensation up to a maximum of 6%.

Employer Contributions – The Company may make discretionary matching or other contributions at the option of the Company. Contributions are subject to certain limitations. For the year ended December 31, 2014, the Company matched $0.10 per $1.00 of participant contributions up to $500 per participant.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and Company discretionary matching contributions and allocations of (a) the Company's other discretionary contributions, if any, and (b) Plan earnings or losses. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and other discretionary contributions plus actual earnings thereon is based on years of continuous service. The vesting schedule is as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their account balance into various investment options available under the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account. Loan terms range from one to five years, or up to thirty years for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear a fixed interest rate based on the prime rate of interest published by financial institutions as of the date of the loan, plus 2 percent as determined under the loan policy. Principal and interest are paid ratably through payroll deductions. Any outstanding loans will become due and payable upon termination of employment. As of December 31, 2014, interest rates on outstanding loans ranged from 4.25% to 5.25% with maturity dates ranging from January 2015 to August 2041.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Participants are eligible to receive distributions from the Plan upon reaching the age of 59 ½ years, termination of service, disability, or death. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Distributions to the participant or beneficiary are made in the form of a lump sum payment of the entire vested account balance or a single sum distribution of a portion of the vested account balance. Terminated participants with account balances in excess of $5,000 may delay the receipt of distributions; however, the Company will roll over terminated participants' account balances between $1,000 and $5,000 to an individual retirement account, as designated by the plan administrator, unless directed otherwise by the terminated participant. Vested account balances of less than $1,000 are automatically cashed out as a single lump-sum distribution. Mandatory distributions are required to begin no later than April 1st following the later of the end of the year a participant retires, or reaches age 70 ½.

Forfeited Accounts – Non-vested portions of a participant's account are forfeited on separation of employment. Forfeitures may be applied to reduce plan administrative expenses, then any remaining forfeitures may be applied to reduce future employer contributions at the discretion of the Company. At December 31, 2014 and 2013, forfeited non-vested accounts amounted to $5,279 and $1,197, respectively. During the year ended December 31, 2014, no forfeitures were used to pay for administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by Massachusetts Mutual Life Insurance Company ("Mass Mutual"), an administrative service provider for Hartford Life Insurance Company ("Hartford") and the investment advisor. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses paid from Plan assets are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for investment advisory and recordkeeping services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual periods beginning after December 15, 2016 for nonpublic entities. Early adoption is permitted. The Plan is currently evaluating the impact of adopting this guidance on its financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the FASB Emerging Issues Task Force)*. The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments. The amendments in all three parts of ASU 2015-12 take effect for fiscal years beginning after December 15, 2015. Earlier application is permitted. The amendments in parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. The Plan is currently evaluating the impact of adopting this guidance on its financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the *Fair Value Measurements and Disclosures* topic of the FASB Standards Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used are required to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled Separate Accounts: Investments in pooled separate accounts are valued at the net asset value ("NAV") of accumulation units held at year-end. The NAV, as provided by Mass Mutual, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts do not have unfunded commitments and are currently not subject to withdrawal limitations.

Guaranteed Interest Account: Fair value is discontinuance value (contract value), which is the amount the plan participants will receive upon transfer or surrender of his/her fund out of the guaranteed interest account. See Note 5 for further information.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

NOTE 4 – CERTIFIED INVESTMENT INFORMATION

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the Statements of Assets Available for Benefits as of December 31, 2014 and 2013, the information presented in Note 3, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment income and interest income earned on the notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2014.

NOTE 4 – CERTIFIED INVESTMENT INFORMATION (Continued)

The following is a summary of the certified information prepared by Mass Mutual, furnished to the plan administrator and included in the Plan's financial statements and supplemental schedule at December 31. Investments representing greater than 5% of net assets are individually identified.

* Represents investments that are less than 5% of the Plan's net assets but are included for comparative purposes.

During the year ended December 31, 2014, the Plan's investment activity consisted of the following:

Net Appreciation in Fair Value of Pooled Separate Accounts	$ 317,961
Interest and Dividend Income	$ 67,216
Interest Income from Notes Receivable from Participants	$ 12,399

NOTE 5 – GUARANTEED INTEREST ACCOUNT

As part of the Hartford Fixed Account, the Plan entered into a fully benefit-responsive investment contract ("Guaranteed Interest Account") with Hartford. Hartford maintains the contributions in a general account. The account is credited with earnings based on an annual interest rate of no less than 3.00% which is reset quarterly and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The contract does not allow transfers and surrender of the Guaranteed Interest Account prior to the termination of the contract if the amount of any transfer or surrender from the Guaranteed Interest Account in any 12 month period exceeds $1/6^{th}$ of the Guaranteed Interest Account value, unless Hartford consents to the transfer or surrender. This restriction does not apply to benefit payments.

There are no unfunded commitments as of December 31, 2014 and 2013.

Because the Guaranteed Interest Account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Guaranteed Interest Account. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

Both the average yield based on actual earnings and the interest rates credited to the participant's accounts were 3.00% for the years ended December 31, 2014 and 2013.

NOTE 6 – TAX STATUS

The Plan has adopted a prototype plan that has received an opinion letter dated March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 8 – RELATED PARTY TRANSACTIONS

The Plan's assets are pooled separate accounts and a guaranteed interest account managed by Hartford. Hartford holds the Plan's investment assets and executes investment transactions, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in the value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 10 – VOLUNTARY COMPLIANCE PROGRAM SUBMISSION

During 2011, the plan administrator discovered that certain eligible participant compensation was not subject to salary deferral contributions as elected by participants due to certain administrative errors made during the period from approximately 2005 through October 2012. During 2012, the plan administrator filed a submission to correct this situation pursuant to the IRS's Voluntary Compliance Program, whereby corrective contributions to participant accounts, including lost earnings, were identified and quantified based upon applicable Plan provisions and various IRC regulation limits. The submission was approved by the IRS in August 2014, and in October 2014 through December 2014, the Plan sponsor made corrective contributions, including lost earnings, totaling $27,218.

No provision for income taxes has been included in the accompanying financial statements related to the foregoing matter because management of the plan administrator and its legal counsel believe that the Plan continues to be qualified under the applicable sections of the IRC and the tax status of the related trust continues to be tax exempt.

NOTE 11 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2015, the date the financial statements were available to be issued.
