LEEDA SERVICES OF ILLINOIS, INC. 401 (K) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of the LEEDA Services of Illinois, Inc. 401 (k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the LEEDA Services, Inc. (the "Company") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management of the Company is responsible for the oversight of the Plan.

Contributions

Each year, participants may elective pretax deferred contributions of annual compensation, as defined in the Plan and under the provisions of U.S. Code Section 402(g) as annually indexed by the U.S. Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Employer contributions are at the discretion of the Company's management.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account.

NOTE 1 – DESCRIPTION OF PLAN – CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 4.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. On September 4, 2013 the Company amended the Plan to prohibit new participant loans.

Forfeited accounts

Forfeitures are determined as of the earlier of the last day of the Plan year in which the Plan administrator distributes the Participant's entire vested interest, or the last day of the Plan year of the fifth consecutive break in service. Forfeitures may be used to reduce future employer contributions and to reduce administrative expenses of the Plan. There were no forfeitures that reduced employer contributions from forfeited nonvested accounts during 2014.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-CONTINUED

Investment Valuation and Income Recognition

The pooled separate accounts with Ameritas Life Insurance Corp. ("Ameritas") are stated at fair value as reported to the Plan by Ameritas, based on the quoted market prices of the underlying mutual funds. The unit value of the pooled separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account. For separate accounts that invest exclusively in mutual funds, the total value of the assets of the separate account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares. Those separate accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets. Those separate accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Contracts

Investment contracts within defined-contribution plan are required to be reported at fair value. Contract value, however is the relevant measurement as required by US GAAP for fully benefit responsive investment contracts as the contract value is representative of the amount a Participant would receive upon initiation of permitted transactions in accordance with the terms of the contract.

The Plan invests in fully benefit-responsive investment contracts held in the Ameritas Guaranteed Account. The Plan's Statements of Net Assets Available for Plan Benefits presents the fair value of these investment contracts as well as any adjustment from fair value to contract value resulting from Participant contributions and associated earnings, less withdrawals and administrative expenses. The Statement of Changes in Net Assets Available for Plan Benefits is prepared on a contract value basis.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-CONTINUED

Subsequent Events

The Plan has evaluated subsequent events through September 30, 2015, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	12/31/2014	12/31/2013
Ameritas Life Insurance, Guaranteed Investment Account	$204,256	$86,256
Calvert Aggressive Allocation	66,580	72,149
T Rowe Price Appreciation	43,200	37,938
Calvert Moderate Allocation	36,905	48,856

NOTE 3 – INVESTMENTS - CONTINUED

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by a net $25,233 as follows:

- Pooled separate accounts – $20,951
- Guaranteed investment account – $4,282

NOTE 4 – FAIR VALUE

As discussed in Note 2, the Plan uses the fair value measurement framework under U.S. generally accepted accounting principles.

Fair Value Measurement

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value:

Level 1—assets include equity securities that are traded in an active exchange market, as well as certain money market instruments. Valuations are obtained from readily available pricing sources for market transactions involving identical assets.

Level 2—observable inputs other than Level 1 prices such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets. Level 2 assets include pooled separate accounts.

Level 3—unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets include financial instruments whose value is determined using pricing models, for which the determination of fair value requires significant management judgment or estimation.

NOTE 4 – FAIR VALUE - CONTINUED

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: the fair value of the investments in this category has been estimated using the NAV per share, as a practical expedient. The NAV of these accounts is based on the market value of its underlying investments. The NAV of these accounts is not a public-quoted price in an active market ("Level 2"). There are currently no redemption restrictions on these investments.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by Ameritas by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Company evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms.

The estimated fair value is subjective in nature and involves uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could affect these fair value estimates. The fair value estimates do not take into consideration the value of future business and the value of assets and liabilities that are not financial instruments.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2014:

	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts				
Hybrid Funds	$ 212,420	$ -	$ 212,420	$ -
Bond Funds	58,264	-	58,264	-
Equity – Large Cap	72,873	-	72,873	-
Equity – Mid Cap	70,036	-	70,036	-
Equity – Small Cap	1,900	-	1,900	-
Equity – International	37,586	-	37,586	-
Guaranteed Investment Contract	204,941	-	-	204,941
Total Investments	$ 658,020	$ -	$ 453,079	$ 204,941

NOTE 4 – FAIR VALUE - CONTINUED

The following table presents information about significant unobservable inputs used in Level 3 assets (Ameritas Guaranteed Account) measured at fair value at December 31, 2014:

Predominant Valuation Method	Significant Unobservable Inputs	Range of Values - Unobservable Input	Impact of Increase in Input on Fair Value
Discounted cash flows	New deposit rate	1.50%	Increase
	Benefit withdrawal rate	9.00%	Decrease

NOTE 5– GUARENTEED INVESTMENT CONTRACT WITH AMERITAS

The Plan's investments include a fully benefit-responsive guaranteed investment contract with Ameritas known as the Ameritas Guaranteed Account. Ameritas maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest rate guarantees of the Ameritas Guaranteed Account are backed by assets held by the Ameritas general account. Credited rates are set based on yields earned on new purchases of fixed income securities for the general account for new deposits each quarter. Subsequent renewal rates are based on the investment performance of the general account at the time of renewal. Credited rates are guaranteed for the duration of the guaranteed period, and do not vary with the subsequent performance of assets of the general account which back these guarantees.

The contract value of funds held in the Ameritas Guaranteed Account generally represents principal plus accrued interest. The fair value of these funds reflects the relationship between credited rates earned by funds held in the Guaranteed Account and current market rates. Higher credited rates will produce a higher fair value than lower credited rates under similar market interest rate environments.

Fair value for the Ameritas Guaranteed Account is determined as the present value of future guaranteed account values and participant benefit withdrawals, assuming an annual benefit withdrawal rate of 9%. Benefit withdrawals are assumed to occur at the end of each calendar year.

NOTE 5– GUARENTEED INVESTMENT CONTRACT WITH AMERITAS - CONTINUED

Certain events may limit the ability of the plan sponsor and/or plan participants to transact at contract value with Ameritas. Examples of these events would include (but would not be limited to) premature termination of this contract and termination of the retirement plan. In these examples, the contract value could be reduced by any applicable surrender charges upon distribution of contract's funds. Under no event may Ameritas terminate this contract and settle at an amount different from contract value.

The average yield for the plan for the period January 1, 2014 to December 31, 2014 is 2.09%. The average yield for 2013 is 2.42%. The average yield is interest earned divided by the ending fair value of the contract.

The weighted average interest crediting rate, as of December 31, 2014, is 2.20% and for December 31, 2013 is 2.56%.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013, was $205,353 and $86,512, respectively.

The following is the value of the Ameritas Guaranteed Account:

	Contract Value	Fair Value	Fair Value Adjustment
December 31, 2014	$204,941	$205,353	$412
December 31, 2013	86,260	86,512	252

NOTE 6– RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Ameritas. Ameritas is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $2,122 for the year ended December 31, 2014. The Company pays directly any other fees related to the Plan's operations.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
