Independent Auditors' Report

To the Retirement Plan Committee
Prohealth Homecare 401(k) Plan

We have audited the accompanying financial statements of Prohealth Homecare 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

The Plan's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Prohealth Homecare 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective Date

The Plan became effective and employees began making contributions beginning on January 1, 2009.

General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Prohealth Homecare (the "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is State Street Corporation (the "Trustee") while Prohealth Homecare is the Plan Administrator with record keeping and support handled by ADP.

Eligibility

Employees are eligible to participate in the Plan on the first day of the month following their date of employment. There are no minimum age requirements or minimum service requirements to participate in the plan.

Contributions

Although no participant contributions are required, each participant is permitted to make pre-tax to the Plan through payroll deductions. Participants may contribute between 1% and 85% of compensation up to the maximum allowed by the Internal Revenue Code (the Code). Prohealth Homecare does not provide matching contributions in the Plan. All contributions are subject to certain limitations imposed by the Plan and the Code.

Participant Accounts

Each participant's account is maintained separately within the Plan and is credited with their elective deferrals, employer contributions and earnings. Participants may elect to have contributions invested in any or all of the funds of the Plan, subject to certain limitations. Investment income and related management expenses are allocated to the participants' accounts regularly. Allocations of employer contributions, investment income and administrative expenses are based on a participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

There are no vesting provision in the Plan because the Sponsor does not match contributions.

Forfeitures

Forfeitures of employer core contributions are used to defray reasonable administrative expenses. There were no forfeited amounts for the year ending December 31, 2012.

Investment Options

Participants may direct their contributions to a variety of money market and mutual funds held by the trust. These funds include a variety of investment options with various objectives and degrees of financial risk.

Notes Receivable from Participants

At the discretion of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term up to fifteen years. The loans are secured by the balance in the participant's account and bear interest at a rate which professional lenders would charge, as determined by the Plan Administrator. Participants may only have one loan outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account, determined as of the valuation date. The Plan also provides for in-service withdrawals by qualified participants. Distributions will be paid by lump sum or in installments over a number of years, based upon election of the participant or the Plan, as defined in the Plan or the Code.

Upon financial hardship, a participant is entitled to the value of his or her contribution deferral accounts, but not the earnings thereon, determined as of the valuation date, which is payable immediately in a lump-sum distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan uses the accrual basis of accounting for transactions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in money market and mutual funds. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

In preparing these financial statements, management has evaluated subsequent events through February 7, 2015, which represents the date the financial statements were available to be issued.

NOTE 3 - INCOME TAX STATUS

The Plan document is intended to be qualified under Section 401(a) of the Internal Revenue Code, and meet the requirements of Code Section 401(k) as a qualified cash or deferred arrangement. It is also intended that the Trust be exempt from taxation as provided under Code Section 501(a). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

NOTE 4 - INVESTMENTS

Investments representing 5% or more of the Plan's net asset available for benefits at December 31, 2012 were as follows:

	2012
T. Rowe Price Reitre 2030	$ 29,903
T. Rowe Price Reitre 2040	3,075
All other investments under 5%	19,118
Total Investments at Fair Value	$ 52,096

NOTE 5 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- ✓ Quoted prices for similar assets or liabilities in active markets;
- ✓ Quoted prices for identical or similar assets or liabilities in inactive markets;
- ✓ Inputs other than quoted prices that are observable for the asset or liability;
- ✓ Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. When, as a practical expedient, an investment is measured at fair value on the basis of net asset value, its classification as Level 2 or 3 will be impacted by the ability to redeem the investment at net asset value at the measurement date. If there is uncertainty or the inability to redeem an investment at net asset value in the near term subsequent to the measurement date, the investment is categorized as Level 3.

At year end, Plan investments included only money market and mutual funds valued at the quoted net asset value of shares held by the Plan at year end. This was the valuation methodology used to measure fair value of the Plan assets

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use

of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Blended	$ 39,642	$ -	$ -	$ 39,642
Value	2,163	-	-	2,163
Growth	2,456	-	-	2,456
Common/Collective Trust:				
Fixed income	-	7,835	-	7,835
Total Investments at Fair Value	$ 44,261	$ 7,835	$ -	$ 52,096

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEE

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2012, and the related net investment gain and interest income for the year ended December 31, 2012, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

NOTE 7 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds that are managed by the Trustee or its affiliates. Fees incurred by the Plan for related investment management services are included in net appreciation in fair value of investments. Transactions such as these qualify as party-in-interest transactions. Prohealth Homecare pays directly certain other fees related to the Plan's operations.

NOTE 8 - ADMINISTRATIVE EXPENSES

The Sponsor charges each participating organization an administrative fee based on their employer contribution or number of participants and uses these funds to pay the majority of the costs of administering the Plan. The Plan may record certain costs for recordkeeping and participant loan administration.

NOTE 9 - INFORMATION CERTIFIED BY THE TRUSTEE

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination or discontinuance of matching contributions, participants will become fully vested in their accounts.

Schedule C, Line 2(h) Formula Description

For those service providers listed on Line 2 for which Line 2(h) has been checked "yes":

For a description of indirect compensation received by service providers listed on Line 2 that was disclosed as a formula, please see Line 3(e). Please note: If indirect compensation disclosed as a formula was received by a service provider from more than one source, there will be multiple Lines 3(e) for that service provider.

TO WHOME IT MAY CONCERN

We appologize for the late filing of form 5500 for 2012, and 2013. We are a small business established by two emigrant cousins form South East Asia. We take our fiduciary and governance responsibilities very seriously. We have never been late on our corporate or personal returns for the last fifteen years. We started small, but the business has grown tremendously. In order to attract and retain top talent, we started offering 401k program to our employees.

Historically, our CPA prepared our personal and corporate returns. Payroll taxes were prepared by ADP. Our 401k plan was administered and managed by ADP. As such, we assumed that they were ensuring that all required regulatory and filing issues were taken care of. Honestly, we assumed the administration of 401K was similar to any other benefits program (health, medical, etc) not requiring any additional filing with the state of federal authorities. As such we were unaware of this requirement until we received a penalty notification. At which, point our regular CPA was unaware of handling Form 5500 requirements. ADP was unhelpful. After much research we found a new CPA fully versed with this process.

Our new CPA suggested that we perform a financial audit for our pension plan before filing the form 5500. We immediately hired another CPA firm for the audit. We received our clean audit report and we are ready to file the form 5500. The whole process took us a few months to complete; the research, hiring the appropriate resources, conducting the pension plan, and compiling the data to file the form 5500.

Given that we were unaware of this requirement and it was an honest mistake by otherwise outstanding small business owners, we asked you to exercise your discretion and waive any proposed penalty for our late filing form 5500 for 2012, and 2013. We also assure you that we have checks and balances in place to ensure timely filing of future form 5500. If you have any questions regarding the above, please do not hesitate to contact us.
