Independent Auditors' Report

To the Trustees of the
iQor Retirement Savings Plan

We were engaged to audit the accompanying financial statements of iQor Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company and New York Life Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that New York Life Trust Company held the Plan's investment assets as of December 31, 2014 and executed investment transactions from December 16, 2014 through December 31, 2014, and that Fidelity Management Trust Company held the Plan's investment assets as of December 31, 2013 and executed investment transactions from January 1, 2014 to December 15, 2014. The plan administrator has obtained certifications from the custodians as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

iQor Retirement Savings Plan

Notes to Financial Statements

Years Ended December 31, 2014 and 2013

1. Description of the Plan

The following description of the iQor Retirement Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a complete description of the Plan’s provisions.

General

The Plan was established on January 1, 1992, and was amended and restated effective July 1, 2011. The Plan is a defined contribution plan covering substantially all employees of iQor, Inc. and its affiliated companies (collectively, “iQor” or the “Company” or the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective December 16, 2014, the RMS Savings Plan (“RMS Plan”) was merged into the iQor Retirement Savings Plan (“iQor Plan”). In connection with the merger of the RMS Plan into the iQor Plan, the Plan’s assets, trusteeship and third party recordkeeper was transferred from Fidelity Management Trust Company to New York Life Trust Company.

Eligibility

Employees become eligible to participate in the Plan on the first day of the month immediately following or coinciding with the attainment of 18 years of age. Executive vice presidents, senior vice presidents, vice presidents, junior agents, trainees and trainee agents are not eligible to participate in the Plan. Employees are eligible to receive the non-elective employer contribution if they are employed on the last day of the plan year. Effective December 16, 2014, the Plan was amended and employees are eligible to participate in the Plan on the first day of the month immediately following or coinciding with the attainment of 90 days of service. Additionally, junior agents, trainees, and trainee agents became eligible to participate in the Plan.

Effective January 1, 2012, employees at The Receivables Management Services Corporation became eligible to participate in the Plan.

Contributions

The Plan provides each participant with an opportunity to make pre-tax and/ or Roth contributions to the Plan, not to exceed 70% of eligible compensation, and subject to the limitations of the Internal Revenue Code (“IRC”). Effective December 16, 2014, participants are able to defer up to 75% of eligible compensation. The Company may make a discretionary non-elective employer contribution. The Company did not make any discretionary non-elective employer contributions for the year ended December 31, 2014.

Participant Accounts

Each participant’s account is credited with their contributions, employer contributions and the earnings thereon. Contributions to the Plan are invested by the custodian as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the Plan.

Vesting

Participants are immediately and fully vested in their own contributions, plus actual earnings thereon. Participants vest 25% after one year of service and an additional 25% each subsequent year until fully vested after completing four or more years of service for the Company’s discretionary non-elective employer contributions.

iQor Retirement Savings Plan

Notes to Financial Statements

Years Ended December 31, 2014 and 2013

Forfeitures

The Plan provides for terminated employees who resume employment within five years to have any forfeited amounts reinstated ("reinstatement period"), if the employee repays the full amount of the distribution attributable to vested employer contributions prior to the end of the reinstatement period. Plan participants' forfeitures may be used to pay plan expenses or reduce the employers' contribution for the plan year and, if applicable, any remaining amount shall be applied toward succeeding plan years until fully utilized. Plan forfeitures of approximately \$23,500 were applied in conjunction with the payment of plan expenses for the year ended December 31, 2014. There were no forfeitures from employees for the year ended December 31, 2014. Approximately \$3,900 of forfeitures was transferred from the RMS Plan on December 16, 2014. The available balance of forfeitures for the years ended December 31, 2014 and 2013 was approximately \$6,500 and \$20,600, respectively.

Benefits

A participants' vested interest in the Plan's assets are distributable generally upon termination, disability, retirement or death. Participants may withdraw from their individual accounts pursuant to specific guidelines as set forth in the plan document.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a loan is five years; or ten years, if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus one percent (1%). Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest. As of December 31, 2014, the interest rates on the outstanding notes receivable from participants ranged from 4.25% to 10.25%.

Administrative Expenses

All transaction fees for loan and distribution requests and maintenance fees are paid from participants' accounts. Substantially all administrative expenses are paid by the Plan through forfeitures, if available; otherwise they are to be paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and if applicable, disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

iQor Retirement Savings Plan
Notes to Financial Statements
Years Ended December 31, 2014 and 2013

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2015, the date these financial statements were available for issuance. All subsequent events requiring recognition or disclosure have been incorporated in these financial statements.

3. Information Certified by the Custodians

The following is a summary of the investments and notes receivable from participants regarding the Plan as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by Fidelity Management Trust Company ("Fidelity") and New York Life Trust Company ("NY Life"), the custodians of the Plan, and furnished to the plan administrator. Fidelity held the Plan's assets as of December 31, 2013 and executed investment transactions from January 1, 2014 through December 15, 2014, and NY Life held the Plan's assets as of December 31, 2014 and executed investment transactions from December 16, 2014 through December 31, 2014. The plan administrator has obtained certifications from the custodians that the following information is complete and accurate.

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies during 2014 and 2013.

- *Mutual funds*: valued at quoted prices reported in an active market at the year end.
- *Common collective trust fund*: the fair value of the common collective trust is determined by the trustee of the common collective trust based on the underlying assets, which represents the net asset value, a practical expedient to fair value, of units held by the Plan. The common collective trust does not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.
- *Guaranteed interest account*: adjusted to the liquidation value of the investment contract with the insurance company, which is equal to the market value of the underlying fixed income securities. The Plan holds units of participation in the underlying separate account whose amount is equal to the beginning units held plus net units purchased and sold, or the ending units multiplied by the ending unit value.

iQor Retirement Savings Plan
Notes to Financial Statements
Years Ended December 31, 2014 and 2013

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial statements could result in a different fair value measurement at the reporting date.

Investment Contract with Insurance Company

The Plan is party to an investment contract with NY Life whereby allocated contributions are maintained in a Guaranteed Interest Account (“GIA”). The contract is included in the financial statements at contract value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully-benefit responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The crediting interest rate for the guaranteed interest account is calculated based on the current yield to maturity of the underlying investments plus or minus an adjustment for any difference between the contract value and fair value of securities taken over the contract value and the duration of the securities. The key factors that could influence future credit rates are changes to market interest rate, changes in the market value of securities, changes in the duration or weighted average life of securities, and deposits or withdrawals to the guaranteed interest fund. The crediting interest rate is reset at least semi-annually, although under certain circumstances, such as a large deposit or withdrawal, it may be reset more frequently. The average yield and crediting interest rates were 2.45% and 1.70%, respectively, for the year ended December 31, 2014. These rates are guaranteed not to drop below the lesser of 3.00% or a rate that is not less than 1.00% and determined by using the six-month average of the five-year Constant Maturity Treasury Rate minus 1.25%.

Certain events limit the ability of the Plan to transact at contract value with NY Life. Such events include the following (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan’s ability to transact at contract value with participants, is probable.

Interest income	27
Balance, December 31, 2014	<u>\$ 50,085</u>

5. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to amend, alter or terminate the Plan subject to the provisions of the ERISA. If the Plan is terminated, the amount credited to the account of each participant will be fully vested.

6. Tax Status

On March 31, 2008, the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan's management believes it is no longer subject to income tax examinations for years prior to 2011.

7. Related Party Transactions

Certain Plan investments are managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity by the Plan for management services amounted to \$53,818 for the year ended December 31, 2014.

8. Risks and Uncertainties

The Plan's investments are concentrated in mutual funds, a guaranteed interest account and a common collective trust that invest in marketable securities. Such securities are subject to various risks such as interest rate, market and credit risks, which determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. Reconciliation of Financial Statements to Schedule H of the Form 5500
