Parts Express International, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Parts Express International, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Parts Express International, Inc. (the Company, Employer and Plan sponsor). Employees who have completed six months of service and are age 21 or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions: Participants may contribute up to the maximum dollar set by law as defined in the Summary Plan Description. Contributions may be subject to certain limitations.

Employer contributions: The Plan document allows for annual discretionary contributions for eligible employees who are actively employed on the last day of the Plan year. The Company may contribute an amount equal to a percentage of the participant's elective deferrals or an amount which would be allocated using a pro-rata ratio of the total discretionary contribution approved.

Participant accounts: Each participant's account is credited with his or her contribution, the Company's discretionary contribution, if any and actual earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are always 100% vested in their elective deferrals to their accounts. Amounts derived in their accounts that are attributable to Employer contributions become vested according to a 6 year graded vesting schedule.

Payment of benefits: On termination of service for any reason, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or periodic installments.

Notes receivable from participants: Participants may borrow from their fund accounts. Loans may not exceed the lesser of \$50,000 or 50% (but not less than \$1,000) of a participant's vested account balance. Each loan is collateralized by the remaining balance in the participant's account. Interest charged to participants is reviewed by the loan administrator and is based upon prevailing interest rates for similar loans in the surrounding community. Interest rates on participant loans were 4.25% as of December 31, 2014 and 2013.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Parts Express International, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Forfeited accounts: Forfeitures are used to reduce future employer contributions. Forfeited, non-vested accounts totaled \$11,849 and \$10,844 at December 31, 2014 and 2013, respectively.

Contributions: Participant contributions are recognized when withheld. Employer discretionary matching contributions are recognized concurrently with participant contributions. Discretionary matching contributions for 2014 were \$72,801.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan sponsor has elected to pay certain costs associated with Plan administration from its operating assets.

Investment valuation and income recognition: The Plan's investments are held by State Street Bank & Trust, the Plan's current trustee and were held prior by ING Life Insurance and Annuity Company (ING), the Plan's former trustee. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income.

The Plan follows guidance which requires investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value uses the amount participants would receive if they were to initiate permitted transaction under the terms of the Plan. As required by this guidance, the Statements of Net Assets Available for Benefits present the fair value of the Plan's investment contract as well as the adjustment of the investments contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract-value basis.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 12, 2015, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustees

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2014 and for the period from July 1, 2014 to December 31, 2014 was prepared by or derived from information provided by the current trustee, State Street Bank & Trust and furnished to the Plan administrator. The former trustee, ING Life Insurance and Annuity Company (ING), provided the information related to the Plan's assets that are included throughout the Plan's financial statement as of December 31, 2013 and for the period from January 1, 2014 to June 30, 2014. The Plan administrator has obtained certifications from the trustees that information provided to the Plan administrator by the trustees related to these Plan assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Notes 4, 9 and supplemental schedule related to the Plan's assets.

The trustees of the Plan also certified the completeness and accuracy of \$1,535 of net appreciation in fair value of investments, \$160,904 of interest and dividends related to investments and \$2,696 of interest income from notes receivable from participants for the year ended December 31, 2014.

Parts Express International, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Investments

The fair values of individual investments that represent 5% or more of the Plan's net assets at December 31 are as follows:

	2014	2013
Artisan International Value Fund	\$ 712,746	\$ 740,103
American Funds - Growth Class R-3 Fund	413,485	196,691
ING PIMCO Total Return Portfolio	*	212,278

Fidelity Advisor New Insights Fund	*	176,082
Invesco Equally-Weighted S&P 500 Fund	576,060	*

Ridgeworth Large Cap Value Equity Fund	256,903	211,078
ING Fixed Account	*	418,580
MetLife Reliance Stable Value Fund	443,913	*

*Fair value did not exceed 5% or more of the Plan's net assets

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds	\$ (2,592)
Common/collective trust	4,127
Total Appreciation	\$ 1,535

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Note 6. Income Tax Status

The Plan was amended and restated effective July 1, 2014 and adopted a volume submitter plan sponsored by ADP, Inc. which received a favorable opinion letter issued on March 31, 2008, stating that the volume submitter plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2011.

Parts Express International, Inc. 401(k) Plan

Notes to Financial Statements

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 8. Related-Party Transactions

Notes receivable from participants represent loans taken from participant accounts and qualify as party-in-interest transactions. Various administrative expenses are paid out of the Plan. Total fees paid by the Plan for trustee, recordkeeping and other professional services rendered by parties-in-interest amount to \$9,435 for the year ended December 31, 2014.

Note 9. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

The fair value hierarchy is as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Parts Express International, Inc. 401(k) Plan

Notes to Financial Statements

Note 9. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market funds: Valued at the net asset value (NAV) of shares held by the plan at the year end, as reported to the Plan by the trustee. A fund's NAV reflects an exit price, is the same for all holders of the fund and provides the basis for current transactions.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust fund: Valued at the net asset value (NAV) of shares held by the Plan at year end, as reported to the Plan by the trustee. A fund's NAV reflects an exit price, is the same for all holders of the fund and provides the basis for current transactions.

Pooled separate accounts: Valued at the unit value as reported to the Plan by the trustee, which represents the fair value of the units held by the Plan.

Guaranteed fixed certificate accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9. Fair Value Measurements (Continued)

The following table summarizes assets measured at fair value on a recurring basis as of December 31:

	2014			
	Total	Level 1	Level 2	Level 3
Mutual funds:

Notes to Financial Statements

Note 10. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the net increase per the financial statements to the net gain per the Form 5500 for the year ended December 31, 2014:

Net increase per financial statements	\$ 258,141
responsive investment contracts	<u>13,097</u>
Net increase per Form 5500	<u>\$ 271,238</u>

Note 11. Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact this Update will have on the Plan's financial statements.

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position.

The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient.

Notes to Financial Statements

Note 11. Recent Accounting Pronouncements (Continued)

The amendments in this Update are effective for Plans public business entities for fiscal years beginning after December 31, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented.

Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

To Whom It May Concern:

The Taxpayer identified above has requested that I response to the enclosed notice dated September 14, 2015. Also enclosed is the Form 2848, Power of Attorney, granting me the authority to do so.

The notice indicates that Form 5558, Application for Extension of Time to File Certain Employee Plan Returns, was not filed by the due date of July 31, 2015. We believe the extension form was placed in the mail prior to July 31, 2015. However, we do not have any documentation to support this. It is our understanding that the filing date is considered to be the post mark date. Thus, we are requesting that the post mark date be pulled to verify the filing date. If possible, please send a copy of the envelope showing the post mark date to the Taxpayer's address. If it is determined that the extension form was timely filed based on the post mark date, please apply the extension to the Taxpayer's account to extend the due date of the 2014 Form 5500 to October 15, 2015.
