Independent Auditors' Report

The Weston Foods US, Inc. Pension and
Benefits Committee

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Interbake Foods LLC Hourly Employees 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2013 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the Interbake Foods LLC Hourly Employees 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document, including plan amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Interbake Foods LLC (Interbake) and ACE Bakery, LLC (ACE) (collectively, the Company). Hourly Employees of Interbake are eligible to participate in the Plan upon completion of 60 days of service. Employees of ACE are eligible to participate upon completion of 180 days of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan participates in the Weston Foods US, Inc. Savings Plan Master Trust (the Master Trust). The Pension and Benefits Committee of Weston Foods US, Inc. (Committee) is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute pre-tax and Roth amounts equal to not less than 1% or more than 20% of their eligible compensation for the contribution period, subject to limits imposed by the Internal Revenue Code (IRC). The combined limit of pre-tax and roth elections shall not exceed 20% of their eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings.

(1) Description of Plan, Continued

Contributions, Continued

The Company makes matching contributions for certain participants who are employed at Norse Dairy Systems, LLC (NDS), a division of Interbake, ACE, and Rubschlager Bakery, a division of Maplehurst Bakeries, LLC, in an amount equal to $0.50 for each $1.00 contributed by a participant, up to a maximum of 6% of the participant's plan compensation. For NDS participants covered under the Interbake Bakery, Confectionary, Tobacco Workers and Grain Millers Union No. 433 collective bargaining agreement, the Company makes matching contributions dollar for dollar, up to a maximum of 6% of the participant's plan compensation. No employer matching contributions are made for participants who are not employed by NDS. In addition, the Company may also make discretionary contributions for certain participants of NDS. The Company contributions are invested as directed by the participant. Company matching contributions and discretionary contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 5.75%, which are commensurate with market rates on similar loans as determined by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, participants may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions are subject to the applicable provisions of the plan agreement.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan retains an interest in the Master Trust which holds investments in various funds.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Notes 4 and 5 for discussion of fair value measurements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Continued...

(2) **Summary of Significant Accounting Policies, Continued**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses that are permitted by the plan document are paid by the Plan; other expenses are paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2015, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (the Trustee) as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. The Trustee has certified the following as complete and accurate:

The Plan's assets are as follows at December 31:

	2014		2013	
Investment in Master Trust, at fair value	$ 16,208,359	*	$ 14,030,944	*
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(32,674)		(35,142)	
Total investments	$ 16,175,685		$ 13,995,802	
Notes receivable from participants	$ 187,903		$ 197,584	

*Represents 5% or more of the Plan's assets at year end.

The Plan's share of investment income was as follows for the years ended December 31:

	2014	2013
Plan's interest in Master Trust investment income	$ 881,934	$ 2,094,571

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Continued...

(4) Fair Value Measurements, Continued

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2014 and 2013.

Plan's interest in the Master Trust: See Note 5.

The methods described in Note 5 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Interest in the Master Trust (Unaudited)

The Plan's investments are held in the Master Trust, which was established for the investment of assets of the Plan and other Weston Foods US, Inc. sponsored defined contribution retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. The administration of the Plan is overseen by the Committee, which is appointed by George Weston Limited Board of Directors.

Continued...

(5) Interest in the Master Trust (Unaudited), Continued

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2014 and 2013, the Plan's interest in the investments of the Master Trust is approximately 17% and 16%, respectively. The investments in the Master Trust are allocated to the individual plans based upon the individual participant balances of those participants that are included in each respective plan.

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee of the Master Trust as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

The Trustee has certified to the accuracy and completeness of the investment in the net assets of the Master Trust at December 31, 2014 and 2013 and the investment income for the years then ended.

The following table presents investments of the Master Trust at December 31:

	2014	2013
Registered investment companies	$ 87,454,282	$ 79,616,032
Money market fund	2,653,793	3,090,330
Common collective trust	7,223,646	7,455,362
Total Master Trust investments, at fair value	97,331,721	90,161,724
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(105,585)	(112,375)
Total Master Trust investments	$ 97,226,136	$ 90,049,349
Plan interest in the Master Trust, at fair value	$ 16,208,359	$ 14,030,944

Continued...

(5) **Interest in the Master Trust (Unaudited), Continued**

Investment income for the Master Trust was as follows for the years ended December 31:

	2014	2013
Net appreciation (depreciation) in fair value of investments in registered investment companies	$ (625,286)	$ 11,538,390
Interest and dividends	6,308,061	2,534,664
	$ 5,682,775	$ 14,073,054

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market and registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value (NAV) and to transact at that price. Registered investment companies held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a trust company collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There have been no significant transfers among investment levels during the years ended December 31, 2014 and 2013.

(6) Related Party Transactions and Party-In-Interest Transactions

Plan investments are investments in the Master Trust managed by the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation of fair value in investments. Additionally, the Company pays certain administrative expenses related to the Plan's operations.

(7) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

(8) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 16, 2011, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) Transfer to Affiliated Plan

During 2014, transfers of net assets from the Plan to the Interbake Foods LLC Salaried Employees 401(k) Savings Plan were $8,310.

During 2013, transfers of net assets from the Plan to the Interbake Foods LLC Salaried Employees 401(k) Savings Plan were $134,314.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2014	2013
Net assets available for benefits per the financial statements	$ 16,363,588	$ 14,193,386

Independent Auditors' Report

The Weston Foods US, Inc. Pension and
Benefits Committee

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Interbake Foods LLC Hourly Employees 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2013 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following description of the Interbake Foods LLC Hourly Employees 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document, including plan amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Interbake Foods LLC (Interbake) and ACE Bakery, LLC (ACE) (collectively, the Company). Hourly Employees of Interbake are eligible to participate in the Plan upon completion of 60 days of service. Employees of ACE are eligible to participate upon completion of 180 days of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan participates in the Weston Foods US, Inc. Savings Plan Master Trust (the Master Trust). The Pension and Benefits Committee of Weston Foods US, Inc. (Committee) is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute pre-tax and Roth amounts equal to not less than 1% or more than 20% of their eligible compensation for the contribution period, subject to limits imposed by the Internal Revenue Code (IRC). The combined limit of pre-tax and roth elections shall not exceed 20% of their eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participants' earnings.

(1) Description of Plan, Continued

Contributions, Continued

The Company makes matching contributions for certain participants who are employed at Norse Dairy Systems, LLC (NDS), a division of Interbake, ACE, and Rubschlager Bakery, a division of Maplehurst Bakeries, LLC, in an amount equal to $0.50 for each $1.00 contributed by a participant, up to a maximum of 6% of the participant's plan compensation. For NDS participants covered under the Interbake Bakery, Confectionary, Tobacco Workers and Grain Millers Union No. 433 collective bargaining agreement, the Company makes matching contributions dollar for dollar, up to a maximum of 6% of the participant's plan compensation. No employer matching contributions are made for participants who are not employed by NDS. In addition, the Company may also make discretionary contributions for certain participants of NDS. The Company contributions are invested as directed by the participant. Company matching contributions and discretionary contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 5.75%, which are commensurate with market rates on similar loans as determined by the plan administrator. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, participants may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions are subject to the applicable provisions of the plan agreement.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan retains an interest in the Master Trust which holds investments in various funds.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Notes 4 and 5 for discussion of fair value measurements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Continued...

(2) **Summary of Significant Accounting Policies, Continued**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses that are permitted by the plan document are paid by the Plan; other expenses are paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2015, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (the Trustee) as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. The Trustee has certified the following as complete and accurate:

The Plan's assets are as follows at December 31:

	2014		2013	
Investment in Master Trust, at fair value	$ 16,208,359	*	$ 14,030,944	*
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(32,674)		(35,142)	
Total investments	$ 16,175,685		$ 13,995,802	
Notes receivable from participants	$ 187,903		$ 197,584	

*Represents 5% or more of the Plan's assets at year end.

The Plan's share of investment income was as follows for the years ended December 31:

	2014	2013
Plan's interest in Master Trust investment income	$ 881,934	$ 2,094,571

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Continued...

(4) Fair Value Measurements, Continued

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2014 and 2013.

Plan's interest in the Master Trust: See Note 5.

The methods described in Note 5 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Interest in the Master Trust (Unaudited)

The Plan's investments are held in the Master Trust, which was established for the investment of assets of the Plan and other Weston Foods US, Inc. sponsored defined contribution retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. The administration of the Plan is overseen by the Committee, which is appointed by George Weston Limited Board of Directors.

Continued...

(5) Interest in the Master Trust (Unaudited), Continued

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2014 and 2013, the Plan's interest in the investments of the Master Trust is approximately 17% and 16%, respectively. The investments in the Master Trust are allocated to the individual plans based upon the individual participant balances of those participants that are included in each respective plan.

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee of the Master Trust as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements.

The Trustee has certified to the accuracy and completeness of the investment in the net assets of the Master Trust at December 31, 2014 and 2013 and the investment income for the years then ended.

The following table presents investments of the Master Trust at December 31:

	2014	2013
Registered investment companies	$ 87,454,282	$ 79,616,032
Money market fund	2,653,793	3,090,330

Total Master Trust investments	$ 97,226,136	$ 90,049,349
Plan interest in the Master Trust, at fair value	$ 16,208,359	$ 14,030,944

Continued...

(5) **Interest in the Master Trust (Unaudited), Continued**

Investment income for the Master Trust was as follows for the years ended December 31:

	2014	2013
Net appreciation (depreciation) in fair value of investments in registered investment companies	$ (625,286)	$ 11,538,390
Interest and dividends	6,308,061	2,534,664
	$ 5,682,775	$ 14,073,054

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market and registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value (NAV) and to transact at that price. Registered investment companies held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a trust company collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There have been no significant transfers among investment levels during the years ended December 31, 2014 and 2013.

(6) Related Party Transactions and Party-In-Interest Transactions

Plan investments are investments in the Master Trust managed by the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation of fair value in investments. Additionally, the Company pays certain administrative expenses related to the Plan's operations.

(7) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain 100% vested in their accounts.

(8) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 16, 2011, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(10) Transfer to Affiliated Plan

During 2014, transfers of net assets from the Plan to the Interbake Foods LLC Salaried Employees 401(k) Savings Plan were $8,310.

During 2013, transfers of net assets from the Plan to the Interbake Foods LLC Salaried Employees 401(k) Savings Plan were $134,314.

(11) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:
