CONFEDERATED TRIBES OF THE CHEHALIS
ENTERPRISE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

Note 1: Description of the Plan

The following description of the Confederated Tribes of the Chehalis Reservation Enterprise 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan, which commenced on January 1, 2008, is a defined contribution plan covering employees of the Chehalis Tribal Enterprises (the "Companies"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees may participate in the Plan on the date coinciding with the earlier of the Plan anniversary or semi-anniversary following the completion of one year of service and attainment of 18 years or older. One year of service is defined as 1,000 hours of service within a consecutive 12-month period.

Contributions – Participants may elect to defer a percentage of their compensation to the Plan each year. The maximum percentage allowable is 15% and may not exceed the limits of Code Section 401(k), 404 and 405. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies match 100% of employee contributions, up to 2% of eligible compensation deferred to the Plan. The Companies may also elect to make a discretionary non-matching contribution to the Plan. The Companies contributed 3% of eligible employees' compensation to the Plan for the years ended December 31, 2014 and 2013. Completion of at least 1,000 hours of service is required to be eligible for discretionary non-matching contribution.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contributions, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their salary deferrals plus actual earnings thereon. Participants become fully vested in the Companies contribution portion of their accounts and actual earnings thereon based upon completion of four years of service, attainment of normal retirement age, permanent disability, complete discontinuance of employer contributions, termination of the Plan, or death.

<u>Service Period</u>	<u>Vested Percentage</u>
1 year of service	25%
2 years of service	50%
3 years of service	75%
4 years of service	100%

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 1: Description of the Plan (Continued)

Forfeitures – Forfeitures are the nonvested portion of the participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be used to reduce Plan administrative expenses and any remaining amount is used to reduce future employer contributions. During the years ended December 31, 2014 and 2013, the Companies had \$9,399 and \$5,568 in forfeitures available of offset employer contributions, respectively.

Notes Receivable From Participants – Participant loans from the Plan are not permitted.

Note 2: Summary of Significant Accounting Policies

The following significant accounting policies were used to prepare the financial statements in accordance with accounting principles generally accepted in the United States of America.

In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*, which provides guidance for determining a fair value measurement for financial reporting purposes. GASB Statement No. 72 becomes effective for the Plan for the 2016 reporting period. Implementation of this statement is intended to provide guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

The effect of future adoption of GASB Statement No. 72 on the Plan's financial statements has not been evaluated as of the date of this report.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Generally accepted accounting principles include statements from the Governmental Accounting Standards Board (GASB), as well as other guidance provided by the American Institute of Certified Public Accountants' Guide entitled *Audits of Employee Benefit Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes thereof. Actual results may differ from those estimates. The most significant estimate for the Plan was the estimate of the fair value of the Plan's investments.

Investment Valuation and Income Recognition

Investments are stated at fair value as certified by the Plan's custodian, Transamerica Life Insurance Company ("Transamerica"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reported on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

The Plan recognizes benefit payments in the period that benefits are paid.

Note 2: Summary of Significant Accounting Policies

Expenses

Administrative expenses of the Plan may be paid out of the Plan assets if the Companies do not pay the expenses directly.

Date of Management's Review

Subsequent events were evaluated through October 7, 2015, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net position available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs only when Level 1 inputs are not available. There were no Level 1 or 3 inputs available to the Plan.

Level 2 Fair Value Measurements

The fair value of the Plan's investments are based on inputs other than quoted price included within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or nonactive markets. Level 2 inputs may also include insignificant adjustments to market inputs.

Note 4: Investments

The following presents investments that represent 5% or more of the Plan's net position:

	<u>2014</u>	<u>2013</u>
Transamerica Stable Value Advantage Opt	\$ 67,858	\$ 65,378

Vanguard Target Retirement 2050 Ret Opt	\$ 50,793	N/A
WMC Quality Growth Ret Opt	\$ 96,777	\$ 78,802

For the years ended December 31, 2014 and 2013, the appreciation of the Plan investments of \$47,288 and \$130,134 (including gains and losses on investments bought and sold, as well as held during the year), was due to the mutual funds held by the Plan.

Investment Contracts – The Transamerica Stable Value Advantage Option group annuity contract was designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The group annuity contract seeks steady income consistent with the preservation of principal by investing primarily in the general fund of the insurance company issuing the investment.

In accordance with applicable guidance, the group annuity contract is presented at fair value on the statements of net position available for benefits. The adjustment from fair value to contract value would be based on the contract value (which represents contributions made under the contracts, plus earnings, less withdrawals, and administrative expenses); however, fair value approximates contract value and no adjustment is presented as reported by Transamerica.

Certain events, such as the premature termination of the contracts by the Plan or termination of the Plan, may limit the Plan's ability to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of such event, which would also limit the Plan's ability to transact at contract value with participants, is probable.

Average yields:	<u>2014</u>	<u>2013</u>
Based on actual earnings	1.6%	1.7%
Based on interest rate credit to participants	1.6%	1.7%

DECEMBER 31, 2014 AND 2013

Note 6: Related Party/Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Transamerica. Transamerica is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$10,890 and \$10,046 for the years ended December 31, 2014 and 2013.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and all accounts will be distributed in a lump sum.

Note 8: Reconciliation of the Form 5500 to the Financial Statements

The following table reconciles amounts reported in the financial statements to the Form 5500:

	2014	2013
Net position available for benefits per the Form 5500	\$ 744,744	\$ 817,590
Add: Participant contributions receivable	2,541	-
Add: Employer contributions receivable	758	-
Net position available for benefits per the financial statements	<u>\$ 748,043</u>	<u>\$ 817,590</u>
Change in net position available for benefits per the Form 5500	\$ (72,846)	\$ 227,216
Contributions receivable excluded from Form 5500	3,299	-
Change in net position available for benefits per the financial statements	<u>\$ (69,547)</u>	<u>\$ 227,216</u>

Except for the noted above and rounding difference, amount reported in the Form 5500 agree to the financial statements.

Note 9: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income tax. The Plan has obtained a favorable tax determination letter dated March 31, 2008 from the Internal Revenue Service, covering the volume submitter plan offered by the custodian. Subsequently, the Plan was amended and received a favorable tax determination letter dated July 29, 2010 from the Internal Revenue Service.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net position available for benefits.
