The Plan was established effective April 1, 1996 and restated effective December 1, 2011. The Plan does not cover union employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a participant-directed plan offering several investment options.

Eligibility

All employees who are 21 years of age and have completed at least one year of service (1,000 hours in a twelve consecutive month period) are eligible to participate in the Plan. Entry dates into the Plan are January 1st and July 1st of each fiscal year.

In addition, all employees who are 21 years of age, have completed at least one year of service (1,000 hours in a twelve consecutive month period), and are employed on the last day of the Plan year are eligible to receive an employer contribution which may be made for that Plan year. Employees who are not employed on the last day of the Plan year due to death, disability, or attainment of normal retirement age are eligible to receive any employer contributions which may be made for that Plan year.

Contributions

Participants may elect to defer up to 90% of their compensation each year up to the maximum amount permissible by the Internal Revenue Code (IRC). Participants are permitted to contribute catch-up contributions in accordance with IRC requirements. Participants direct the investments of their contributions into various investments offered by the Plan.

The Company may make a matching contribution equal to a discretionary percentage to be determined by the Company. In addition, the Company may make non-elective employer contributions on behalf of each eligible participant out of profits earned. Non-elective employer contributions are allocated to participant accounts based on each participant's pro rata share of gross wages of all eligible employees. The Company did not make a non-elective employer contribution for the year ended December 31, 2014. In 2014, the Company made a matching contribution related to the Plan year ended December 31, 2013 in the total amount of $44,219. In 2015, the Company made a matching contribution related to the Plan year ended December 31, 2014 in the total amount of $56,394.

1. PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution (if any) and (b) Plan earnings, and is charged with an allocation of investment expenses. Allocations are based on participant salary or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefits

Upon termination of service, a participant or a participant beneficiary in the event of the participant death may elect to receive either a lump-sum amount, equal to the value of the vested interest in his or her account, or request that it be rolled-over to an individual retirement account or annuity. Participant consent is required for a distribution only if the participant vested account balance is greater than $5,000. If the participant's vested interest in his or her account is $1,000 or less, upon termination of service, a participant will receive a lump-sum distribution without his or her content. If the participant's vested interest in his or her account exceeds $1,000 but does not exceed $5,000, upon termination of service, the amount equal to the value of the vested interest in his or her account will be rolled-over to an individual retirement account or annuity without participant consent.

Participants age 50 ½ or older may elect to receive a distribution of the vested portion of his or her account balance regardless of employment. In addition, a participant may request a withdrawal from the Plan while still under the employment of the Company for reasons of financial hardship. The benefit to which a participant is entitled consists of his or her contributions and earnings thereon and his or her accumulated share of vested annual employer contributions and investment earnings that are allocated according to length of service and amount of annual compensation.

Participant Loans

Participants may borrow from their vested account balance in accordance with IRC requirements. New loan issuances are limited to three loans outstanding per participant at any given time. The loan amount is allowed at a minimum of $1,000 and a maximum of 50% of the participant's vested balance up to $50,000. The loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 4.50% which are commensurate with local prevailing rates as determined at the time of the loan issuance. Principal and interest are payable ratably through payroll deductions over terms ranging up to 5 years, except for home loans which may range up to 10 years.

1. PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Vesting

Participants are fully vested with respect to their employee contributions plus actual earnings thereon. Vesting of employer contributions is based on years of credited service beginning with the participant's date of hire. The standard vesting schedule is as follows:

Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or more	100%

Forfeited Accounts

Forfeited nonvested contributions are used to pay plan expenses and reduce Company matching contributions. At December 31, 2014 and December 31, 2013, forfeited non-vested accounts totaled approximately $9,868 and $7,553, respectively. No forfeited nonvested accounts were used to pay plan expenses or reduce employer matching contributions for the year ended December 31, 2014.

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. This method of accounting differs from the accrual basis of accounting primarily in the following respects:

Income on investments and contribution income are recognized when cash is received rather than when earned. Expenses are recognized when cash is disbursed rather than when the related liability is incurred.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as discussed in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

1. PLAN DESCRIPTION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition - Continued
Because of the inherent uncertainties in estimated market value, it is reasonably possible that the estimates used will change within the near term. In the statement of changes in net assets available for plan benefits, the Plan presents the net appreciation (decline) in the fair value of its investments which consists of the realized gains or losses on investments sold during the year and the unrealized appreciation (decline) on investments held at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when cash is received.

Payment of Benefits
Benefits to participants are recorded when paid.

Administrative Expenses
Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees paid by the Plan during 2014 totaled approximately $370. Other administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Events Occurring After Reporting Date
The Plan has evaluated events and transactions that occurred between December 31, 2014 and October 8, 2015, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

2. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan's trustee, the Fidelity Management Trust Company, certifies as of December 31, 2014 and 2013 and for the years then ended, that the investments and investment transactions are complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

2. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE – CONTINUED

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified by the trustee:

	2014	2013 (Compiled)
Investments, at fair value:		
Mutual funds	$ 4,116,275	$ 3,528,870
Cash equivalents	384,805	733,806
Total investments	$ 4,501,080	$ 4,262,676
Net appreciation (decline) in fair value of investments	$ (71,981)	$ 92,510
Dividends and interest	246,492	341,850
Total investment income	$ 174,511	$ 434,360

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels and gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and lowest priority to unobservable inputs (level 3 inputs).

The three broad levels of the fair value hierarchy are:

Level 1 - Inputs consist of unadjusted quoted prices in active markets for identical investments in active markets.

Level 2 - Inputs include quoted prices for similar investments in active markets; quoted prices for identical or similar investments in markets that are not active; and model-derived valuations whose significant value drivers are observable.

Level 3 - Inputs consist of investment valuations whose significant value drivers are not observable.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS – CONTINUED

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The fair value of mutual funds and money market funds is based on quoted net asset values of the shares held by the Plan at year-end and are included as Level 1 inputs.

The following tables present the Plan's investments at fair value, categorized by level within the fair value hierarchy, on a recurring basis at:

December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,116,275	$ -	$ -	$ 4,116,275

5. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Group Company. Fidelity Management Group Company is the trustee and record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's account balance shall become fully vested and non-forfeitable. Plan assets will be allocated to provide benefits to participants based on their individual account balances. As benefits are based on account balances, they are not insured by the Pension Benefit Guaranty Corporation.

9. PROHIBITED TRANSACTIONS

During 2014, the Company determined that certain amounts of participant deferrals were not remitted to the Plan in accordance with the Department of Labor's (DOL) rules regarding the timeliness of depositing such employee contributions, representing a nonexempt loan of funds to the Company from the Plan. During 2014 and 2015, the Company took remedial actions under the DOL's Self-Correction Program to correct the matter and remit lost earnings on delinquent contributions. The lost earnings were not material to the financial statements.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 to Schedule H of Form 5500:

	2014
Net assets available for Plan benefits per financial statements	$ 4,530,657
Participant contributions receivable	450
Net assets available for Plan benefits per Schedule H of Form 5500	$ 4,531,107

11. SUBSEQUENT EVENTS

The Plan changed the trustee to the Vanguard Group, Inc. in April 2015 and was generally amended and restated as of April 15, 2015.
