Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the DDR Corp. 401(k) Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, were audited by Libman, Goldstine, Kopperman and Wolf, Inc., who joined with Bober, Markey, Fedorovich & Co. as of November 1, 2014. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed Libman, Goldstine, Kopperman and Wolf, Inc. not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report, dated October 7, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the Trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - FORMATION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES

Formation of Plan

Effective July 1, 1994, DDR Corp. (the "Company"), (formerly known as Developers Diversified Realty Corporation) formed the DDR Corp. 401(k) Plan and Trust (the "Plan"), (formerly known as the Developers Diversified Realty Corporation Profit Sharing Plan and Trust).

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of additions and deductions during the year. Actual results could differ from those estimates.

Participants' Notes Receivable

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Securities which are traded on a national securities exchange are valued at the last reported sales price on the last business day of the year; securities traded on the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices. Shares of mutual funds are valued at the closing price reported on the active market in which the funds are traded. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded as of the dividend payable date.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation or depreciation in the fair value of its investments which is comprised of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Payment of Benefits

Benefits are recorded when paid.

DDR CORP. 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (continued)
December 31, 2014 and 2013

Administrative Expenses

The Company may, at its discretion, pay the administrative expenses of the Plan. Any expenses not paid by the Company will be paid out of Plan assets. During 2014, certain Plan expenses were paid out of Plan assets, as reflected in the accompanying Statement of Changes in Net Assets Available for Benefits.

Risks and Uncertainties

The Plan invests in various investment securities (including investments in domestic and international mutual funds and bonds). Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Recently Issued Accounting Standards

In July 2015, the Financial Accounting Standards Board ("FASB") issued an accounting standards update which:

- a) requires that fully benefit-responsive investment contracts be measured, presented and disclosed only at contract value;
- b) eliminates:
 - i. the need to disaggregate the investments in accordance with the Fair Value Measurements topic of the FASB Accounting Standards Codification ("ASC"), and requires disaggregation based only on general type,
 - ii. the requirement to disclose individual investments that represent 5% or more of the net assets available for benefits,
 - iii. the requirement to disclose net appreciation disaggregated by general investment type;
- c) provides a practical expedient to permit plans to measure investments and investment related accounts as of a month-end date that is closest to the plans' fiscal year end, when the fiscal year period does not coincide with a month end.

In May 2015, the FASB issued an accounting standards update which removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient.

These standards updates are effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The adoption of these standards updates is not expected to have a material impact on the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through October 13, 2015, the date on which the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS (continued)
December 31, 2014 and 2013

NOTE 2 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information with respect to the Plan. The Plan was adopted so that all employees of the Company could participate in the Plan, if certain Plan requirements were met. Participants should refer to the Plan Adoption Agreement for a complete description of the Plan.

General

The Plan is a defined contribution plan that covers all eligible employees, as defined, of the Company. The Plan is subject to the provisions of ERISA.

Contributions

Participants have the right to direct the trustee to invest their contributions, in one or more permitted investment funds, as defined by the Plan. The Plan covers substantially all of the officers and employees of the Company and permits participants to defer a portion of their compensation, not to exceed limits imposed by the Internal Revenue Code ("IRC"). The Plan permits participants, age 50 and older before the end of the calendar year and who are eligible to make elective deferrals under the Plan, to contribute up to \$5,500 additional for each calendar year, as a "catch-up" contribution in excess of the maximum otherwise allowed by the IRC.

The Plan provides that the Company will match 50% of the participant's elective deferral for the Plan year up to a maximum of 6% of a participant's eligible earnings.

The Plan requires the Company's matching contribution to be allocated based on participants' elections.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants elect to maintain their accounts in a combination of investment funds. Separate accounting for each of the participants' funds is maintained pursuant to the participant's designated election.

Forfeitures

Non-vested employer contributions are forfeited by an individual upon termination. Forfeitures are applied to reduce future contributions or administrative expenses by the Company.

Forfeiture activity for the year ended December 31, 2014 was as follows:

Beginning balance	\$ 166,908
Forfeitures	78,901
Utilized to reduce company match or pay administrative expenses	(25,168)
Ending balance	<u>\$ 220,641</u>

DDR CORP. 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (continued)
December 31, 2014 and 2013

Vesting

Participants are immediately vested in their rollover or distributions from other defined contribution plans and their eligible earnings deferral contributions plus actual earnings thereon, with the exception of the Company contributions, which vest at the rate of 20% per service year until fully vested.

Participants' Notes Receivable

Under the terms of the Plan, participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. Loan terms shall not exceed five years, unless the loan is used to acquire a principal residence. The loans are secured by the balance in the participants' accounts and bear interest at 4.25% at December 31, 2014 and 2013.

Payment of Benefits

The liability of the Plan for benefits to participants is limited to the fair value of the Plan assets. A participant is entitled to receive the full value of his or her vested account at age 59½, death or disability, prior to retirement, or upon termination of employment. If the vested balance is \$1,000 or less, the form of distribution is a single lump-sum payment. If the vested balance is greater than \$1,000 and less than \$5,000, and the participant does not make an election to either receive or to roll over the distribution, the distribution must be rolled over to an IRA. If the vested balance exceeds \$5,000, the participant has the option to (a) distribute the funds as the participant originally elected (lump sum or monthly/annual installments); (b) leave the funds in the Plan; or (c) roll the funds into an IRA or into another employer's qualified plan. If a participant's employment terminates as a result of a permanent physical or mental disability, the participant will be fully vested as of the date of the disability.

Additionally, in-service withdrawals are permitted for active participants in the event of financial hardship or upon attainment of certain age and service requirements, as defined. Rollover contributions may be withdrawn by active participants at any time.

There were no benefits payable at December 31, 2014 and 2013, for any processed and approved, but unpaid claims.

NOTE 5 - FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair Value Hierarchy

The standard *Fair Value Measurements* specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). The following summarizes the fair value hierarchy:

- Level 1 — Quoted prices in active markets that are unadjusted and accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2 — Quoted prices for identical assets and liabilities in markets that are inactive, quoted prices for similar assets and liabilities in active markets or financial instruments for which significant inputs are observable, either directly or indirectly, such as interest rates and yield curves that are observable at commonly quoted intervals;
- Level 3 — Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level input that is significant to the fair value measurement in its

entirety. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

Items Measured at Fair Value on a Recurring Basis

The following tables present information about the Plan's financial assets and liabilities, which consist of mutual fund investments that are included in assets at December 31, 2014 and 2013, measured at fair value on a recurring basis and indicates the fair value hierarchy of the valuation techniques utilized by the Plan to determine such fair value.

NOTE 6 - PLAN TERMINATION

Under the Plan, the Company has the right to discontinue contributions and terminate the Plan at any time, although the Company has not expressed any interest to do so. In the event of termination, participants' accounts become fully vested if the participant has not (1) incurred a five-year break in service, or (2) received payment of their vested account balance. The participants' accounts are to be distributed to the participants according to the directions of the Plan Advisory Committee administering the Plan.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 26, 2008, that the Plan qualifies under Section 401(a) of the IRC and therefore is exempt from Federal income taxes. In management's opinion, the Plan is operating in compliance with the applicable provisions of the Internal Revenue Code and other post-1986 legislation. The Plan administrator is not aware of any course of

DDR CORP. 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS (continued)
December 31, 2014 and 2013

action or series of events that have occurred that might adversely affect the Plan's qualified status. The application for tax exempt status of the Plan does not apply to the taxability of distributions to participants under the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

In July 2014, the Plan received notification that it was being examined by the United States Department of Labor. The examination was concluded in June 2015. There were no material adverse consequences as a result of this examination.

NOTE 8 - PARTY-IN-INTEREST

Certain Plan investments are shares of registered investment companies managed by the Trustee as defined by the Plan, and therefore, these transactions are party-in-interest transactions.
