Independent Auditor's Report

Retirement Plan Committee
MedBridge Healthcare 401(k) Retirement Plan
Greenville, South Carolina

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MedBridge Healthcare 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company and Principal Trust Company, the custodian and trustee of the Plan, respectively, except for comparing this information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian and trustee hold the Plan's assets and execute transactions. The plan administrator has obtained certifications from the custodian and trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2014, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the MedBridge Healthcare 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of MedBridge Healthcare Group, LLC (the "Company") who have completed at least 30 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Each year, participants may contribute up to the maximum allowed by law of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching contributions to the Plan. There was no discretionary matching contribution for the year ended December 31, 2014. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions and Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes receivable from participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate at the time the loan is obtained, as published in the Wall Street Journal, plus two percent. Principal and interest are paid ratably through biweekly payroll deductions.

Note 1. Description of the Plan, Continued

Payment of benefits:

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the early retirement age of 55 with three years of vesting service, or the normal retirement age of 59 ½.

Forfeited accounts:

At December 31, 2014 and 2013, there were no forfeited non-vested accounts. Forfeited non-vested accounts would be used first to reduce plan administrative expenses and then to reduce future employer contributions. In 2014, no forfeited non-vested accounts were used to reduce plan expenses or employer contributions.

Note 2. Summary of Significant Accounting Policies and Activities

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the custodian and trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments, and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Note 2. Summary of Significant Accounting Policies and Activities, Continued

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued.

Recently issued accounting pronouncements:

In May 2015, the Financial Accounting Standards Board ("FASB") amended the Fair Value Measurement topic of the Accounting Standards Codification by issuing guidance that removes the requirements to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments will be effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2016, with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. The retrospective approach requires than an investment for which fair value is measured using the net asset value per share practical expedient be removed from the fair value hierarchy in all periods presented in an entity's financial statements. The Plan does not expect these amendments to have a material effect on its financial statements.

Note 2. Summary of Significant Accounting Policies and Activities, Continued

Recently issued accounting pronouncements, continued:

In July 2015, the FASB amended the Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans topics of the Accounting Standards Codification by issuing guidance that (I) removes the requirements that fully benefit-responsive investment contracts be measured at fair value for purposes of presentation and disclosure and (II) removes the requirement that investments (both participant-directed and nonparticipant-directed) be grouped and disclosed on the basis of nature, characteristics, and risks in the fair value disclosures of the financial statements of employee benefit plans, thereby allowing that such investments need only be grouped and disclosed by general type. These amendments will be effective for fiscal years beginning after December 15, 2015, with early adoption permitted. A reporting entity should apply the amendments retrospectively to all periods presented. The Plan is currently evaluating the impact of these amendments on its financial statements.

These amendments also provide a practical expedient to permit employee benefit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end. These amendments will be effective for fiscal years beginning after December 15, 2015, with early adoption permitted. A reporting entity should apply the amendments prospectively. The Plan does not expect these amendments to have a material effect on its financial statements.

Note 3. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets.

	2014	2013
Principal Diversified International Growth Separate Account	$ 190,392	$ 189,070
Principal Lifetime 2020 Separate Account	467,713	414,153
Principal Lifetime 2030 Separate Account	386,689	387,016
Principal Lifetime 2040 Separate Account	350,671	313,385
Principal Large Cap Growth II Separate Account	133,225	117,355
Principal Large Cap Value III Separate Account	185,129	160,332
Principal Large Cap S&P 500 Index Separate Account	162,090	129,214
Principal Small Cap S&P 600 Index Separate Account	186,323	161,021

During 2014, the Plan's pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $107,888.

Note 4. Certifications

The following is a summary of the Plan's asset information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodian and trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the custodian and trustee that the information provided to the plan administrator by the custodian and trustee related to the following assets is complete and accurate. Accordingly as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets and related income:

	2014	2013
Certified by the custodian:		
Investments at fair value:		
Pooled separate accounts	$ 2,436,512	$ 2,172,976
Guaranteed interest account	111,688	86,815
Certified by the trustee:		
Notes receivable from participants	30,969	18,706
	$ 2,579,169	$ 2,278,497

The custodian also certified to the completeness and accuracy of $107,888 net appreciation in the fair value of investments and $138 of interest, dividends and other investment income for the year ended December 31, 2014. The trustee also certified to the completeness and accuracy of $1,170 of interest income on notes receivable from participants for the year ended December 31, 2014.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 5. Fair Value Measurements, Continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment adviser reserves the right to temporarily delay withdrawal from the pooled separate accounts in order to ensure that securities liquidations will be carried out in an orderly business manner.

Guaranteed interest account: Guaranteed interest accounts are valued at fair value by the trustee by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Retirement Plan Committee evaluates a variety of factors including review of economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2014 and 2013:

	December 31, 2014			
	Level 1	Level 2	Level 3	Total

Level 3 gains and losses:

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2014.

Level 3 Assets
Year Ended December 31, 2014

	Guaranteed Interest Account
Balance, beginning of year	$ 86,815
Realized gains/ (losses)	-
Unrealized gains/ (losses) relating to instruments still held at the report date	-
Interest credited	138
Purchases and issuances	40,908
Sales and settlements	(16,173)
Balance, end of year	$ 111,688
The amount of total gains or losses for the period attributable to the unrealized gains or losses relating to assets still held at the reporting date	$ -

Unrealized gains/(losses) from the guaranteed interest accounts are not included in the statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

December 31, 2014

Instrument	Fair Value	Principal Valuation Technique	Unobservable Input	Range of Significant Input Values
Guaranteed interest account	$111,688	Discounted Cash Flow	Long duration interest rate	2.6%-2.7% (1)
			Long-term equity market volatility	14.9% - 39.5%
			Non-performance risk	0.1% - 1.4%
			Utilization rate	See note (2)
			Lapse rate	0.5% - 14.1%
			Mortality rate	See note (3)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

December 31, 2013

Instrument	Fair Value	Principal Valuation Technique	Unobservable Input	Range of Significant Input Values
Guaranteed interest account	$86,815	Discounted Cash Flow	Long duration interest rate	3.8%-3.9% (1)
			Long-term equity market volatility	15.0% - 40.1%
			Non-performance risk	0.2% - 1.2%
			Utilization rate	See note (2)
			Lapse rate	0.5% - 14.6%
			Mortality rate	See note (3)

(1) Represents the range of rate curves used in the valuation analysis that we have determined market participants would use when pricing the instrument. Range is derived from interpolation between observable 20-year and 30-year swap rates.

(2) This input factor is the number of contract holders taking withdrawals as well as the amount and timing of the withdrawals and a range does not provide a meaningful presentation.

(3) This input is based on an appropriate industry mortality table and a range does not provide a meaningful presentation.

In estimating fair value of the investments in Level 3, the Retirement Plan Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Retirement Plan Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Note 5. Fair Value Measurements, Continued

The following table for December 31, 2014 and 2013 sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

Total	$ 2,172,976	$ -		

(a) This asset class is generally comprised of investment options that invest in stocks, or shares of ownership in large, well-established, U.S. companies.

(b) This asset class is generally comprised of investment options that invest in stocks, or shares of ownership in small to medium-sized U.S. companies.

(c) This asset class is comprised of investment options that invest in stocks, or shares of ownership in companies with their principal place of business or office outside the United States.

(d) This asset class is generally comprised of a combination of fixed income and equity investment options. These investment options may include balanced, asset allocation, target-date, and target-risk investment options.

Note 5. Fair Value Measurements, Continued

(e) This asset class is generally comprised of short-term, fixed-income investment options that are largely liquid and are designed to not lose much value. These investment options may include stable value, money market, short-term bond, and guaranteed interest accounts.

(f) This asset class is generally comprised of investment options that invest in bonds, or debt of a company or government entity (including U.S. and Non-U.S.). It may also include real estate investment options that directly own property. The pooled separate account in this category invests mainly in commercial real estate and includes mortgage loans which are backed by the associated properties. Principal Life, the investment manager, has the ability to apply a contractual limitation which delays the payment of withdrawal requests (a "withdrawal limitation"). If the withdrawal limitation were applied, withdrawal requests included within the withdrawal limitation would be paid on a pro rata basis as cash becomes available for distribution, as determined by Principal Life.

The fair value of the underlying real estate is estimated using discounted cash flow valuation models that utilize public real estate market data inputs such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates and discount rates. In addition, each property is appraised annually by an independent appraiser.

Note 6. Guaranteed Interest Account

The Plan provides an investment option to invest in a non-benefit-responsive guaranteed interest account with the Plan custodian, Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with a guaranteed fixed rate of return. The guaranteed interest account is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by Principal.

The guaranteed interest account is non-benefit-responsive, and therefore fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest accounts. At December 31, 2014 and 2013, fair value of the guaranteed interest accounts approximated contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $111,688 and $86,815, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Guaranteed Interest Account, Continued

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7. Related-Party and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Principal. Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator totaling $615 which were not covered by revenue sharing. The plan sponsor pays directly any other fees related to the Plan's operations.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 9. Tax Status

The Company has adopted the Plan based on a prototype plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company has received an opinion letter from the IRS dated March 31, 2014 that states that the form of the prototype plan is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The plan administrator has not requested a determination letter from the IRS on the Plan. The Plan has been amended since the date of the IRS opinion letter on the prototype plan. While the Plan cannot rely on the IRS opinion letter, the Company and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	$ 2,575,019	$ 2,281,132
Excess contributions payable not recorded on Form 5500	4,150	7,151
Net assets available for benefits per Form 5500	$ 2,579,169	$ 2,288,283

The following is a reconciliation of net increase per the financial statements to net increase per Form 5500 for the year ended December 31, 2014:

Net increase per the financial statements	$ 293,887
Excess contributions payable accrued per the financial statements and not accrued per Form 5500 as of December 31, 2014	4,150
Excess contributions payable accrued per the financial statements and not accrued per Form 5500 as of December 31, 2013	(7,151)
Net income per Form 5500	$ 290,886

Note 12. Other Matters

The Plan was selected for review by the IRS, Tax Exempt and Government Entities Division, in April 2015 for the year ended December 31, 2013. As of the date of these financial statements, the IRS has not yet concluded its investigation nor reported any actions expected by the IRS.

Note 13. Plan Errors and Prohibited Transactions

The plan sponsor has initiated corrective measures to remedy the Plan for certain errors as follows, under the IRS's Employee Plans Compliance Resolution System ("EPCRS") Self Correction Program. EPCRS is a voluntary program in which the plan sponsors may correct certain plan qualification failures and preserve the favorable tax treatment of their employees' retirement benefits. Management believes that the Company's qualified tax status has not been jeopardized due to these actions.

During 2014, the plan sponsor inadvertently failed to make deposits of $25,822 of participant deferrals and $1,198 of participant loan payments within the timeframe as required by the DOL. The DOL considers late deposits, without regard to materiality, to be prohibited transactions. The general rule for deposits of 401(k) withholdings requires that the employer remit withheld employee 401(k) deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer's general assets, but in no event later than 15 business days after the end of the month in which the contributions were withheld. Management believes that assets can reasonably be segregated within 7 business days; therefore, any amount remitted after 7 days is considered late. The plan sponsor made deposits ranging from 10 days to 26 days after the date in which the contribution was withheld and intends to file a Form 5330. In addition to the late remittances relating to 2014, the plan sponsor also failed to make deposits of $18,901 in 2013, $75,415 in 2012, and $29,877 in 2010 within the timeframe as required by the DOL.

Note 13. Plan Errors and Prohibited Transactions, Continued

The plan sponsor intends to file a Form 5330 and pay any applicable excise tax related to these late remittances. The excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan. During 2015, participant accounts were credited with the amount of investment income which would have been earned had participant contributions been remitted on a timely basis.

Note 14. Subsequent Event

Effective January 1, 2015, the Plan was amended to change the service requirement for eligibility from 30 days to 90 days.
