The accompanying notes are an integral part of these financial statements.

1. Description of the Plan:

The following description of Mimecast North America, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a defined contribution plan covering all eligible employees of Mimecast North America, Inc. (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility: Employees become eligible for participation in the Plan on the first day of the month following completion of one month of service with the employer and upon attainment of age 21. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provides for employee pre-tax contributions. Participants may contribute up to 100% of their pre-tax compensation, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. The Plan includes a qualified Roth contribution program, whereby Participants may irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pre-tax contributions as designated Roth contributions as defined in Section 401A(c)(1) of the IRC. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Plan Sponsor may make a discretionary matching and/or profit-sharing contribution in any plan year in an amount determined by the Board of Directors of the Plan Sponsor. Participants are eligible for discretionary matching contributions if they completed 1,000 hours

of service and were employed at the end of the plan year. During the years ended December 31, 2014 and 2013, the Plan Sponsor did not declare discretionary matching contributions to the Plan.

Participant Accounts: Each Participant's account is credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting: Participants are immediately vested 100% in their contributions plus actual earnings thereon. Participants are 100% vested in the Plan Sponsor contributions and the actual earnings thereon after completion of four years of credited service. Participant vesting in the Plan based upon years of service is as follows:

Years of Service from <u>Date of Hire</u>	Vested Percentage of Matching <u>Contributions</u>	Vested Percentage of Profit Sharing <u>Contributions</u>
1	25%	25%
2	50%	50%
3	75%	75%
4	100%	100%

Notes Receivable from Participants: Participants may borrow from their Plan accounts in amounts attributable to the Participant's vested balance, for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant may borrow the lesser of 50% of his or her eligible balance up to \$50,000. The minimum loan amount is \$1,000 and only one loan can be outstanding at any time. The loan balance is secured by the Participant's account and bears interest at rates defined as the prime interest rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Benefits and Withdrawals: The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their

1. Description of the Plan (Continued):

beneficiaries will receive a lump sum distribution if the account has a value of less than \$5,000. Participants whose account balances exceed \$5,000 may elect a lump sum distribution or may leave their vested balance in the Plan.

Hardship withdrawals are permitted by the Plan as defined in the IRC. Participants may also withdraw their vested account balance upon attaining age 65.

Forfeited Accounts: Forfeited amounts related to Plan Sponsor's discretionary matching and profit-sharing contributions are used to reduce future Plan Sponsor contributions and Plan expenses. During the year ended December 31, 2014, the Plan Sponsor did not use any forfeitures to reduce its discretionary contributions. As of December 31, 2014 and 2013, the Plan Sponsor had no forfeitures available to offset future Plan Sponsor matching contributions.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest

income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a Participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Excess Contributions Payable: Amounts payable to Participants for contributions in excess amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 and 2013 excess contributions to the applicable Participants prior to March 15, 2015 and 2014, respectively.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through October 9, 2015, the date the financial statements were available to be issued.

3. Investments:

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2014	2013
Pooled Separate Accounts:		
John Hancock Lifestyle Growth	\$ 453,804	
John Hancock Lifestyle Aggressive	191,443	
John Hancock Lifestyle Growth G.I.F.L.	163,662	
Oppenheimer Global	138,864	
Vanguard Growth Index Fund	127,616	
Vanguard Value Index Fund	124,675	
John Hancock Retirement Through 2035	120,288	
Pooled Separate Accounts:		
John Hancock Lifestyle Growth	\$	294,361
John Hancock Lifestyle Aggressive		144,086
John Hancock Lifestyle Growth G.I.F.L.		134,526
Oppenheimer Global		130,206
Vanguard Growth Index Fund		108,776
Vanguard Value Index Fund		102,941
T. Rowe Price Health Science		87,454

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$117,888, all of which is attributable to the pooled separate accounts.

4. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2014 and 2013.

Pooled Separate Accounts: Valued at net asset value (NAV) based on information reported by the custodian with reference to the market value of the funds' underlying assets at end of year. The pooled separate accounts can be redeemed daily, have a daily redemption notice period and have no unfunded commitments for the years ended December 31, 2014 and 2013.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2014 and 2013:

		Assets at Fair Value as of December 31, 2014

4. Fair Value Measurements (Continued):

The investment strategies relating to each of its investment funds measured at fair value based on NAV per share are as follows:

- Lifestyle asset allocation pooled separate accounts combine fixed income and equity components to provide a combination of the stability of interest income and the growth potential of equity investments.
- Target Date asset allocation pooled separate accounts combine fixed income and equity components to focus on income beyond the target retirement date.
- Aggressive growth pooled separate accounts invest in companies that demonstrate a high growth potential and achieve the highest capital gains.
- Growth and income pooled separate accounts invest primarily in equities and have a dual strategy of capital appreciation and current income.
- Growth pooled separate accounts invest in companies with above-average growth in earnings and have capital appreciation as their primary goal.
- Bond pooled separate accounts invest primarily in bond funds, and seek to preserve principal while generating income.
- Conservative pooled separate accounts seek to achieve maximum current income consistent with preservation of principal and liquidity.

5. Party-in-Interest Transactions:

Certain Plan investments are pooled separate accounts managed by John Hancock Life Insurance Company (U.S.A.), custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2014. During the year ended December 31, 2014, the Plan made direct payments to the party administrator of \$875 and custodian of \$588 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Tax Status:

The Plan has adopted the nonstandardized prototype plan of John Hancock Life Insurance Company (U.S.A.). The nonstandardized prototype plan sponsor received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service (IRS) stated that the form of the nonstandardized prototype plan was in compliance with the applicable requirements of the IRC. The nonstandardized prototype plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC, and that the related trust is therefore tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2014 and 2013 and for the year ended December 31, 2014.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax-examinations for years prior to 2011.

7. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

8. Risks and Uncertainties:

The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statement of net assets available for plan benefits.

9. Information Certified by the Custodian:

The Plan Administrator has elected the method of compliance, commonly referred to as the limited-scope audit exemption, permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The custodian has certified as to the completeness and accuracy of the investments and notes receivable from participants held by the Plan as of December 31, 2014 and 2013, the investment income, the interest income on notes receivable from Participants and the investment-related transactions of the Plan for the year ended December 31, 2014, and the information contained in the accompanying supplemental schedule of (held at end of year) as of December 31, 2014.

10. Plan Sponsor Corrective Contributions:

During the year ended December 31, 2014, it was determined that during the years ended December 31, 2013, 2012, and 2011, the Plan Sponsor did not properly defer catch-up contributions for participants over the age of 50 in accordance with the Plan document. As a result, Plan Sponsor corrective contributions of \$23,521 representing 50% of the participant contributions plus lost earnings on these participant contributions were made in July 2014 and are included in the accompanying statement of changes in net assets available for plan benefits.

11. Subsequent Event:

Effective April 1, 2015, the Plan Sponsor changed the appointed investment recordkeeper and custodian from John Hancock Life Insurance to Fidelity Management Trust Company. Fidelity Management Trust Company will act as the Plan's trustee and recordkeeper.
