NOTE A - DESCRIPTION OF THE PLAN

The following description of the Dogfish 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a single employer 401(k) elective deferral plan, which covers substantially all employees of Dogfish Head Craft Brewery, Inc., Dogfish Head, Inc. and Dogfish Inn, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible for participation in the Plan upon six months of service. There is no minimum age requirement for participation in the Plan. Employees receive credit for one month of service for each month in which they complete one hour of service. The Plan provides for 100% immediate vesting of employee elective salary deferrals and employer match contributions. The maximum elective deferral contribution allowed by the Plan is 85% of eligible earnings, while the minimum elective deferral is 1%. Participants direct investment of their contributions into various investment options offered by the Plan.

The Company made a safe harbor matching contribution equal to 100% of the first 3% of employee elective salary deferrals, and an additional 50% of the next 2% of salary deferrals to the Plan for each of the years ended December 31, 2014 and 2013. Employer contributions totaled \$ 296,730 and \$ 255,212 for the Plan years ended December 31, 2014 and 2013, respectively.

Each participant's account is credited with the participant's elective salary deferral, the employer contribution and allocation of Plan earnings, and is charged with an allocation of administrative expenses. Allocations for the Plan years 2014 and 2013 are based on individual account activity. The Plan offers various mutual funds as investment options for participants. The Plan allows rollovers into the Plan from an eligible participant's qualified (Roth and non Roth) retirement funds. Participants are not allowed to borrow from their accounts under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the vested participant balance is greater than \$ 5,000 at the time of termination, the participants may elect to defer receiving payments until age 70½ or receive installments.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting under accounting principles generally accepted in the United States of America. Investments held by a defined contribution plan are required to be reported at fair value.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded when paid. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts in the financial statements and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Costs

At the Company's discretion, investment, administrative, and accounting costs of the Plan may be paid by the Company. The Company pays all auditing costs of the Plan from non-pension plan assets. Only costs related to disbursement activity are paid from pension plan assets. The administrative costs of the Plan are allocated to each participant's account based on their balance at the time of allocation.

Payment of Benefits

Benefit payments to participants are recorded upon their distribution.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

Subsequent Events

Management has evaluated subsequent events through October 7, 2015, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompany Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. The hierarchy is measured in three levels based on the reliability of inputs.

NOTE C - FAIR VALUE MEASUREMENTS - CONTINUED

Level 1 - Valuations based on quoted prices in active markets for identical assets that the Plan has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 instruments.

Level 2 - Valuations based on quoted prices in less active, dealer or broker markets. Fair values are primarily obtained from third party pricing services for identical or comparable assets.

Level 3 - Valuations derived from other valuation methodologies, including pricing models, discounted cash flow models and similar techniques, and not based on market, exchange, dealer, or broker-traded transactions. Level 3 valuations incorporate certain assumptions and projections that are not observable in the market and significant professional judgment in determining the fair value assigned to such assets.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan does not have any Level 3 inputs.

The following are the major categories of assets measured at fair value on a recurring basis during the years ended December 31, 2014 and 2013, by level within the fair value hierarchy:

<u>Description</u>	<u>Fair Value Measurement Using</u>		<u>Total at December 31, 2014</u>

NOTE D - INVESTMENTS

During 2014 and 2013, the Plan's investments (including investments purchased, sold, and held during the year) changed in fair value as follows:

Collective trusts	16,028	40,181
Net change in fair value of investments	<u>\$ 12,517</u>	<u>\$ 278,712</u>

The December 31, 2014 and 2013 Statements of Net Assets Available for Benefits, the investment activities included in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2014 and 2013, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$ 3,311,202 and \$ 2,129,897 for the years ended December 31, 2014 and 2013, respectively, and related unrealized/realized gains of \$ 12,517 for the year ended December 31, 2014 and unrealized/realized gains of \$ 278,712 for the year ended December 31, 2013. All investments are participant directed.

NOTE E - RELATED PARTY TRANSACTIONS

State Street Bank and Trust Company is the Trustee that holds the Plan's investment assets and executes investment transactions. Plan investments held in collective trusts are in funds managed by State Street Global Advisors. No fees were paid to State Street Global Advisors directly from the Plan.

NOTE F - INCOME TAX STATUS

The Plan is a prototype plan which has received a determination letter from the Internal Revenue Service dated July 8, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from income. If the Plan were subject to interest and penalties, they would be included under deductions in the Statements of Changes in Net Assets Available for Benefits. Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan's federal income tax returns for 2011, 2012, 2013 and 2014 are subject to examination by the Department of Labor and the Internal Revenue Service, generally for three years after the return is filed.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Therefore, the value, liquidity, and related income of the securities are sensitive to changes in economic conditions, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H - SUBSEQUENT EVENTS

As of January 1, 2015 the plan sponsor changed from Dogfish Head Craft Brewery, Inc. to Dogfish Head Companies, Inc.
