Report of Independent Auditors

Jones Day

We have audited the accompanying financial statements of the Jones Day Supplemental Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Jones Day Supplemental Savings Plan at December 31, 2014 and 2013, and the changes in its net assets available for benefits for the year ended December 31, 2014, in conformity with U.S. generally accepted accounting principles.

Supplemental Schedule

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2014, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Jones Day Supplemental Savings Plan

Notes to Financial Statements

December 31, 2014 and 2013 and
Year Ended December 31, 2014

1. Description of the Plan

The following description of the Jones Day Supplemental Savings Plan (the Plan) provides general information about the Plan's provisions. Jones Day (the Firm) is the Plan Sponsor and Plan Administrator. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan whereby contributions are based upon annual compensation. Participants consist of employees of the Firm who are not active in the Jones Day Retirement Plan and employees of the Jones Day Limited Partnership that have met the eligibility requirements as defined in the Plan.

The Firm is responsible for the general administration of the Plan. Wells Fargo Bank, N.A. is the trustee and recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

The Firm makes an annual contribution for each Retirement Employee in an amount equal to 7.5% of compensation, not in excess of the Internal Revenue Service (IRS) maximum of \$260,000 for 2014 and \$255,000 for 2013. In addition, the Firm may match an amount determined at its discretion to the maximum amount permitted by law. For 2014 and 2013, the Firm made matching contributions for nonlawyer participants in the Plan equal to 20% of the 401(k) contributions made by each participant (matching up to the first 4% of the participant's compensation in 2014 and 2013, respectively).

Participants may make elective 401(k) contributions (before-tax and/or Roth) of a specified percentage (in 0.1% increments with a 0.5% minimum) of their compensation during the year up to the IRS maximum for such 401(k) contributions, \$17,500 for 2014 and 2013. Participants who have attained age 50 may also make catch-up 401(k) contributions up to the IRS maximum for such contributions, \$5,500 for 2014 and 2013.

Participants direct the deposit of all contributions made for or on their behalf among any available investment funds offered by the Plan.

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Firm's contributions and allocations of plan earnings net of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All elective 401(k) contributions, rollovers, and matching contributions made to a participant's account are fully vested and nonforfeitable. Retirement Contributions made by the Firm for plan years beginning on or after January 1, 2008, will be 0% vested until the participant has three years of service at which time Retirement Contributions become 100% vested and nonforfeitable. A participant who has less than three years of service shall nonetheless have a 100% vested and nonforfeitable interest in their entire account if they die while they are an employee.

Forfeitures

Participants forfeit their nonvested balances on the earlier of the valuation date used for the payment of their vested interest or the valuation date following the date on which the participant incurs five consecutive one-year breaks in service. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances are used to reduce future contributions the Firm makes for employees or to pay permissible expenses of administering the Plan. Forfeitures used to reduce the Firm's contributions for employees in 2014 were approximately \$187,400.

1. Description of the Plan (continued)

Participant Loans

Participants may borrow an amount not exceeding the lesser of (a) \$50,000 reduced by the excess (if any) of (1) the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan was made, over (2) the outstanding balance of any other loan from the Plan, or (b) 50% of the value of the portion of the participant's interest that is not attributable to Roth 401(k) and Retirement Contributions. Participants may not borrow an amount less than \$5,000, more than once each plan year, and may not have outstanding at any one time more than two loans. The loans bear interest at a rate commensurate with prevailing rates charged by persons in the business of lending money for loans that would be made under similar circumstances as determined by the Plan Administrator. If the participant fails to make a required payment as defined in the Plan, the loan shall be in default and become immediately due and payable. If the loan is not repaid, it will automatically be treated as a distribution to the participant.

Payment of Benefits

Payment of benefits upon retirement, death, or other termination of employment may be made at the participant's option in periodic payments or in a single sum, or by direct rollover of taxable payments to individual retirement accounts, individual retirement annuities, or to another plan that accepts rollovers except for funds attributable to Retirement Contributions made after 2007 which may only be withdrawn over a period including at least three years. Special rules apply to participants who terminate their employment and enter government service (see the Summary Plan Description). A participant who terminates employment with the Firm and whose plan account does not exceed \$1,000 will automatically receive a lump-sum payout of their entire account balance.

In-service withdrawals are available in certain limited circumstances as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options prior to requesting a hardship withdrawal.

Jones Day Supplemental Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Firm. Administrative expenses paid by the Plan include recordkeeping and trustee fees and investment consultant fees for the custom target date funds. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. Administrative expenses paid by the Firm include accounting and additional investment consulting fees.

Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, if a participant is not fully vested in their account, they will become 100% vested in their account at the time of the termination.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant "loans" that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2014 or 2013. If a participant ceases to make timely repayments and the Plan Administrator deems the participant "loan" to be a distribution, the note receivable from the participant balance is reduced and a benefit payment is recorded.

Jones Day Supplemental Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2015.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Sponsor to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

New Accounting Pronouncement

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. The Firm has elected to adopt ASU 2015-07 early.

Jones Day Supplemental Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU allows a plan with a fiscal year end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Part III is to be applied prospectively. Plans can early adopt any of the ASU's three parts without early adopting the other parts. The Firm is currently evaluating the effect of the provisions of Part II of ASU 2015-12 on the Plan's financial statements. Parts I and III are not applicable to the Plan.

Jones Day Supplemental Savings Plan

Notes to Financial Statements (continued)

3. Investment in Master Trusts

As of January 1, 2014, all assets associated with the Plan and one other defined contribution plan sponsored by the Firm were spun off from the Jones Day Master Trust (Master Trust) to the Jones Day Defined Contribution Master Trust (DC Master Trust). As of January 1, 2014, the Master Trust was renamed the Jones Day Defined Benefit Master Trust (DB Master Trust) and all remaining assets (\$449,969,285) not spun off to the DC Master Trust are associated with two defined benefit plans sponsored by the Firm. Prior to the spin-off, the Plan's assets were commingled with assets of three other plans of the Firm in the Master Trust.

Each participating plan's interest in the investment funds (i.e., separate accounts) of the DC Master Trust and the Master Trust is based on account balances of the participants, their elected investment funds or the assets associated with the two defined benefit plans. The DC Master Trust and Master Trust assets are allocated among the participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that can be specifically identified and by allocating among all plans, in proportion to the fair value of the assets assigned to each plan, income and expenses resulting from the collective investment of the assets of the DC Master Trust and the Master Trust. At December 31, 2014 and 2013, the Plan's interests in the net assets of the DC Master Trust were approximately 21.5%. At December 31, 2013, the Plan's interests in the net assets of the Master Trust were approximately 15.5%.

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in markets that are not active;
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals); and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

4. Fair Value Measurements (continued)

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Common and convertible preferred stocks, corporate obligations, and U.S. government obligations: Valued at the closing price reported on the active market on which the individual securities are traded. Stocks held within the self-directed account are individually managed by the plan participant and not maintained for the benefit of other plan participants. Certain corporate and U.S. government obligations may not have readily available market prices and are, therefore, valued by the fund manager by using quoted prices for similar assets and liabilities in active markets.

Mutual funds: Mutual funds are valued at the net asset value (NAV) of shares held based on the daily closing price reported on the active market.

Cash and cash equivalents: Reported at amortized cost which approximates fair value.

Real estate fund: Valued at the NAV of shares held by the Plan at year-end determined by the fund manager.

Hedge funds: Valued at NAV determined by the fund manager and reported in their respective audited financial statements.

Partnerships: Valued at NAV as determined by the partnership and reported in their respective audited financial statements.

Other: Valued at the NAV of shares held by the Plan at year-end determined by the investment manager and reported in their respective audited financial statements.

Common/collective trusts: Valued at the NAV of shares held by the Plan at year-end determined by the fund manager.

4. Fair Value Measurements (continued)

Mellon EB Opportunistic Fixed Income Fund	The investment objective is to provide returns 250 to 450 bps above the 3-Month Libor after fees over a full market cycle. Participant directed redemptions have no restrictions; however, the Plan is required to provide a 30 day notice for employer initiated withdrawals.
OFI Global Emerging Markets Equity Fund	The investment objective is to outperform the MSCI Emerging Markets Index on an absolute and risk-adjusted basis over a three to five year period on a cumulative basis. Participant directed redemptions have no restrictions; however, the Plan is required to provide a 60 day notice for employer initiated withdrawals.
Pyramis Small Cap Core Fund	The investment objective is to outperform the Russell 2000 Index through active stock selection while maintaining similar portfolio risk characteristics. Participant directed redemptions have no restrictions; however, the Plan is required to provide a 30 day notice for employer initiated withdrawals.
Wellington Unconstrained Themes	The investment objective is to outperform core equities by providing opportunistic exposure to a variety of non-core areas and unconstrained investment approaches (non-benchmark oriented strategies). Participant directed redemptions have no restrictions; however, the Plan is required to provide a 30 day notice for employer initiated withdrawals.
Wells Fargo Short Term Investment Fund	The investment objective is to provide a competitive rate of return and a high level of stability of principal and liquidity. Assets of the fund are invested in money market instruments with an overall dollar-weighted average maturity of 90 days or less. There are no redemption restrictions.
Wells Fargo Stable Return	The investment objective is to provide a moderate level of stable income without principal volatility. Assets of the fund are invested primarily in fixed income investment contracts and security-backed contracts. Participant directed redemptions have no restrictions; however, the Plan, at Wells Fargo's discretion, may be required to provide up to a 12 month notice for employer initiated withdrawals.
(b) This category includes a separate pooled account that seeks to achieve superior returns over a full market cycle versus the NCREIF Property Index. For liquidity purposes, the fund holds a 2% cash position and reserves the right to hold redemptions for up to three years.

- (b) This category includes funds that seek to achieve long term capital appreciation by engaging in a variety of investment strategies and techniques. Notification of any redemptions in the various funds range from 45 days to 90 days in advance.
- (c) This category includes funds that invest in various asset classes such as real estate, private companies, traditional assets and hedge fund strategies in order to add diversification to the pension plan. Of the eight funds in this category, four of them have uncalled capital commitments amounting to \$12,051,415 at December 31, 2013. These funds are illiquid and will be distributed when the fund closes.
- (d) This category includes a separate pooled account that seeks to achieve superior returns over a full market cycle versus the NCREIF Property Index. For liquidity purposes, the fund holds a 2% cash position and reserves the right to hold redemptions for up to three years.
- (e) This category includes a fund that seeks capital preservation over a multi-year period. This fund has an uncalled capital commitment of \$5,509,339 at December 31, 2013. This fund is illiquid and will be distributed when the fund closes.

5. Asset Transfer With Other Plan

The Plan transferred assets in the amount of \$3,841,085 to and received assets in the amount of \$1,954 from the Jones Day Retirement Plan during 2014.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Tax Status

The Plan has received a determination letter from the IRS dated September 14, 2012, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related DC Master Trust and Master Trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related DC Master Trust and Master Trust are tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

8. Related-Party Transactions

Certain of the Plan's assets are invested in funds managed by the trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

9. Subsequent Events

The Firm evaluated subsequent events for the Plan through October 6, 2015, the date the financial statements were available to be issued.
