1. Description of the Plan

The following brief description of the Somnia, Inc. 401(k) Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan covering all eligible employees of Somnia, Inc. (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by the Board of Directors of Somnia, Inc. (the "Board") who is responsible for the administrative and investment decisions of the Plan.

Eligibility and Enrollment

Participants who are age 21 or older are immediately eligible upon hire to participate in the Plan. Employees are eligible to receive Employer profit sharing contributions immediately upon enrollment in the Plan, provided that they have reached 21 years of age.

Contributions

Plan participants may contribute a portion of their eligible compensation to their employee deferral accounts, on a tax deferred basis. Participant contributions may not exceed the limits as specified by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan does not provide matching contributions; however, the Company may make non-elective profit sharing annual contributions in an amount specified by the Company, which is not limited to the profit of Company. The Company did not make any profit sharing contributions to the Plan for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) Employer contributions, if any, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan *(continued)*

Vesting

Participants in the Plan are at all times fully vested in their contributions plus Plan earnings or losses thereon. Employer discretionary contributions vest over a five-year period with 20% vesting after one year of service and an additional 20% vesting at the end of each year thereafter.

Forfeited Accounts

Forfeited accounts are amounts forfeited by participants who have terminated their employment and who have withdrawn from the Plan. Forfeitures maybe used to reduce administrative expenses. At December 31, 2014 and 2013, forfeited non-vested amounts totaled $17,237 and $0. During 2014, no forfeitures were used to reduce administrative expenses.

Payment of Benefits

Upon termination of service, participants may elect for payment to be made in a lump sum, or in an amount the participant designates from time to time. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, may not exceed the amount of the participant's immediate and financial need and will cause suspension of contributions for six months.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans bear interest at the prime rate and are secured by the participants account. The loans plus interest are repaid through payroll deduction in equal payments over the term of the loan (up to five years). A participant may have no more than two outstanding loans from the Plan at any time. Loans are collateralized by the participant's account balance. Upon termination of service, the principal and accrued interest shall be immediately due and payable.

Expenses

Certain expenses related to maintaining the Plan are paid by the Company and are excluded from these financial statements. Administrative fees incurred in connection with loans and participant activity charges are borne by the individual and deducted from their respective Plan assets. Investment related expenses are included in the net asset value ("NAV") of the respective investment vehicles and, consequently, those expenses are not separately reflected but are a component of net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. The common/collective trusts are valued at the NAV of units of the common/collective trust. The NAV, as provided by the trustee of the common/collective trust, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participants loans are measured at their unpaid principal balance plus any accrued unpaid interest and are classified as notes receivable from participants. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefit payments are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Accounting for Uncertainty Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. The Plan Administrator has analyzed the tax positions and determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The plan administrator believes the Plan is no longer subject to examination by the applicable taxing jurisdictions for years prior to December 31, 2011.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 30, 2015.

3. Information Certified (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company and Ascensus Trust Company, the trustees, have certified to the completeness and accuracy of all the investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014. Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions from July 1, 2014 to December 31, 2014, and Ascensus Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2013, and for the period from January 1, 2014 to June 30, 2014.

4. Investments *(continued)*

During 2014, the Plan's investments (including gains and loses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual Funds	$ (28,743)
Common Stocks	1,517
Common/Collective Trust	7,996
	$ (19,230)

5. Common/Collective Trusts

The Plan invests in the Federated Capital Preservation Fund (the "Fund") which is a collective investment fund. The Fund holds traditional guaranteed investment contracts (GICs), separate account GICs, and synthetic GICs. Each of the separate account GICs and synthetic GICs has a wrap contract that provides a minimum guaranteed rate of return for the terms of the contracts.

Participants may purchase units of the Fund daily based on the established unit value of $10. Participants may redeem units of the Fund for benefit payments, participant loans, and transfers to another investment option offered by the Plan. All participants of the Fund have a proportionate undivided interest in all assets of the Fund. Net investment income is distributed to participants monthly and is reinvested to purchase additional units of the Fund.

The yield earned by the Fund at December 31, 2014 and 2013 was 1.10% and 0.87%. This represents the annualized weighted average yield to maturity of all investments in the Fund, including earnings recorded at the underlying collective trust funds, divided by the fair value of all investments in the Fund at December 31. The yield earned by the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2014 and 2013 was 1.14% and 1.65%. This represents the weighted average earnings credited to participants in the Fund, divided by the fair value of all investments in the Fund at December 31.

The Fund is recorded in the financial statements at fair value. However, since the Fund is fully benefit-responsive, an adjustment is reflected on the statements of net assets available for benefits at December 31, 2014 and 2013 to present the Fund at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

During 2014, the Plan changed share classes within the Fund from the Federated Capital Preservation Fund KP to the Federated Capital Preservation Fund SP.

6. Party-in-Interest Transactions

Certain Plan investments transactions are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is a trustee of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although no decisions have been made to do so, the Employer has the right to terminate the Plan at any time subject to the provision of ERISA. In the event of a Plan termination, participants would become 100% vested in their Employer contributions.

8. Tax Status

The Company has adopted a volume submitter prototype plan, which received an IRS opinion letter dated March 31, 2008 indicating the prototype plan is designed in accordance with applicable qualification sections of the IRC. Although the Plan has been amended since this date, the plan administrator believes that the Plan is designed and currently being operated in accordance with the applicable requirements of the IRC.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
