THE ABSOLUT RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Note 1. Description of the Plan - The following description of The Absolut Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan which provides benefits for substantially all employees of Absolut Facilities (the Company) with the exception of employees covered by a collective bargaining agreement, as well as several other affiliated groups as noted in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Eligible participants are entitled to defer up to 100% of their annual salary into the Plan as a qualified pre-tax contribution subject to maximum annual dollar contribution restrictions of ERISA and the Internal Revenue Service. The Company may match, at the discretion of the Board of Trustees, an amount not to exceed 3% of the participants' compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings; and charged with an allocation of administrative expenses. Allocations of the Company's contributions are based on participants' compensation for the year. Plan earnings and administrative expenses are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum payment, a life annuity, or a joint and survivor annuity if certain conditions are met. For payment of benefits due to other reasons, a participant may receive the value of the vested interest in their account.

Forfeited Accounts - Participants who leave the Company with less than five years of service forfeit a percentage of the Company's matching contributions determined by the years of service. Employer contributions forfeited by terminated employees are used to reduce future matching and discretionary employer contributions. There were \$4,372 and \$6,452 of forfeitures for the years ended December 31, 2014 and 2013, respectively.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The financial statements of the Plan have been prepared using the accrual basis of accounting.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

THE ABSOLUT RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - Management has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	<u>2014</u>	<u>2013</u>
Investments at fair value	\$ 13,023,616	\$ 12,284,084
Net investment income	\$ 676,194	\$ 1,774,258

Note 4. Transactions with Parties-in-Interest

Certain Plan investments are managed by the custodian of the Plan, therefore, these transactions qualify as party-in-interest transactions. These transactions qualify as non-prohibited party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$16,254 for the year ended December 31, 2014.

Note 5. Investments

Investments that represent 5% or more of the Plan's net assets available for benefits are separately identified below. Investments consisted of the following:

	<u>2014</u>	<u>2013</u>
Fidelity Freedom 2015 Fund	\$ 837,297	\$ 907,116
Fidelity Freedom 2020 Fund	\$ 2,148,564	\$ 1,972,504
Fidelity Freedom 2025 Fund	\$ 2,259,624	\$ 2,173,483

Fidelity Freedom 2035 Fund	\$ 1,766,330	\$ 1,609,725
Fidelity Freedom 2040 Fund	\$ 686,353	\$ 847,652

During the year ended December 31, 2014, the Plan's investments (including investments bought, sold and held during the year) depreciated in value as follows:

	<u>2014</u>
Realized gain on mutual funds	\$ 1,506

Net depreciation in fair value of investments	<u><u>\$ (179,744)</u></u>

THE ABSOLUT RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Note 6. Fair Value Measurements

ASC 820-10 establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money Markets and Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are summarized below as of:

	<u>December 31, 2014</u>

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the plan termination, participants would become fully vested in their employer contributions.

Note 8. Income Tax Status

The Plan obtained its latest determination letter on June 7, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Department of Labor; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

THE ABSOLUT RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Note 1. Description of the Plan - The following description of The Absolut Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan which provides benefits for substantially all employees of Absolut Facilities (the Company) with the exception of employees covered by a collective bargaining agreement, as well as several other affiliated groups as noted in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Eligible participants are entitled to defer up to 100% of their annual salary into the Plan as a qualified pre-tax contribution subject to maximum annual dollar contribution restrictions of ERISA and the Internal Revenue Service. The Company may match, at the discretion of the Board of Trustees, an amount not to exceed 3% of the participants' compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, and plan earnings; and charged with an allocation of administrative expenses. Allocations of the Company's contributions are based on participants' compensation for the year. Plan earnings and administrative expenses are allocated based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum payment, a life annuity, or a joint and survivor annuity if certain conditions are met. For payment of benefits due to other reasons, a participant may receive the value of the vested interest in their account.

Forfeited Accounts - Participants who leave the Company with less than five years of service forfeit a percentage of the Company's matching contributions determined by the years of service. Employer contributions forfeited by terminated employees are used to reduce future matching and discretionary employer contributions. There were \$4,372 and \$6,452 of forfeitures for the years ended December 31, 2014 and 2013, respectively.

Note 2. Summary of Significant Accounting Policies

Method of Accounting - The financial statements of the Plan have been prepared using the accrual basis of accounting.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

THE ABSOLUT RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events - Management has evaluated subsequent events through the date of the report which is the date the financial statements were available to be issued.

Note 3. Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	<u>2014</u>	<u>2013</u>
Investments at fair value	\$ 13,023,616	\$ 12,284,084
Net investment income	\$ 676,194	\$ 1,774,258

Note 4. Transactions with Parties-in-Interest

Certain Plan investments are managed by the custodian of the Plan, therefore, these transactions qualify as party-in-interest transactions. These transactions qualify as non-prohibited party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$16,254 for the year ended December 31, 2014.

Note 5. Investments

Investments that represent 5% or more of the Plan's net assets available for benefits are separately identified below. Investments consisted of the following:

	<u>2014</u>	<u>2013</u>
Fidelity Freedom 2015 Fund	\$ 837,297	\$ 907,116
Fidelity Freedom 2020 Fund	\$ 2,148,564	\$ 1,972,504
Fidelity Freedom 2025 Fund	\$ 2,259,624	\$ 2,173,483

	<u>2014</u>

THE ABSOLUT RETIREMENT SAVINGS PLAN

Note 6. Fair Value Measurements

ASC 820-10 establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value:

Money Markets and Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value are summarized below as of:

	<u>December 31, 2014</u>
	<u>Level 1</u>
Money Market Funds	\$ <u>220,461</u>
Mutual Funds:	
Bond funds	321,068

Target retirement funds	<u>9,965,163</u>

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the plan termination, participants would become fully vested in their employer contributions.

Note 8. Income Tax Status

The Plan obtained its latest determination letter on June 7, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Department of Labor; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
