A. Description of Plan

The following description of the TeleNetwork Partners, Ltd. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution pension plan, covering all employees who have one year of service, defined as 1,000 hours of service in a 12 month period and are age eighteen or older. The plan is subject to the provisions of ERISA.
2. **Contributions.** Each year, participants may contribute up to \$17,500. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The company contributes 100% of the participants' elective deferrals up to 4% of total compensation. Contributions are subject to certain limitations.
3. **Participant Accounts.** Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) plan earnings, and (c) forfeited amounts of former participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. **Vesting.** Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

<u>Years of Vesting Service</u>	<u>Vesting Percent</u>
< 3 years	0%
>= 3 years	100%

TELENETWORK PARTNERS, LTD.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. Description of Plan (cont'd)

5. **Notes Receivable From Participants.** The plan allows for no loans to participants from their fund accounts.
6. **Payment of Benefits.** On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over at least a ten year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.
7. **Forfeited Accounts.** At December 31, 2014 and 2013, there were no forfeited nonvested accounts. Accounts are pooled and not treated individually. Any forfeited nonvested accounts will be used to reduce future employer contributions.

B. Summary of Significant Accounting Policies

1. **Date of Management's Review.** Subsequent events were evaluated through October 5, 2015, which is the date the financial statements were available to be issued.
2. **Estimates.** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
3. **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value.

TELENETWORK PARTNERS, LTD.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

B. Summary of Significant Accounting Policies (cont'd)

4. **Investment Valuation & Income Recognition.** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

5. **Payment of Benefits.** Benefit payments to participants are recorded when paid.
6. **Operating Expenses.** All expenses of maintaining the plan are paid by the company.

C. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC 820), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	--

TELENETWORK PARTNERS, LTD.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

C. Fair Value Measurements (cont'd.)

Level 2 (cont'd)	If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
------------------	--

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no level 2 or level 3 inputs available to this plan.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used as December 31, 2014 and 2013.

Securities (Mutual Funds)

Valued at the closing price reported on the New York Stock Exchange.

The preceding methods may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2014 and 2013.

NOTES TO FINANCIAL STATEMENTS

C. Fair Value Measurements (cont'd)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of transfer relative to total net assets available for benefit. For the year ended December 31, 2014, there were no significant transfers in or out of Levels 1, 2, or 3.

D. Plan Termination

Although it has expressed no intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

E. Related Party Transactions

During 2014 and 2013, the plan sponsor provided administration and covered some expenses of the plan. Expenses in 2014 and 2013 paid by the sponsor for the plan totaled \$9,500 and \$9,000, respectively.

Certain plan investments are shares of mutual funds managed by MG Trust Company, LLC. MG Trust is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for investment management services amounted to \$36,077 and \$25,029 for the years ended December 31, 2014 and December 31, 2013, respectively.

All of these party-in-interest or related party transactions are exempt from the prohibited transaction rules of ERISA.

F. Information Prepared and Certified by Trustee

** These investments represent 5% or more of the Plan's net assets available for benefit.

During 2014 and 2013, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by \$101,811 and \$416,478, respectively. The dividends earned on the investments was \$84,820 and \$61,914 for the years ended December 31, 2014 and December 31, 2013, respectively.

G. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter that the plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator and the plan's tax counsel believe the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administration believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

To the Executive Committee
Telenetwork Partners, Ltd.
401(k) Plan
San Marcos, Texas

We have conducted a DOL limited scope audit of the financial statements of the Telenetwork Partners Ltd. 401(k) Plan for the years ended December 31, 2014 & 2013 and have issued our report thereon dated October 5, 2015. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes C and F to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, express an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated June 3, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Telenetwork Partners Ltd. 401(k) Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during year ended December 31, 2014. We noted no transactions entered into by the Plan during the year which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events may differ significantly from those expected.

The most sensitive estimate affecting the financial statement was:

Managements estimate of the fair value of the investments in the plan, as certified by trustees. Because of the nature of the trustee/administrator relationship, management must rely on assumptions used by the trustee in determining that their fair value is reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial and communicate them to the appropriate level of management. No misstatements were detected as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter, dated October 5, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Organization's financial statement or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Organization's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Executive Committee and management of Telenetwork Partners Ltd. 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Rick C. Reed & Company, PLLC
