MIDWEST EYE CONSULTANTS RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2014

Note 1. Plan Description

The Midwest Eye Consultants Retirement Savings Plan (the "Plan") is a defined contribution plan sponsored by Midwest Eye Consultants, P.C. (the "Company" or "Employer") for the benefit of its employees who are 21 years of age and have completed at least six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The provisions of the Plan are included in the official Plan document which legally governs the operations of the Plan and is available for more detailed information.

Contributions

Participants may make voluntary pre-tax, or after-tax Roth, contributions from 1% to 90% of compensation up to the dollar limits set by the Internal Revenue Code. Participants may enter the Plan on the first day of the month following the date that eligibility requirements are met. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a discretionary match as a percentage of salary deferrals, determined annually. The Company may also provide a discretionary profit sharing contribution. No Company contributions were made for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account balances into various investment options offered by the Plan. Participants can change their investment allocations as often as they choose.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contributions portion of their accounts plus earnings thereon is based on years of continuous service. Participants become 20% vested in the Company's contribution after two years of service and increase by 20% each year until they become 100% vested after six years of service.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, but no less than \$1,000. A participant may have one loan outstanding at a time. The duration of any loan shall be no more than five years, unless such loan is for the purchase of a participant's primary residence, in which case the repayment period may not exceed thirty years. Repayments are made through payroll deduction. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime rate plus two percent as determined by the Plan Administrator at time of origination. Loans outstanding at December 31, 2014, have a loan rate of 5.25% and mature through August 2019.

MIDWEST EYE CONSULTANTS RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued) **December 31, 2014**

Note 1. Plan Description (Continued)

Forfeitures

If a participant terminates employment before being fully vested, a portion of the Company contributions will be forfeited. Forfeitures can be used to pay Plan expenses or to reduce Company contributions. The Company has never made a Plan contribution; therefore, there is no forfeiture activity at December 31, 2014.

Benefit Payments

Benefit payments are payable as a single lump-sum payment or as partial payments. The full value of a participant's account is payable upon retirement, death or disability. Hardship distributions are also permitted, as defined by the Plan. The Plan Administrator is allowed to make involuntary distributions to participants who terminate with account balances of less than \$5,000.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Termination of the Plan

Although the Employer has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 2. Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value at December 31, 2014 and 2013. The statement of changes in net assets available for benefits is prepared on a contract value basis at December 31, 2014.

MIDWEST EYE CONSULTANTS RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued)

December 31, 2014

Note 2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on mutual funds bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants totaling \$130,857 and \$105,154 for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reductions to contributions for the years ended December 31, 2014 and 2013, respectively. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Management of the Plan has evaluated events and transactions for possible recognition or disclosure through October 12, 2015, the date the financial statements were available to be issued. Effective January 1, 2015, the Plan was restated to be in compliance with the Pension Protection Act and other required legislative changes. The Plan was most recently amended to add automatic enrollment and deferral escalation features, effective January 1, 2015.

Note 3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by State Street Bank & Trust Company, and was not subjected to any auditing procedures performed by the independent public accountants.

- a. Total investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits.
- b. Investment income and interest income from notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits.
- c. Schedule of assets (held at end of year).

MIDWEST EYE CONSULTANTS RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued)

December 31, 2014

Note 5. Fair Value Measurements (Continued)

Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

- Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at quoted market prices, which represent the net asset values (NAV) of shares held by the Plan at year end.

Common collective trusts: Valued at the NAV provided by the administrator of the fund. The NAV is based on underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Plan's CCT investments have a daily redemption frequency, do not require a redemption notice period, and have no unfunded commitments as of December 31, 2014 and 2013, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2014 and 2013.

MIDWEST EYE CONSULTANTS RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued)

December 31, 2014

Note 6. Related Party Transactions

The Company provides certain accounting, recordkeeping, and administrative services to the Plan for which it receives no compensation. Administrative expenses for legal, accounting, and other services are rendered by parties-in-interest and are paid by the Company. The Plan invests in certain funds sponsored by the Custodian. Fees were paid by the Plan to parties-in-interest, which were included as a deduction from investment income.

Note 7. Income Tax Status

The Plan, which is a prototype plan of ADP, Inc., obtained its latest opinion letter on July 8, 2014, stating the Plan is a qualified plan under Section 401 of the Internal Revenue Code. The Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
