NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The AIV, L.P. 401(k) Plan (the Plan) was adopted effective February 1, 1996 (restated January 1, 2014) to establish a savings and investment plan for the exclusive benefit of the employees of AIV, L.P. and Gulf Coast Modification, L.P. (the Company and Plan Administrator) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States (GAAP). Under this method, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Modification to the cash basis method has been made with respect to the valuation of investments at fair value.

Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits - modified cash basis and the statement of changes in net assets available for plan benefits - modified cash basis.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits - modified cash basis and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits - modified cash basis.

Notes Receivable from Participants - Loans to participants are reported as a receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Federal Income Tax - The Company adopted a Volume Submitter Profit Sharing Plan (the Volume Submitter Plan) with deferral arrangements. The Volume Submitter Plan received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Volume Submitter Plan and related trust constitutes a qualified trust under Section 401(b) of the Internal Revenue Code and is therefore, exempt from federal income taxes. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2014.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2014, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2011 forward (with limited exceptions). Tax penalties and interest, if any, would be recorded when paid and would be classified as tax expense in the statement of changes in net assets available for plan benefits - modified cash basis.

New Accounting Standard - Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force)*, amends guidance related to the presentation and disclosure of fully benefit-responsive investments. Among other amendments, this ASU eliminates the requirements to disclose certain disaggregated investment information and significant specific investments. ASU 2015-12 is effective for periods beginning after December 15, 2015 and earlier adoption is permitted. The ASU is to be applied retrospectively to all periods presented. Plan management has early adopted the implementation of this ASU which did not significantly impact the accompanying financial statements.

Subsequent Events - The Plan has evaluated subsequent events through October 12, 2015, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2014.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee (excluding union and leased employees) is eligible to become a participant in the Plan on January 1, April 1, July 1 or October 1 following the completion of three months of service and attaining age 21.

Contributions - Participants may elect to make contributions (including ROTH 401(K) contributions) to the Plan in an annual amount ranging from 1% to 75% of their eligible compensation. Eligible compensation in 2014 is limited to $260,000. Contributions are made through authorized payroll reductions. These contributions by individual employees were limited to $17,500 (participants under 50 years of age) and $23,000 (participants 50 years of age or older) in 2014. This limitation is adjusted periodically to reflect cost-of-living increases.

NOTE B PLAN DESCRIPTION (CONTINUED)

The Plan is intended to qualify as a Safe Harbor 401(k) Plan by the Company contributing a safe harbor matching contribution equal to the employee's elected deferral that does not exceed 6% of each eligible employee's compensation. The Company may also make additional contributions, in an amount determined solely at the discretion of the Directors. Such additional discretionary contributions, if any, are allocated pro rata to all eligible participants employed at year end based upon the proportion of the participant's compensation to the total compensation of all eligible participants. There were no discretionary contributions during the year ended December 31, 2014.

Each participant account is credited with the participant's contribution, the Company's contributions, and a pro rata share of the earnings of each fund in which the participant has invested.

Vesting - Participants are immediately vested in their salary reduction, rollover contributions, and the Company's safe harbor contributions plus actual earnings thereon. Any Company discretionary contributions and related earnings vest as follows:

Full Years of Vesting Service	Vested Interest
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Form of Benefits - Benefits are recorded when paid. Benefits are paid either in a lump sum or installment payments. For participants having attained age 70-1/2, minimum distribution requirements apply. Participant accounts less than $5,000 will be distributed as soon as administratively feasible, with accounts over $1,000 being transferred to an IRA account unless otherwise directed by the participant.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Interest rate on loans outstanding at December 31, 2014 is 4.25%.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

NOTE B PLAN DESCRIPTION (CONTINUED)

Forfeitures - Forfeitures of account balances not fully vested are used to reduce future employer contributions. During 2014, there were no forfeited amounts used.

Administration - The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Two officers of the Company are trustees for the Plan. Any Plan expenses not paid by the Company will be paid by the Plan.

Plan Termination - Although the Company has not made a determination to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

	2014	2013
Pooled Separate Accounts	$ 9,942,266	$ 8,303,942

Income, as certified by John Hancock for the year ended December 31, 2014, is as follows:

Net investment gain from pooled separate accounts	$ 483,292
Interest income from participant loans	$ 17,367

John Hancock also certified the participant loan receivable balances at December 31, 2014 and 2013 and the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments. All investments of the Plan are valued using level 2 inputs.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, including instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation technique used for investments measured at fair value. There have been no changes in the technique used during 2014 and 2013.

Pooled separate accounts are valued by the funds' trustees based on the net asset value of the underlying investments.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds offered by John Hancock. These investments are considered party-in-interest transactions because John Hancock serves as asset custodian of the Plan. The Plan Administrator has approved of these investment options.

NOTE F RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500

The financial statements classify certain investments as pooled separate accounts, whereas, the Form 5500 classifies these same investments as registered investment companies.
