The David J. Joseph Company Hourly Employees'
Defined Benefit Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements - in liquidation of The David J. Joseph Company Hourly Employees' Defined Benefit Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits - in liquidation as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits - in liquidation for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by U.S. Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Other Matter

The supplemental schedules as of or for the year ended December 31, 2014, as listed in the table of contents, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. As described in Note 1 of the financial statements, on January 31, 2015, the Board of Directors of The David J. Joseph Company authorized the standard termination of the Plan effective June 30, 2015. As a result, the Plan changed its basis of accounting from the going concern basis to a liquidation basis. Furthermore, the assumptions used to determine the accumulated plan benefits do not reflect the Plan termination.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets for determining minimum required contributions	The actuarial value of assets is equal to the market value of assets as of the valuation date plus the discounted present value of contributions made after the valuation date for the 2013 plan year, discounted using the effective interest rate for the 2013 plan year.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with The David J. Joseph Company and, based on that review, is not aware of any significant benefits required to be valued that were not.
Change in assumptions and methods since prior valuation	The segment interest rates used to calculate the funding target and target normal cost were updated from an applicable month of January 2013 to January 2014 and subsequently revised by applying the corridors of HATFA to determine minimum funding requirements and benefit restrictions. The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.

Other Matter

The supplemental schedules as of or for the year ended December 31, 2014, as listed in the table of contents, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – Termination of Plan

As described in Note 1 of the financial statements, on January 31, 2015, the Board of Directors of The David J. Joseph Company authorized the standard termination of the Plan effective June 30, 2015. As a result, the Plan changed its basis of accounting from the going concern basis to a liquidation basis. Furthermore, the assumptions used to determine the accumulated plan benefits do not reflect the Plan termination.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements - in liquidation and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following description of The David J. Joseph Company (the "Company") Hourly Employees' Defined Benefit Pension Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan, which was created effective March 31, 1999, is a non-contributory defined benefit plan that covers substantially all hourly non-union employees who were participants in the terminated Hourly Employees' Pension Plan (the "Terminated Plan") on March 31, 1999. Employees retained all benefits they had earned through March 31, 1999 under the Terminated Plan, including unvested amounts. The Plan was frozen as of March 31, 1999, and the Board of Directors elected to terminate the Plan in 2015. No employee shall become a participant in the Plan after March 31, 1999.

Contributions

The Company contributes amounts as actuarially determined in order to provide assets sufficient to meet the benefits to be paid to Plan participants. The Plan has met the Employee Retirement Income Security Act of 1974 ("ERISA") minimum funding requirements.

Pension benefits

Participants are entitled to monthly pension benefits beginning at normal retirement age (65). The amount of the benefit is based upon the participant's earnings, age at retirement, and years of credited service through March 31, 1999. The form of payment is elected by the retiring participant from the options provided by the Plan.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements for the Plan have been prepared under the liquidation basis of accounting as required by a terminating plan (see Note 1).

Cash equivalents

Cash equivalents consist of deposits in highly liquid treasury obligation money market funds.

Valuation of investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' compensation and credited service. The accumulated plan benefits for the active employees are also based on their average compensation during specified years preceding the valuation date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date, January 1, 2014.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Payment of benefits

Benefits are recorded as paid.

Administrative expenses

All expenses of the Plan are paid by the Company, except certain administrative fees. In addition, certain investment related expenses are included in net appreciation in of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent events

The plan has evaluated subsequent events through September 28, 2015, the date the financial statements were available to be issued.

3. ACCUMULATED PLAN BENEFITS:

The Plan's actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts of interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The more significant assumptions underlying the actuarial computations are as follows:

Assumed rate of return on investments	5.0% in 2014 and 2013, compounded annually
Discount rate	4.75% in 2014 and 4.00% in 2013
Mortality basis	According to the RP2000 Mortality projected to 2021 for annuitants and 2029 for non-annuitants
Retirement	Effective average age of 63

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The David J. Joseph Company
Hourly Employees' Defined Benefit Pension Plan
Notes to the Financial Statements – In Liquidation
December 31, 2014 and 2013

The contributions of the Company are designed to fund the Plan's current service costs on a current basis. The yield (interest, dividends and net realized and unrealized gains and losses) on investments serves to reduce contributions that would otherwise be required to provide for the defined level of benefits under the Plan. No contributions were made for 2014 and 2013.

The accumulated plan benefit information as of the beginning of each plan year is as follows:

The Plan's investments (including gains and losses on sales of investments bought and sold, as well as held during the year) appreciated in fair value during the years ended December 31, 2014 and 2013 as follows:

	<u>2014</u>	<u>2013</u>
Mutual funds	\$ 17,416	\$ 379,510

5. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels are described as follows:

- Level 1: Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs derived from or corroborated by observable market data by correlation or other means.
- Level 3: Inputs are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Cash equivalents and mutual funds are valued at the quoted net asset value of shares held by the Plan at year end.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments at fair value by level at December 31, 2014 are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Cash and cash equivalents	\$ 125,658	\$ -	\$ -	\$ 125,658
Mutual funds:				
Equity	2,621,454	-	-	2,621,454
Fixed income	1,302,329	-	-	1,302,329
Total investments at fair value	<u>\$ 4,049,441</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,049,441</u>

The Plan's investments at fair value by level at December 31, 2013 are as follows:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	\$ 206,345	\$ -	\$ -	\$ 206,345
Mutual funds:				
Equity	2,749,868	-	-	2,749,868
Fixed income	1,221,470	-	-	1,221,470
Total investments at fair value	<u>\$ 4,177,683</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,177,683</u>

6. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified to the completeness and accuracy of all investments as of December 31, 2014 and 2013, and related investment activity for the years then ended.

7. RELATED PARTY TRANSACTIONS:

Certain Plan investments are mutual funds and money market funds of U.S. Bank, N.A. U.S. Bank, N.A. is the trustee of the Plan; therefore, these transactions and related earnings qualify as party-in-interest transactions.

8. INCOME TAX STATUS:

The Plan obtained its latest determination letter on October 3, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. SUBSEQUENT EVENT:

The Plan was terminated on June 30, 2015. Participants were given the option to receive a lump sum payment or an annuity payment. Plan management expects the assets to be liquidated before December 31, 2015.
